

Scientific Schedule & Program

Tuesday, 24. May 2016

Trainee Session
13:00 - 14:30

Rondelet

Trainee Session 1: Collaboration Between Emerging Countries and Established Teams

How to Organize Trainings in Foreign Countries? Contacts, Grants and Management

13:00

Use of New Technologies for Learning, Collaboration and Exchanges: E-learning, Telemedicine

13:45

Antoine Geissbuhler (Switzerland)

Lunch or Coffee Breaks
14:30 - 15:00

Rondelet

Coffee Break

Coffee Break will take place in Antigone 2

Trainee Session
15:00 - 16:30

Rondelet

Trainee session 2: How to Build a Research Project

Methodological aspect: From observational assay to randomized studies

15:00

How to become a Principle Investigator

15:45

Philip de Groot (Netherlands)

Trainee Session
17:00 - 18:30

Rondelet

Trainee Networking Event

Scientific Schedule & Program

Wednesday, 25. May 2016

Registration
07:30 - 18:00

Level 3

Registration

Master Class Session
07:30 - 08:15

Joffre 4

Master Class

Master Class Session
07:30 - 08:15

Joffre 5

Master Class

Master Class Session
07:30 - 08:15

Sully 1

Master Class

Master Class Session
07:30 - 08:15

Sully 2

Master Class

Education Session
08:30 - 10:00

Pasteur

Education Session 1 - New Treatments in Haemostasis: New Approaches

Antiplatelet Therapy

Marco Cattaneo (Italy)

08:30

Targeting Factor XI or Factor XII

Nigel Key (United States)

09:00

New Insight on Fibrinolysis

09:30

Scientific Schedule & Program

Education Session
08:30 - 10:00

Einstein

Education Session 2 - Endothelial Cells and its Disorders

Cardiovascular Aging: The Role of Non-coding RNA	08:30
Reinier Boon (Germany)	
Vascular Biology, Brain Vessels and Diseases	09:00
Hematopoiesis and Angiogenesis	09:30

Exhibition
09:45 - 17:00

Level 0

Exhibition

Education Session
10:30 - 12:00

Pasteur

Education Session 1 - New Treatments in Haemostasis: Controversies about New Oral Anticoagulant Treatments

NOAC versus Warfarin	10:30
How to Reverse NOAC Effects?	11:15
Andreas Greinacher (Germany)	

Education Session
10:30 - 12:00

Einstein

Education Session 2 - Endothelial Cells and its Disorders

The Role of Platelets in the Development of the Lymphatics and Cerebrovasculature, and in Vascular Integrity	10:30
Stephen Watson (United Kingdom)	
Endothelial Cells, Platelets and Neutrophils: Key Players in Thrombus Formation	11:00
Christophe Dubois (United Kingdom)	
Differentiation of Pluripotent Stem Cells in Endothelial Cells: Translation to Renal Diseases	11:30
Mervin Yoder (United States)	

Corporate Symposium
12:45 - 14:00

Pasteur

Corporate Symposium

Scientific Schedule & Program

Corporate Symposium
12:45 - 14:00

Einstein

Corporate Symposium

Corporate Symposium
12:45 - 14:00

Antigone 1

Corporate Symposium

SSC Session
14:15 - 16:15

Pasteur

16:45 - 18:45

Antigone 3

SSC Session

SSC Session
16:45 - 18:45

Rondelet

SSC Session

SSC Session
16:45 - 18:45

Barthez

SSC Session

Poster Session
19:00 - 21:00

Jofree 1-3

Poster Session and Reception

Scientific Schedule & Program

Thursday, 26. May 2016

Registration
07:30 - 18:00

Level 3

Registration

Master Class Session
07:30 - 08:15

Joffre 4

Master Class

Master Class Session
07:30 - 08:15

Joffre 5

Master Class

Master Class Session
07:30 - 08:15

Sully 1

Master Class

Master Class Session
07:30 - 08:15

Sully 2

Master Class

Plenary Session
08:30 - 10:00

Berlioz

Plenary Session

The Future of Gene Therapy

08:30

Alain Fischer (France)

Questions Concerning the Scientific Journals

09:15

Exhibition
09:45 - 17:00

Level 0

Exhibition

Scientific Schedule & Program

Plenary Session
10:30 - 12:00

Berlioz

Plenary Session

Regulation of Fibrin Clot Structure and Implications for Thrombosis

10:30

Robert Ariëns (United Kingdom)

New Treatments in Hemophilia

11:00

Von Willebrand Factor: A Marker of Blood Flow in Cardiovascular Diseases

11:30

Sophie Susen (France)

Corporate Symposium
12:45 - 14:00

Pasteur

Corporate Symposium

Corporate Symposium
12:45 - 14:00

Master Class Session
07:30 - 08:15

Sully 2

Master Class

Education Session
08:30 - 10:00

Pasteur

Education Session 3 - New Approaches in Therapy

Subclinical Vascular Disease: Evolving Heart and Brain Integration

08:30

Cell Based Treatments in Hemophilia

09:15

Education Session
08:30 - 10:00

Einstein

Education Session 4 - Diagnosis and Treatment in Developing Countries: Biology in Developing Countries

Scientific Schedule & Program

Quality Control in Developing Countries Steven Kitchen (United Kingdom)	08:30
Laboratory Issues in Developing Countries Soukeh Naïr (India)	09:00
Diagnosis of von Willebrand Disease Emmanuel Favaloro (Australia)	09:30

Exhibition
09:45 - 17:00

Level 0

Exhibition

Education Session
10:30 - 12:00

Pasteur

Education Session 3 - New Approaches in Therapy

Factor X Variants in Hemorrhagic Diseases Cecile Denis (France)	10:30
Endovascular Therapy for Ischemic Stroke Bruce Campbell (Australia)	11:00
Endothelial Progenitors	11:30

Education Session
10:30 - 12:00

Einstein

Education Session 4 - Diagnosis and Treatment in Developing Countries: Treatment of Hemorrhagic Disease in Developing Countries

The Minimal Dose of Antihemophilic Factors	10:30
Virus Inactivation of Cryoprecipitate Magdy El Ekiaby (Egypt)	11:00
Tranexamic Acid and Non-substitutive Therapy	11:30

Corporate Symposium
12:45 - 14:00

Pasteur

Corporate Symposium
