

You will need to bring the following instruments to the anatomy lab:

- Scalpel handle
- Forceps
- Scissors (tissue and suture)
- Probe
- Needle holder
- Magnification loops (optional)
- It is recommended that participants bring surgical scrubs
- Any other items you feel you may need

UCSD CME will supply gloves, suture, blades, protective goggles, aprons and masks.

Lab Etiquette:

- Closed toe shoes must be worn in the labs at ALL times.
- Do not remove ID tags from specimens.
- Refrain from taking pictures of any kind.

Surgical exercises and procedures will be performed on fresh cadaver specimens. Every attempt has been made to carefully screen specimens, but please use caution when handling them.

It is your responsibility to follow up on any exposure to blood-borne illness, whether by needle sticks or splashes to mucous membranes, incurred by you during the laboratory. Neither Scripps Clinic, nor the University of California, San Diego, will be held responsible or liable for any exposure or any follow-up of exposure to blood-borne illnesses.

Superficial Anatomy & Cutaneous Surgery Release Form

Surgical exercises and procedures will be performed on fresh cadaver specimens. Every attempt has been made to carefully screen specimens, but please use caution when handling them.

It is your responsibility to follow up on any exposure to blood-borne illness, whether by needle sticks or splashes to mucous membranes, incurred by you during the laboratory. Neither Scripps Clinic, nor the University of California, San Diego, will be held responsible or liable for any exposure or any follow-up of exposure to blood-borne illnesses.

I hereby release Scripps Clinic, University of California, San Diego, their employees, and all equipment or medical companies whose property and/or personnel are used, or individuals, from

responsibility for any injuries or damages I may suffer as a result of my participation in the *Superficial Anatomy and Cutaneous Surgery* Laboratory. I hereby certify that I will wear protective garments, and will use all possible caution in handling the cadaver specimens and will be responsible for follow-up of any exposure to blood-borne illnesses.

I furthermore agree to wear closed toe shoes in the labs at all times, to refrain from removing specimen ID tags and that under no circumstance will I take photographs of ANY kind in the lab.

I have read all information provided for the laboratory and certify my compliance.
