

Global Conference on Nursing & Healthcare

JUNE 24-26, 2019 | ROME, ITALY

NURSING CONFERENCE 2019

<http://www.globalepisteme.org/Conference/nursing>

About Conference

Global Episteme takes pleasure to organize conference on Nursing at Rome in 2019. Nursing Conference brings together Nurses, Research scholars, Professors, students, RN and Health professionals. This is one kind of scientific platform with explicit keynote lectures, plenary sessions, Poster competition, Young Researchers' Forum (YRF), Workshops, Symposiums and Exhibitions from elite researchers, distinguished scientists and business delegates.

Nursing Conference 2019 showcases the best medical practices in the world, and provides a one-of-a-kind forum to explore the complete spectrum of Nursing & Healthcare from basic science to translation and application. We aim to narrow in on your scientific niche, and connect with the experts in your field.

Nursing Conference 2019 welcomes everyone to join us for three – day conference to "The Eternal City", Rome in the month of June.

We look forward to welcoming you to Rome in June!

NURSING CONFERENCE 2019

The Eternal City - Italy

Rome, Italy's capital is a sprawling, cosmopolitan city with nearly 3,000 years of globally influential art, architecture and culture on display. Ancient ruins such as The Forum and the Coliseum evoke the power of the former Roman Empire. Vatican City, headquarters of the Roman Catholic Church, has St. Peter's Basilica and the Vatican Museums, which house masterpieces such as Michelangelo's Sistine Chapel frescoes. Rome has been a major Christian pilgrimage site since the middle Ages. Rome's architecture over the centuries has greatly developed, especially from the Classical and Imperial Roman styles to modern Fascist architecture.

The city's early population originated from a mix of Latin's, Etruscans and Sabine's. Eventually, the city successively became the capital of the Roman Kingdom, the Roman Republic and the Roman Empire, and is regarded as one of the birthplaces of Western civilization and by some as the first ever metropolis. It is referred to as "Roma Aeterna" and "Caput Mundi" two central notions in ancient Roman culture. In 1871 Rome became the capital of the Kingdom of Italy, and in 1946 that of the Italian Republic.

Rome has the status of a global city. Rome was the 11th-most-visited city in the world, 3rd most visited in the European Union, and the most popular tourist attraction in Italy. Its historic Centre is listed by UNESCO as a World Heritage Site. Monuments and museums such as the Vatican Museums and the Coliseum are among the world's most visited tourist destinations with both locations receiving millions of tourists a year. Rome hosted the 1960 Summer Olympics and is the seat of United Nations' Food and Agriculture Organization. Rome has been a centre for music with a thriving musicscene as it houses some prestigious music conservatories. It is one of the most popular cities for tourism for its archaeological and artistic treasures, views and unique traditions. Roman artichokes are world famous dish. Cacio e Pepe and Da Danilo are the famous pasta dishes found in Rome. Culinary traditions stemming from cucina povera, or "peasant cuisine," can be found across Italy. The city is known as a centre of white wine, especially with the
