Welcome Message

On behalf of the University Hospital Sharjah, I have the honor and pleasure to announce the 5th Emirates Surgeons International Conference (ESIC), to be held on 6th - 7th November 2026 at Millennium Airport Hotel Dubai, UAE

With the support of the University Hospital Sharjah the conference aims at presenting to participants all latest developments in the field of General surgery and minimal invasive Surgery covering breakthrough operative techniques which apply to the breast, thyroid, colon and metabolic syndrome and hernia surgery, signaling a new era in endocrine and metabolic surgery.

The programme will comprise an exciting combination of lectures and practical workshops, presenting the latest in innovative techniques in minimal invasive surgery.

We invite you to send us your clinical studies for presentation and honor us with your active participation in the conference.

Sincerely,

A stylized, handwritten signature in blue ink, appearing to read 'T. Mahdi'.

Prof. Tarek Mahdi

President of the Conference

HOD of General and Bariatric Surgery - UHS.

Professor of Endocrine and Metabolic Surgery

in Mansoura Faculty of Medicine, Mansoura University.

Dubai is the most populous city and emirate in the United Arab Emirates (UAE), and the second largest emirate by territorial size after the capital, Abu Dhabi. Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. Abu Dhabi and Dubai are the only two emirates to have veto power over critical matters of national importance in the country's legislature. The city of Dubai is located on the emirate's northern coastline and heads up the Dubai-Sharjah-Ajman metropolitan area.

Dubai hosted World Expo 2021. Dubai has emerged as a global city and business hub of the Persian Gulf region. It is also a major transport hub for passengers and cargo. By the 1960s Dubai economy was based on revenues from trade and, to a smaller extent, oil exploration concessions, but oil was not discovered until 1966. Oil revenue first started to flow in 1969. Dubai's oil revenue helped accelerate the early development of the city, but its reserves are limited and production levels are low today, less than 5% of the emirate's revenue comes from oil.

The emirate's Western-style model of business drives economy with the main revenues now coming from to aviation, real estate, and financial service. Dubai has recently attracted world attention through innovative large construction projects and sports events. city has become symbolic for its skyscrapers and highbuilding, in particular the world's talles building, Burj Khalifa.

Conference President

Prof. Tarek Mahdi

President of the Conference

HOD of General and Bariatric Surgery - UHS.
Professor of Endocrine and Metabolic Surgery
in Mansoura Faculty of Medicine, Mansoura University.

Conference Vice Presidents

Dr. Nafad Elhadidi

Vice President of the Conference

MBBch, MSc,
Consultant General Laparoscopic and
Vascular Surgeon Zulekha, Hospital Sharjah

Prof. Waleed Gado

Vice President of the Conference

Consultant General, laparoscopic and Bariatric Surgeon
Umm al quwain Hospital, UAE.
HOD of Surgery Department Umm Al-Quwain Hospital
Associate Professor of Surgery, Mansoura University,
Faculty of Medicine, Mansoura, Egypt

Conference Board

Prof. Mohamed El Shobari

Dean of Sharjah faculty of medicine,
Professor of Surgery, UHS

Dr. Abdulwahid Alwahedi

Head of Emirates Bariatric and Metabolic
Surgery Society.
Senior Consultant of General and Metabolic
Surgery, Alqassimi Hospital

Dr. Salem Al Harthi

Consultant General Surgery
Sheikh Shakhboub Medical City
Abu Dhabi, UAE.

Dr. Yousif Habib Alabboudi

Medical Bachelor and Bachelor of
Surgery Member of Royal College
of Physicians and Surgeons-Glasgow
Arab Board Of health specializa-
tions-General Surgery Fellowship in
trauma and acute care surgery from
McGill University, Canada

Dr. Sara Al Bastaki

President of Emirates Society of
Colon and Rectal Surgery
Consultant General and
Colorectal Surgeon
Mediclinic City Hospital and
Airport Road, Abu Dhabi, UAE

Dr. Maryam Alfard

Consultant General Surgeon
University Hospital Sharjah
Saudi Board in General Surgery
Surgical Oncology Fellowship
MBBS Dubai Medical College

Prof. Khaled Madbouly

MD, FACS, FASCRS, FRCS,
Consultant Colorectal Surgeon
Burjeel Hospital, UAE.

Prof. Joaquin Picazo

Head of General Surgery at Sheikh Khalifa
Medical City in Abudhabi
Chairman, Department of General Surgery
and Surgical Oncology.
Senior Consultant,
Robotic General and Oncologic Surgery,
Burjeel Cancer Institute,
Burjeel Medical City, Abudhabi (UAE)

Prof. Tarek Salah

Consultant General Surgery
University Hospital Sharjah

Scientific Committee

Dr. Abdalla Alblooshi

Hospital Director, Emirates Health Services, UAE
Director of Khorfakkan Hospital
Consultant General surgeon
Arab board in General surgery from Alain UAE

Dr. Basim Al-Khafaji

FRCS, FACS, FICS, FWAMS,
DLS, HDS, M.B.ch.B
Consultant Laparoscopic and Robotic
General and Bariatric Surgeon HOD,
Canadian Specialist Hospital Dubai, UAE.

Prof. Guido Mannaerts

MD, PhDPhD
Independent Consultant bariatric &
oncology surgeon, Mediclinic Al Ain
Independent Consultant bariatric surgeon,
Gulf Specialised Hospital, Muscat, Oman
Adjunct Full Professor at UAEU

Dr. Haider Makki

Consultant Bariatric and
General Surgery Laparoscopic
General and Bariatric Surgeon
Al Qassimi Hospital Sharjah, UAE.

Dr. Jagpreet Singh Deed

FRCS, FACS, MS, DNB
Consultant General Surgery,
Zulekha Hospital, Sharjah

Transplantation; Surgical Aspects**

Why Delegates Chose ESIC 2026

Advancing Surgical Excellence
Through Innovation Education
& Collaboration

Conference Topics

Emergency
Surgery

Bariatric
Surgery

Endocrine
Surgery
(Thyroid, Parathyroid,
Breast Oncology)

GIT &
Robotic
Surgery

95%

Delegates attended to explore the latest advances in Emergency & Trauma Surgery.

94%

Interested in minimally invasive and Bariatric Surgery innovations.

92%

Participated in multidisciplinary Endocrine and Breast Oncology discussions.

93%

Gained insights on advanced strategies in Gastrointestinal Surgery.

93%

Explored Robotic and AI-assisted Surgical Techniques.

Hands-On Surgical Workshops
