BOARD PREPARATION COURSE

AUGUST 20-22, 2015
HOLIDAY INN CHICAGO MART PLAZA
Chicago, IL

PROGRAM CHAIR:
JASON K. POTTER, MD, DDS

PROGRAM CO-CHAIR:
RICHARD Y. HA, MD

Sponsored by:

AMERICAN SOCIETY OF
PLASTIC SURGEONS®

Earn up to **28.75 AMA PRA Category 1 Credits™**  Patient Safety

The 2015 ASPS Oral and Written Board Preparation Course is interactive and comprehensive, using more than 100 plastic surgery cases to provide a thorough overview of plastic surgery principles and management problems. Featuring a new, more efficient format and focused learning modules, attendees will benefit from this high-yield educational program. Continuous case scenarios will be presented with an emphasis on the critical criteria applicable for examination. The course will include topic modules in the areas of breast/aesthetic, hand/complex wounds/burns/scars, craniofacial/head and neck, and CPT coding.

Spend three days reviewing board-relevant cases with the American Society of Plastic Surgeons (ASPS) and you'll leave feeling more confident and better prepared to take The American Board of Plastic Surgery (ABPS) Oral & Written Board Examinations. It's also a great tool for practicing surgeons preparing for recertification or fulfilling maintenance of certification hours.

"Excellent presentations! Well prepared, presented, concise and organized."

"When faculty gave immediate feedback, it was very helpful for the audience."

"It was an excellent course, and it certainly helped me in my preparation for the Oral Boards."

—2014 Oral and Written Board
Preparation Course attendees

Sientra

What's New and Why You Need to Be Here!

Program Highlights:

- Intensive, condensed format with continuous mock oral cases!
- Dual concurrent tracks for customized learning so you can focus on either the oral or the written exam
- Practice exam sessions with immediate faculty feedback
- Convenient online syllabus
- Individualized discussions and guidance on oral board case book preparation
- Focused didactic lectures on clinical plastic surgery
- Patient safety and the management of complications instruction
- Effective study strategies and networking opportunities

We want you to pass your Boards -- this Course is your exam solution!

PROGRAM OVERVIEW

Intended Audience: This course is appropriate for surgeons seeking a review of clinical science and patient safety issues. It is useful for those preparing to take the Oral and Written ABPS examinations and serves as an educational resource for MOC efforts.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Anticipate patient safety issues and address patient concerns using language easy for the patient to understand
- Assess and describe their current knowledge of plastic surgery and identify areas where further study would be beneficial
- Compare approaches to complex plastic surgery problems with colleagues
- Respond to clinical questions in a concise, orderly manner
- Describe the format of the Oral and Written Board examinations
- Assess the psychological aspects of taking an oral and written examination

This activity will address the following ACGME/ABMS competencies:

- Professionalism
- Patient care and procedural skills
- Medical knowledge
- Interpersonal and communication skills

Accreditation

The American Society of Plastic Surgeons® (ASPS) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation

The ASPS designates this live activity for a maximum of **28.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

3 Three of the 28.75 credits have been identified as programming applicable to patient safety.

Disclaimer: Completion of this course does not imply or guarantee a successful outcome on the examination or certification efforts.

FACULTY

Disclosure Policy

The American Society of Plastic Surgeons requires all faculty, authors, planners, reviewers, managers and other individuals in a position to control or influence the content of an activity to disclose all relevant financial relationships or affiliations. All identified conflicts of interest must be resolved and the educational content thoroughly vetted by ASPS for fair balance, scientific objectivity and appropriateness of patient care recommendations. The ASPS also requires faculty/authors to disclose when off-label/unapproved uses of a product are discussed in a CME activity or included in related materials.
