

CONTEMPORARY MANAGEMENT OF

COMPLEX SKIN CANCERS

2019

NOVEMBER 1-2 • NEW YORK, NY

Memorial Sloan Kettering Cancer Center
Zuckerman Research Center
417 East 68th Street

Memorial Sloan Kettering
Cancer Center

OVERVIEW

The purpose of this course is to provide the attendee with a multidisciplinary management approach for patients with skin cancer, including basal cell carcinoma, squamous cell carcinoma, merkel cell carcinoma, melanoma and other complex skin cancers. The topics will focus on advances in epidemiology, pathology and imaging, medical and surgical management and radiation therapy. Complex skin cancer cases will be presented and discussed in a tumor board style with a multidisciplinary panel of experts.

The target audience includes physicians and allied health professionals, who care for patients with skin cancer, including dermatologists, surgical and medical oncologists, otolaryngologists, ophthalmologists, general surgeons, plastic surgeons, pathologists and radiation oncologists.

Learning Objectives

- Describe melanoma and non melanoma skin cancer incidence and behavior
- Define factors contributing to behavior and outcome of skin cancers
- Define characteristics of skin cancers that require aggressive treatment
- Understand benefits, limitations, and integration of different modalities used in the treatment of skin
- Review novel approaches to optimize surgical treatment of skin cancers
- Assess role and variety of radiotherapeutic approaches to complex skin cancers
- Review role of biological therapy in the treatment of advanced skin cancers
- Examine the optimal approaches toward reconstruction of defects resulting from resection of skin

Reflectance Confocal Microscopy Workshop (Optional)*

Friday, November 1 • 4:45-5:45 PM

Workshop Space is Limited (pre-registration required)

Reflectance confocal microscopy (RCM) is a non-invasive device that images skin lesions at high resolution in vivo similar to traditional pathology. RCM has shown high sensitivity and specificity for detection of skin cancers (melanocytic and non-melanocytic). RCM has recently been granted Category I Current Procedural Terminology (CPT) reimbursement codes by the Centers for Medicare and Medicaid Services. RCM is now advancing as an add-on diagnostic tool to dermoscopy in clinics in the US, for early detection of skin cancers, while sparing un-necessary benign diagnosis. To expand RCM role in the clinical practice, there is a need for training a new generation of physicians - the future Confocalists.

*CME credit will not be offered for the Reflectance Confocal Microscopy Workshop.

MSK Course Directors

Kishwer S. Nehal, MD

Director, Mohs Micrographic and Dermatologic Surgery
Attending Physician, Dermatology Service
Department of Medicine

Bhuvanesh Singh, MD, PhD

Director, Laboratory of Epithelial Cancer Biology
Attending Surgeon, Head & Neck Service
Department of Surgery

Invited Course Faculty

Chrysalyne D. Schmults, MD, MSCE

Associate Professor of Dermatology
Harvard Medical School
Director, Mohs and Dermatologic Surgery Center
Brigham and Women's Faulkner Hospital/Dana-Farber Cancer Institute
Boston, MA

MSK Course Faculty

Charlotte E. Ariyan, MD, PhD

Associate Attending Surgeon
Gastric and Mixed Tumor Service
Division of General Surgical Oncology
Department of Surgery

Christopher A. Barker, MD

Director of Clinical Investigation
Assistant Attending Radiation Oncologist
Department of Radiation Oncology

Edmund K. Bartlett, MD

Assistant Attending Surgeon
Department of Surgery

Danielle Bello, MD

Assistant Attending Surgeon
Department of Surgery

Klaus J. Busam, MD

Attending Pathologist
Surgical Pathology Service
Department of Pathology

Daniel G. Coit, MD, FACS

Attending Surgeon
Gastric and Mixed Tumor Service
Division of General Surgical Oncology

Jennifer R. Cracchiolo, MD

Assistant Attending Surgeon
Head and Neck Service

Lara A. Dunn, MD

Assistant Attending
Head and Neck Oncology Service
Department of Medicine

Jasmine H. Francis, MD

Assistant Attending
Ophthalmic Oncology Service
Department of Surgery

Manu Jain, MD

Optical Imaging Specialist
Dermatology Service
Department of Medicine

Laura Leddy, MD

Assistant Attending Surgeon
Urology Service

Erica H. Lee, MD

Assistant Attending
Dermatology Service
Department of Medicine

Cecilia Lezcano, MD

Assistant Attending Pathologist
Department of Pathology

Michael A. Marchetti, MD

Assistant Attending
Dermatology Service
Department of Medicine

Evan Matros, MD, MMSc

Associate Attending Surgeon
Plastic and Reconstructive Service
Department of Surgery

Melissa P. Pulitzer, MD

Associate Attending Pathologist
Surgical Pathology Service
Department of Pathology

Milind Rajadhyaksha, PhD

Optical Engineer
Dermatology Service
Department of Medicine

Anthony Rossi, MD

Assistant Attending
Dermatology service
Department of Medicine

Veronica Rotemberg, MD, PhD

Assistant Attending
Dermatology Service
Department of Medicine

Alison Betof Warner, MD, PhD

Assistant Attending
Department of Surgery

FRIDAY, NOVEMBER 1

Breakfast and Registration	7:30 AM
Introduction and Welcome Kishwer S. Nehal, MD and Bhuvanesh Singh, MD, PhD	8:00 AM
BASAL CELL CARCINOMA MODERATOR: Kishwer S. Nehal, MD	
2019 Hot Topics • Anthony Rossi, MD	8:10 AM
Debate - Locally Advanced BCC	8:25 AM
• Surgery • Chrysalyne Schmults, MD, MSCE	8:30 AM
• Radiation • Christopher Barker, MD	8:50 AM
• Hedgehog Pathway Inhibitor • Lara Dunn, MD	9:05 AM
Q&A	9:20 AM
Tumor Board: BCC Multidisciplinary Challenging Cases (Audience Response Session; Q&A) All Faculty	9:30 AM
Break	10:30
PREVENTION AND QUALITY OF LIFE MODERATOR: Erica Lee, MD	
Debate - Role of Prevention Strategies	10:45 AM
• Yes • Chrysalyne Schmults, MD, MSCE	10:50 AM
• No • Michael Marchetti, MD	11:10 AM
Prevention in High-Risk Patients • Veronica Rotemberg, MD	11:25 AM
Q&A	11:40 AM
Development of Patient Reported Outcome Measures • Evan Matros, MD	11:50 AM
Patient Outcomes in Dermatologic Surgery • Erica Lee, MD	12:00 PM
Q&A	12:20 PM
Lunch Break	12:30 PM
SQUAMOUS CELL CARCINOMA MODERATOR: Bhuvanesh Singh, MD, PhD	
2019 Update • Chrysalyne Schmults, MD, MSCE	1:45 PM
Debate - Role of Adjuvant Radiation in the Management of Perineural Invasion	2:15 PM
• Yes • Christopher Barker, MD	
• No • Jennifer Cracchiolo, MD	
Management of Nodal Metastasis • Bhuvanesh Singh, MD	2:45 PM
Video: Facial Reconstruction • Bhuvanesh Singh, MD	3:00 PM
Low-Risk SCC Conundrums • Anthony Rossi, MD	3:15 PM
Tumor Board: SCC Multidisciplinary Challenging Cases (Audience Response Session; Q&A) All Faculty	3:30 PM
Adjourn	4:30 PM
Reflectance Confocal Microscopy Workshop (Optional)* Anthony Rossi, MD, Milind Rajadhyaksha, MD, and Manu Jain, MD	4:45 PM - 5:45 PM

SATURDAY, NOVEMBER 2

Breakfast	8:00 AM
MERKEL CELL CARCINOMA MODERATOR: Christopher Barker, MD	
Pathologic Assessment of Merkel Cell Carcinoma Melissa Pulitzer, MD	8:30 AM
Controversies in the Management of Stage III Merkel Cell Carcinoma Daniel Coit, MD and Christopher Barker, MD	8:50 AM
Tumor Board: MCC Multidisciplinary Challenging Cases (Audience Response Session; Q&A) All Faculty	9:30 AM
Break	10:00
COMPLEX SKIN MALIGNANCIES MODERATORS: Cecilia Lezcano, MD and Klaus Busam, MD	
Eyelid Malignancies • Jasmine Francis, MD	10:15 AM
Q&A	10:45 AM
GU Skin Malignancies • Anthony Rossi, MD	10:50 AM
GU Workup and Urologic Reconstruction • Laura Leddy, MD	11:15 AM
Q&A	11:40 AM
Dermatofibrosarcoma Protuberans • Kishwer Nehal, MD	11:50 AM
Microcystic Adnexal Carcinoma • Chrysalyne Schmults, MD	12:05 PM
Q&A	12:20 PM
Lunch Break	12:30 PM
MELANOMA MODERATOR: Charlotte Ariyan, MD, PhD	
Update on Surgical Margins and Lymph Nodes in Melanoma • Danielle Bello, MD	1:30 PM
Primary Tumor Profiling in Early Melanoma • Michael Marchetti, MD	1:50 PM
Primary Tumor Profiling in Advanced Melanoma • Edmund Bartlett, MD	2:10 PM
Who Gets Adjuvant Therapy in Melanoma? • Allison Betof Warner, MD, PhD	2:30 PM
Q&A	2:50 PM
Tumor Board: Melanoma Multidisciplinary Challenging Cases (Audience Response Session; Q&A) All Faculty	3:00 PM
Adjourn	4:00 PM

*Reflectance confocal microscopy (RCM) is a non-invasive device that images skin lesions at high resolution in vivo similar to traditional pathology. **Pre-registration is required for the workshop and space is limited. CME credit will not be offered for the Reflectance Confocal Microscopy Workshop.**

REGISTRATION

REGISTRATION FEES	EARLY*	GENERAL
Physicians (MDs, PhDs & DOs)	\$475	\$550
Advanced Practice Providers	\$375	\$450
Residents, Fellows, Nurses & Other Healthcare Providers	\$125	\$200
Industry Professionals**	\$900	\$975

*Early Registration Expires August 31, 2019

**Industry professionals may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.

Register online:

mskcc.org/skincancercourse

Course registration includes continental breakfast, lunch, and refreshment breaks. Please contact cme@mskcc.org at least one week prior to the course if you have any special dietary requests or require any specific accommodations.

Registration Discounts/Promotions

- **MSK Alumni, MSK Cancer Alliance and Cancer Care Partner Discounts Available.** Please contact cme@mskcc.org for more information or a promotion code.
- **Complimentary Registration for MSK Employees.** However, you must complete course registration in order to attend this course.

MSK has negotiated special rates and amenities at select hotels in Manhattan. For more information, visit: mskcc.org/cme

Accreditation

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **13.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Faculty Disclosure

It is the policy of MSK to make every effort to insure balance, independence, objectivity, and scientific rigor in all continuing medical education activities which it provides as an ACCME accredited provider. In accordance with ACCME guidelines and standards, all faculty participating in an activity provided by MSK are expected to disclose any significant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services which are discussed by the faculty members in an educational presentation. As required by the ACCME, when an unlabeled use of a commercial product or an investigational use not yet approved for any purpose is discussed during an educational activity, MSK requires the speaker to disclose that the product is not labeled for the use under discussion or that the product is still investigational.

SEPTEMBER
20-21

15th Annual Dermoscopy Intermediate Course

COURSE DIRECTORS

Ashfaq A. Marghoob, MD (MSK)
Michael A. Marchetti, MD (MSK)
Ralph P. Braun, MD (Univ. of Zürich)
Harold S. Rabinovitz, MD (Univ. of Miami)

Includes an educational workshop room.

SEPTEMBER
22

2nd Annual Basic Course in Reflectance Confocal Microscopy: Non-Invasive Diagnosis of Skin Cancer

MSK COURSE DIRECTORS

Manu Jain, MD
Anthony Rossi, MD

Space is very limited for this course; early registration encouraged.

OCTOBER
31

Transforming Dermatology in the Digital Era

MSK COURSE DIRECTORS

Allan Halpern, MD, MS
Steven Q. Wang, MD
