

PEDIATRIC ONCO-CRITICAL CARE SYMPOSIUM

APRIL | 2-3 | 2020

Location:

St. Jude Children's Research Hospital,
Memphis, Tennessee

Target Audience:

Physicians, advanced practice providers,
and nurses in pediatric oncology and
critical care

Description:

Outcomes for critically ill hematology/
oncology and hematopoietic cell transplant
patients, while improved over the last
2 decades, remain unacceptably poor
compared with other populations we care
for in our ICUs. The goal of this symposium
is stimulate discussion and grow new ideas
for improving the care of this vulnerable
population. New this year, we will be
offering a dedicated nursing track.

Abstracts:

Abstract submissions pertaining to pediatric
onco-critical care are now being accepted
until January 3, 2020. Trainees with top
abstracts will be eligible for travel grants.
Accepted abstracts will be published in
Frontiers in Oncology. For more information,
go to www.stjude.org/POCCS.

Objectives:

After attending this symposium, healthcare
providers should be able to:

1. Determine which latest developments in pediatric
onco-critical care are applicable to their practice
2. Plan ways to implement practice strategies based
on those developments

Registration:

Registration is open. Early-bird registration ends
February 1, 2020. Registration fees vary from \$25
for trainees to \$200 for physicians, with special
rates for attendees from low- and middle-income
countries.

Trainee Travel Scholarships:

Medical trainees are eligible for a competitive travel
scholarship to attend the conference. To apply,
please fill out this [application](#) and submit your CV.
Applications due January 3rd, 2020.
