The best CME Vacation for PAs by PAs!

Become an AFPPA member & combine it

Mark your calendars and make plans now to join PAs and NPs from across the country for one of the best continuing medical education programs offered anywhere! The Association of Family Practice PAs will present the 18th Annual Fall CME Conference at the Hilton Anaheim in Anaheim, CA.

AFPPA hosts the largest PA specialty practice (primary care) CME conferences in the country, setting the standard with a "**for PAs, by PAs**" focus. Our speakers are recognized experts in their areas of practice, with knowledge of topics that are essential to effective primary care practice.

The conference will begin October 16 and run through October 19, 2016, but consider staying a few extra days. Located in the heart of Orange County, Hilton Anaheim is close to world-class shopping, dining and entertainment. Visit Garden Walk, for all three under one roof or spend a day basking in the sun at Newport Beach. Guests of this 'Disney Good Neighbor' hotel benefit from special tips, discounts and convenient access to the world-famous Disneyland® Resort, just 1 mile away.

Not only is the conference being held in a fabulous location, but, as always, we will be offering over 23 educational sessions and 4 workshops to help our PA and NP attendees hone their knowledge and skills, as well as prepare for recertification exams. We are proud to be able to provide information on diverse topics presented by leading PA and NP speakers and educators.

See you in Anaheim!
