Program

Montague L. Boyd Essay Competition

The Montague L. Boyd Essay Competition was formed to encourage, recognize and support (through cash prizes) scholarly research within the SESAUA. It is open to residents of urology programs in the SESAUA, as well as urologists (within 10 years of residency training) who practice within the geographic area of the Section. Finalists in the essay competition are invited to present the results of their investigations at the Annual Meeting. Winners are announced prior to the Annual Business Meeting and prizes and plaques are given following the presentations.

Meeting

SESAUA Annual Meeting

The Southeastern Section holds an annual meeting in the spring each year to provide a forum for the communication of current knowledge and techniques regarding the treatment and diagnosis of bladder, prostate and kidney diseases. The meeting provides scientific programs which include state-of-the-art lectures and guest speakers focusing on a wide-range of topics related to the field of urology.

Communication

Post-Convention Newsletter

Following the Annual Meeting, the SESAUA publishes its Post-Convention Newsletter, which includes highlights from the meeting, reports from the SESAUA officers, a State Affairs Update, minutes from the SESAUA Annual Business Meeting and information on the next annual meeting.

Membership Directory

Each year, the SESAUA publishes its online membership directory which includes phone numbers, addresses and emails of the entire SESAUA membership. This provides members a way to network and potentially find an associate.
