

Big Specifics

**FPM Refresher Course Day
and Faculty Dinner
Brisbane Convention
& Exhibition Centre
Friday May 12, 2017**

The Faculty of Pain Medicine warmly welcome you to the Refresher Course Day 2017.

It gives me great pleasure to invite all FPM and ANZCA Fellows, trainees and health professionals interested in pain medicine, to the 15th annual Faculty of Pain Medicine Refresher Course Day in 2017. The meeting will be held on Friday May 12, immediately prior to the ANZCA/FPM "Think Big" Annual Scientific Meeting (ASM).

The theme "Big specifics" will complement the ASM and will deal with the big challenges involved in specific types of pain such as paediatric and pelvic pain. It will also give practical tips on how to specifically manage persistent pain. It will examine how we interpret big data, create big networks for pain management across vast distance yet apply this to our specific patients.

We have two exciting international speakers headlining the program. Professor Christopher Eccleston from the Centre for Pain Research, University of Bath, UK is a leading authority in research and development as a Member of Scientific Research Committee (Marie Curie); Field Editor for Psychology, PAIN and a coordinating editor of Pain, Palliative and Supportive Care Cochrane Review Group. His research interests include evidence based pain management; self-management of chronic illness; assistive rehabilitative technology; adolescent chronic pain and parenting.

Dr Suellen Walker, Clinical Senior Lecturer and Honorary Consultant in Paediatric Anaesthesia and Pain Medicine, Great Ormond Street, UK will complement Christopher's knowledge with expertise in paediatric anaesthesia, acute and chronic pain management. Her research focuses on evaluating age-related changes in pain response, the long-term effects of early pain and injury and developmental pharmacodynamics of analgesic drugs.

They are supported by a very talented group of experts from Australia and New Zealand with backgrounds in paediatric and pelvic pain, science, research, psychology and ethics for pain medicine.

I look forward to warmly welcoming you all to Brisbane and the sunshine state next year.

Dr Kathleen Cooke
FPM Refresher Course Day Scientific Convenor 2017

Organising Committee

Dr Kathleen Cooke
Dr Jayne Berryman
Dr Paul Gray
Dr Sarah Lindsay
Dr Richard Pendleton
Dr Joann Rotherham

Register online

Please visit www.asm.anzca.edu.au to register for this event online.

Meeting venue

Brisbane Convention & Exhibition Centre
Corner Merivale and Glenelg Streets
South Bank, Brisbane
+61 7 3308 3000

Faculty dinner

Brisbane Powerhouse
119 Lamington Street, New Farm, Brisbane

Brisbane Powerhouse is a contemporary venue on the beautiful banks of the Brisbane River. The former power station has become a distinct Brisbane landmark, both as a stunning industrial creation and as a hub for arts and dining.

The Brisbane Powerhouse is a 45-minute walk from the Brisbane Convention & Exhibition Centre. It can be reached via CityCat; the New Farm Park CityCat jetty is a short 300m walk from Brisbane Powerhouse. Buses will be available, departing at 6.30pm sharp from the entrance of Rydges Southbank, 9 Glenelg Street. Return transport will depart around 10.30pm. **Please indicate on the registration form whether you will require transport.**

Accommodation

A range of accommodation has been reserved. Please visit the ASM website asm.anzca.edu.au or see the accommodation section of this registration brochure on page 54.

CPD

This event is claimable by ANZCA/FPM CPD participants within Knowledge and Skills; Lectures: 1 credit per hour.

ANZCA/FPM members will automatically have their attendance accredited to their CPD portfolio following the meeting.

Invited speakers

Professor Christopher Eccleston
(FPM ASM Visitor)
Director, Centre for Pain Research, University of Bath; Professor of Medical Psychology, UK

Dr Suellen Walker
(FPM Queensland Visitor)
Reader in Paediatric Anaesthesia & Pain Medicine, UCL Institute of Child Health
Honorary Consultant in Paediatric Anaesthesia and Pain Medicine, Great Ormond Street, UK

Dr Matthew Bryant
Director, North Queensland Persistent Pain Management Service, Townsville Hospital, Qld

Dr Kathleen Cooke
Director, Paediatric and Adolescent Pain Medicine, St Vincent's Hospital, Qld

Dr Susan Evans
Gynaecologist, Laparoscopic Surgeon, & Specialist Pain Medicine Physician, Pelvic Pain SA, SA

Professor Mark Hutchinson
Director, Australian Research Council Centre of Excellence for Nanoscale BioPhotonics, SA

Dr Patricia Neumann
Specialist Pelvic Floor Physiotherapist, Flex Rehabilitation Clinic; South Terrace Urology, SA

Professor Michael Sullivan
Director, Recover Injury Research Centre, Qld

Dr Hilarie Tardif
Director, electronic Persistent Pain Outcomes Collaboration (ePPOC), NSW

Professor Thierry Vancaille
Gynaecologist and Pain Medicine Specialist, Women's Health & Research institute of Australia, NSW

Program

From 8am	Registration
Session 1	Big picture
8.45-9am	Welcome
9-9.30am	Evidence based pain management: the good, bad and the ugly <i>Professor Christopher Eccleston</i>
9.30-10am	North Queensland – regional, rural and remote pain management <i>Dr Matthew Bryant</i>
10-10.30am	Update on ePPOC data <i>Dr Hilarie Tardif</i>
10.30-11am	Morning tea
Session 2	Paediatric masterclass
11-11.30am	Paediatric neuropathic pain: diagnosis and management <i>Dr Suellen Walker</i>
11.30am-12pm	Pain programs for teens <i>Dr Kathleen Cooke</i>
12-12.30pm	Advances in adolescent chronic pain management <i>Professor Christopher Eccleston</i>
12.30-1.30pm	Lunch
Session 3	Pelvic pain masterclass
1.30-2pm	Pelvic Pain: Understanding the big picture <i>Dr Susan Evans</i>
2-2.30pm	How does physiotherapy contribute to the bio-psychosocial management of chronic pelvic pain? <i>Dr Patricia Neumann</i>
2.30-3pm	Pudendal neuralgia, diagnosis and management <i>Professor Thierry Vancaille</i>
3-3.30pm	Afternoon tea
Session 4	What is big in pain brains
3.30-4pm	Chronic Pain as an urge to defend: a clinical consequence of a functional reappraisal <i>Professor Christopher Eccleston</i>
4-4.30pm	Psychology and disability <i>Professor Michael Sullivan</i>
4.30-5pm	Trauma and the glial cells <i>Professor Mark Hutchinson</i>
7pm	Faculty dinner
