

Robotic Ortho Cadaveric Dissection Course

Newcastle Surgical Training Centre

9th September 2024

COURSE DIRECTOR:

Prof David Deehan

*Consultant Orthopaedic Surgeon
Newcastle Upon Tyne Hospitals*

TARGET AUDIENCE:

ST5 – ST8 Orthopaedic Trainees

SPECIAL FEATURES:

This course is designed to facilitate the surgeon with didactic and hands on cadaveric training experience. Conducted by a faculty of experienced surgeons, this is an intensive one day course of lectures, debate, exchange and practical hands on experience on Orthopaedics procedures using a Stryker MAKO Robot.

Aims & Objectives

- ☐ Familiarise with the function and operation of the MAKO Robot
- ☐ Perform approaches to the Hip & Knee using Cadaveric Simulation
- ☐ Plan and execute gap & soft tissue balancing techniques using the robotic application
