

RULES, GENERAL INFORMATION & SPECIAL EVENTS

REGISTRATION

You can pre-register on-line (***PREFERRED by SDDA***) at www.sddental.org (VISA or MasterCard) or fill out the registration form and mail with payment to the SDDA.

Why register early? Space limitations may mean that CE courses will be full. Also, tickets for some social events will not be sold on-site. The convention center requires guaranteed attendance for all meal functions two days prior to the function.

NOTE: A \$25 fee will be assessed to those who register after May 5, 2021. If you plan to register on-site, please allow ample time to complete the registration process before your seminar is scheduled to begin.

REGISTRATION MATERIALS

All pre-registrants will pick up their nametags and function tickets at the registration table. To expedite this process, **pre-registration is strongly encouraged!** Due to social distancing, lines may be longer and move slower than normal.

CLASSROOM COMFORT

You may find the temperature in lecture rooms and the exhibit hall "too hot" or "too cold" for comfort, so please come prepared: dress in layers and bring a sweater or light jacket.

ACCOMMODATIONS

A block of rooms has been reserved for SDDA Annual Session participants at \$132 single or double occupancy for a standard room. The block of rooms will be held until **April 19, 2021**. Make reservations by contacting the Sheraton at 605-331-0100 and ask for the SD Dental Association room block.

COVID CONCERNS

Please contact the Sheraton and/or Convention Center in regard to their health and safety policies.

CANCELLATION/CHANGES POLICY

A **\$25** administrative processing fee will be charged on all changes to the original registration and/or cancellations. No refunds if cancellation is May 7, 2021 or after.

CLINICIAN/COURSE HANDOUTS

Course handouts will NOT be available at the sessions. If provided by the clinician, handouts are available to print by going to: www.sddental.org, click on Annual Session, then CE Speakers.

CE - THURSDAY, MAY 13, 2021

THURSDAY

MR. ALTON CARTER

8:00 am to 9:00 am

KEYNOTE ADDRESS

"Reaching Beyond the Practice"

CE Hours: 1 Practice Management

Support provided by Dacotah Bank.

Whoever thought a dental chair would be a place someone could find hope? For many, going to the dentist causes extreme anxiety, and can often be traumatic. This presentation will equip practitioners with the tools to not only reduce the amount of trauma patients experience but also help them realize they are capable of giving patients an encounter that could very well change their life.

PANELISTS: Dr. Paul Johson (periodontist), Dr. Chad Carpenter (general dentist), Cori Jacobson (hygienist), Dr. Amanda Kappenman ("OB/GYN") and Ann Schwartz (Delta Dental)

9:30 am to 11:30 am

"Oral Health During Pregnancy: Practice Guidance for the Dental Office"

CE Hours: 2 Clinical

The interprofessional panelists for this session will provide up-to-date information to improve the oral health of expectant patients and to help ensure a safe pregnancy and a healthy baby. Following the presentation, attendees will have the opportunity to ask questions of the panelists and other attendees and share tips and tricks for providing pregnant women with appropriate and timely oral health care.

KIM LAUDENSLAGER

This course will be offered in-person, as well as live-streamed. It will not be recorded.

9:30 am to 11:30 am

"Infection Prevention Update"

CE Hours: 2 Academic/Clinical

Support provided by Delta Dental Foundation

This session will cover infection prevention in the dental office and what we have learned this past year with regard to COVID-19 as it relates to dental infection control protocols. Participants will receive practical guidance and up-to-date information relative to CDC infection prevention guidelines.

DR. KYLE STEIN

9:30 am to 11:30 am

"Trigeminal Nerve Injuries: Etiology, Diagnosis and Management"

CE Hours: 2 Academic/Clinical

The objectives of this course include: Review current concepts in the causes, evaluation and treatment of trigeminal nerve injuries; Review important concepts for preventing and evaluating injuries to the trigeminal nerve that can be performed by the general practitioner; A timeline for referral, and; Possible surgical and non-surgical treatments.

DR. KYLE STEIN, cont.

1:00 pm to 2:30 pm

"Obstructive Sleep Apnea: Etiology, Diagnosis and Management"

CE Hours: 1.5 Academic/Clinical

The objectives of this course include: Review current concepts in the causes, evaluation and treatment of obstructive sleep apnea; Review important concepts for diagnosis and management, not only from a dental, but also medical perspective, and; Surgical treatment options.

2:45 pm to 5:00 pm

"What are the Most Effective Alternatives to Opioids?"

CE Hours: 2 Academic/Clinical

Support provided by SD Dept. of Social Services.

Managing a patient's post-operative pain can be one of the most difficult aspects of dental treatment. In this session, acute post-operative dental pain management strategies will be discussed, focusing on both opioid and non-opioid options. Potential risks and benefits of these treatment modalities will also be covered. Lastly, the national opioid abuse problem and dentistry's contributing role will also be explored. At the end of this session, Tyler Laetsch from the SD Board of Pharmacy will speak on the proper prescribing and dispensing of controlled substances, per DEA requirements.

PANELISTS: Dr. Denis Miller (oral surgeon), Dr. Mary Milroy (clinical professor of Surgery at Sanford) and Randy Anderson (oral cancer survivor) will participate in a panel discussion regarding HPV.

12:30 pm to 2:30 pm

"Oropharyngeal Cancer and HPV Prevention"

CE Hours: 2 Clinical

We as dental professionals recognize and play an important role in identifying Oral Cancer. Evidence suggests a casual connection between HPV and Oropharyngeal Cancer. This is an educational session where the panel will provide valuable information on identifying oral lesions.

DR. DON-JOHN SUMMERLIN

1:00 pm to 5:00 pm

"Things You Should Have Been Taught in Oral Pathology, but Weren't"

CE Hours: 4 Academic/Clinical

Support provided by SD Board of Dentistry.

Learning Objectives: Direct immunofluorescence—what are its uses and when is it useful; Lichen planus—specific disease or clinical manifestation; Epithelial dysplasia—what is it and what should I do about it; Leukoplakia—why and when should you be concerned about a white patch? At the conclusion of this discussion, participants should be better able to discern differences between a number of disease entities and to apply criteria to determine the appropriate course of action for the patient.

CE - THURSDAY, MAY 13 & FRIDAY, MAY 14, 2021

THURSDAY, cont.

DR. DENIS MILLER

3:00 pm to 5:00 pm

"Radiology Update 2021"

CE Hours: 2 Radiology

FRIDAY

DR. MICHAEL GLICK

Dr. Glick's courses will be offered in-person, as well as live streamed. They will not be recorded.

8:00 am to 12:00 pm

"Treatment of the Medically Complex Dental Patient"

CE Hours: 4 Academic/Clinical

Support provided by SD Board of Dentistry.

Dentists play an important role as primary healthcare professionals. The need to screen and monitor patients for underlying medical conditions, and are required to render dental care to an array of medically complex patients. Pertinent medical assessment of patients has become an essential part of dentistry, as even the most common medical problems may require modifications to routine dental care. This presentation will simplify this task by reviewing common medical disorders, and explaining and providing protocols for safe and appropriate dental care for patients with complex medical conditions.

1:00 pm to 4:00 pm

"The Oral-Systemic Health Connection"

CE Hours: 3 Academic/Clinical

During the past couple of decades, there has been a renewed interest in the association between oral infections and systemic diseases. As these associations are discussed in both the professional and the non-professional literature, patients are becoming aware of these associations and will sometimes ask their oral health care provider for more information. This presentation will help oral health care professionals evaluate studies discussing the associations between oral and non-oral conditions, and provide guidance on how to interpret and address these associations with their patients.

KIMBERLY HARMS

8:30 am to 11:30 am

"When the Pain is in the Brain: Emotional Turmoil, Stress and Grief"

CE Hours: 3 Practice Management

Support provided by Delta Dental Foundation.

Increase your understanding of the emotional needs of patients, team members, families, even yourself and promote greater harmony in your personal and professional life.

FRIDAY, cont.

KIMBERLY HARMS, cont.

1:00 pm to 4:00 pm

"Promote Office Harmony Through Structured Conflict Management"

CE Hours: 3 Practice Management

DR. EDWIN PARKS

8:30 am to 11:30 am

"Let's Get 3-Dimensional: An Overview of Cone Beam Computed Tomography (CBCT)"

CE Hours: 3 Academic/Clinical

CBCT is a new imaging modality that is rapidly gaining acceptance in the dental community. As with any new technology, there are misconceptions about the utility of CBCT. The purpose of this presentation is to describe the operation, indications, and limitations of CBCT. Evaluation of available product will also be discussed.

RICK RITT

NOTE: There is a 15-person limit in each session. If needed, a third session will be added Sat. morning.

8:30 am to 11:30 am and repeated from 1:00 pm to 4:00 pm

"Anesthesia Emergency Management for the Dental Team"

CE Hours: 3 Clinical

Support provided by Delta Dental Foundation.

This session will provide a didactic and hands-on clinical simulation experience that addresses the proper assessment and management of patient complications associated with minimal to moderate sedation.

MARY WOLF

10:30 am to 11:30 am

"Reinventing After Chaos: Moving Forward with a Truth Strategy"

CE Hours: 1 Practice Management

Burnout and suicide rates in the dental industry were high before COVID. Now the cost of caring takes an added toll on dentists, staff and family as they adjust and reinvent. Find out how emotional wellbeing and a truth strategy paves the way to reinvent and thrive.

DR. GREGORY BENNETT

1:00 pm to 5:00 pm

"Digital Dentistry in 2021 and Beyond"

CE Hours: 4 Academic/Clinical

Support provided by Delta Dental Foundation.

This session will cover what is available in digital dentistry in 2021 and what is on the horizon. An overview of all things digital will be followed by a look into the more developed applications, with an emphasis on their best indications, contra indications, barriers to entry, learning curve and support available.

CE - SATURDAY, MAY 15, 2021 & CLINICIAN CREDENTIALS

SATURDAY

DRS. JAY CROSSLAND & NATHAN PHILLIPS

8:00 am to 5:00 pm (lunch included)

"Sedation & Anesthesia Monitoring in the Dental Practice"

CE Hours: 8 Clinical

This course has been approved by the SD Board of Dentistry for the purpose of obtaining a permit to monitor patients under anesthesia or sedation.

****Please note: The cost to attend this session is \$550 per person. It is NOT included with the Annual Session registration fee.**

DR. JEFFREY WISWALL

8:00 am to 11:30 am

"Resorptions: An Honest Mistake?"

CE Hours: 3.5 Clinical

Tooth or root resorption is a seemingly more common finding in our patients every day. Digital radiography and CBCT imaging have likely contributed to helping us identify these lesions at an earlier stage. Treatment options for these teeth vary widely depending on the case. This lecture will explore the identification, diagnosis, and understanding of the resorptive process as well as treatment options for various types of resorption.

DR. EDWIN PARKS

8:30 am to 11:30 am

"Mold and Maggots 101: Introduction to Forensic Odontology"

CE Hours: 3 Academic/Clinical

This lecture will provide an overview of the tasks commonly performed by the forensic odontologist. Data collection and comparison techniques needed to complete a dental identification as well as bite mark analysis and involvement in mass fatality incidents will be presented.

CONTINUING EDUCATION INSTRUCTIONS:

SDDA offers numerous hours of continuing education (CE) credits during the Annual Session. To optimize your Session experience, please plan ahead for the courses you wish to attend. Proof of Attendance will be included on your name badge to be used to record session codes.

Five hours CE clinical credit will be granted to dentists, hygienists and dental assistants who are registered for the meeting and attend Annual Session activities, including visiting exhibits. **Keep your name badge as proof of attendance.**
