

The New York State Society of Orthopaedic Surgeons
and the University of Rochester Medical Center
are pleased to invite you to the:

NYSSOS 2018 ANNUAL MEETING AND SYMPOSIUM

“Pearls and Pitfalls in Diagnosis and Management”

Saturday, September 22, 2018

University of Rochester Medical Center
Class of '62 Auditorium

601 Elmwood Ave, Rochester, New York 14642

Open to all Orthopaedic Surgeons, Fellows, Residents, Medical Students and Allied Health Professionals

Why You Should Attend

Avoid complications and improve outcomes with strategies delivered through 20 high yield presentations by experts in all disciplines of Orthopaedics.

In addition, gain insight to the importance and nuances of outcome measurement, documentation in the electronic record, cost savings strategies in orthopaedics and management of the injured worker.

Key Features Include:

- Presentation of Legislator of the Year Award
- NYSSOS Annual Meeting (Election of New Officers and Board of Directors)
- Networking with Colleagues

Get the conversation started!
#2018NYSSOSatURMC

New this year! A lunch breakout specifically designed for Residents and Fellows on Navigating Entry into Practice.

Shape the Future of Your Practice

The New York State Society of Orthopaedic Surgeons (NYSSOS) is the premier organization representing the orthopaedic community in New York. This annual event is one of the strongest reasons for our success in the eyes of the rest of the country and earned us the title of AAOS Society of the Year in 2017. Place the date hard on your calendar for an entire day of academics, practice management, and collegiality in Western New York. In addition, we will engage you on important State and National Legislative and Regulatory issues that will shape your practice in the years to come. I am proud to have served as your President for the past two years and through our diligence and proactive nature as a Society, together we have been able to cross the political aisles and unite members for the safety of our patients and the overall health of Orthopaedic Surgery in New York State. I look forward to seeing you in Western New York in September.

John M. Olsewski, MD
President

Have Your Voice Heard and Provide Input into the NYSSOS Advocacy Agenda

I am excited to have this year's annual meeting and symposium in Upstate New York and look forward to an excellent meeting, discussions, faculty, great lectures, advocacy updates and an opportunity for networking.

This is your chance to have your voice heard and provide input into the Society goals and advocacy agenda for the next year. I encourage you to take advantage of meeting with industry partners and learn how to be an effective advocate for your patients and practice. This year's meeting features a breakout specifically designed for Residents and Fellows to provide practical guidance on how to enter into practice. Sam Flemister, MD and the Program and Education Planning Committee have put together a great program and venue. This is your opportunity to thank NYSSOS President John Olsewski, MD for his exceptional stewardship and guidance these past two years as we continue to enhance orthopaedic care throughout the state.

James Slough, MD
Vice President

Preliminary Agenda

Time	Topic	Faculty
7:55am	Opening Remarks	A Samuel Flemister MD
8:00am	Management of the Multi-Traumatized Patient	John Gorczyca MD
8:20am	Hip Fracture Management	Gillian Soles MD
8:40am	Sprains and Strains about the Hip	Brian Giordano MD

Target Audience

This symposium will be of value to orthopedic surgeons, fellows, residents, and other healthcare professionals whose scope of practice includes care of the orthopaedic patient.

Learning Objectives

At the conclusion of this activity, participants should be able to:

- Describe strategies to avoid complications and improve outcomes in common orthopaedic conditions of the hip, knee, hand and wrist, elbow, shoulder, spine, foot and ankle, and pediatric patient.
- Understand the importance and nuances of outcome measurement, documentation in the electronic record, cost savings strategies in orthopedics, and management of the injured worker.
- Describe strategies to avoid misdiagnosis of orthopedic tumors, manage osteoporosis in the orthopedic patient, and manage the multi-traumatized patient.

Credit Designation

ACCREDITATION

The University of Rochester School of Medicine and Dentistry is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CERTIFICATION

The University of Rochester School of Medicine and Dentistry designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Making a reservation is simple. <http://www.nyssos.org/event-2697686>

Getting To Rochester

By Land:

Car

Rochester is easily accessible via the NYS Thruway (I-90), and Downtown Rochester is only a 20 minute drive from the Thruway exit. Rochester's well-maintained highway system usually allows traversing the county in less than 30 minutes.

Train

The Downtown Amtrak station services east and westbound departures and arrivals daily.

Bus

The Rochester Transit Authority (RTS) Transit Center is located downtown. From there visitors can take the bus to attractions and neighborhoods around the city and region at a low rate. All day passes are also available for purchase.

Ride Sharing Services

Other transportation options in the city are ride sharing services like Uber and Lyft. Download the app then order your ride. They will pick you up from the airport, hotel - basically everywhere and take you to the medical center.

By Air:

The Greater Rochester International Airport (GRIA) features a modern two-story terminal, enclosed parking garage and two-level roadway with separate avenues for arrivals and departures. The Greater Rochester International Airport is comfortable, easy to navigate, easy to find, provides free Wi-Fi and ranks high nationwide for affordability.

Weather in September average temperature: 72° F - Evening average temperature: 52° F
