EVENT OVERVIEW

The **2nd Annual MENA Women's Health Congress**, which will be held from 8-10 December 2016 in Dubai, UAE, has been designed to provide a comprehensive and innovative overview of the latest developments in the field, primarily in the areas of fetal and maternal health, operative gynaecology, gynaecological oncology, reproductive medicine, female infertility, IVF procedures, and much more.

Many distinguished gynaecologists, fertility specialists and scientists have joined the faculty and will take part in the congress to share their experiences and research through interactive case-studies, platform presentations, educational workshops and more.

The **MENA Women's Health Congress** is a platform for discussion among peer experts, whose questions arise from the lack of evidence, and who wish to achieve consensus based on expert opinions. Join us for a rewarding experience, where you can meet top-notch medical experts, expand your knowledge, and engage yourself in a dedicated scientific environment.
