In Joint Providership with the Radiological Society of North America (RSNA®)

President's Welcome

Dear Members of the AUR Community, Friends and Guests:

I look forward to welcoming you at the 66th Annual Meeting of the Association of University Radiologists. Our 2018 meeting will be held Monday, May 7, to Thursday, May 10, 2018, at the Omni Orlando Resort at ChampionsGate.

The resort offers many ways to enjoy the warm weather in Florida in May. There are several swimming pools, a lazy river and a wave pool to enjoy. The venue is best known for its two championship 18-hole golf courses and a lighted 9-hole par 3 course, so if you are a golfer, be sure to come prepared. I will see the rest of you on the 18-hole miniature adventure golf course! A spa, jogging trails and a full-service fitness center are also on site to keep adults happy and kids occupied, so I encourage you to bring your friends and family. When you want to explore the surrounding attractions, you can take advantage of a complimentary shuttle to Disney World.

The AUR Annual Meeting is a great place to share ideas and collaborate with colleagues. This year's theme is *Radiology: Health and Well-being of the Profession and the Professional*. Among the many offerings will be sessions on artificial intelligence, burnout, developing leaders and researchers, managing training and educational programs, career development and health system administration. We continue to offer the AUR Radiology Management Program, AUR Faculty Development Program, the AUR Radiology Resident Academic Leadership Development (ARRALD) Program and the ACR-AUR Research Scholar Program.

For those of you who are regular attendees, you will notice that the 2018 meeting has a new format designed to break down silos and help us learn from one another, while still bringing those with common interests and roles in academic radiology together. We will begin the program on Monday with a plenary session for all to attend. In addition to our usual programming geared toward members of our affinity groups, affiliated societies and members in training, there will be new sessions in the mornings designated for education, research and leadership tracks. We are also introducing new roundtable themed discussions for you to choose from at breakfast on Tuesday and Wednesday morning, which will be a great opportunity to network and learn in an informal setting.

I would like to express my sincere appreciation to the program planning committees of the AUR, AUR affinity groups and the affiliated societies who have provided content for the meeting. These include the Society of Chairs of Academic Radiology Departments (SCARD), the Association of Program Directors in Radiology (APDR), the American Alliance of Academic Chief Residents in Radiology (A³CR²), the Alliance of Clinician-Educators in Radiology (ACER), the Alliance of Medical Student Educators in Radiology (AMSER), the Radiology Alliance of Health Services Research (RAHSR), the Radiology Research Alliance (RRA), the Association of Program Coordinators in Radiology (APCR), and the Society of Nuclear Medicine and Molecular Imaging (SNMMI). In addition, the meeting is offered through joint providership with the Radiological Society of North America (RSNA).

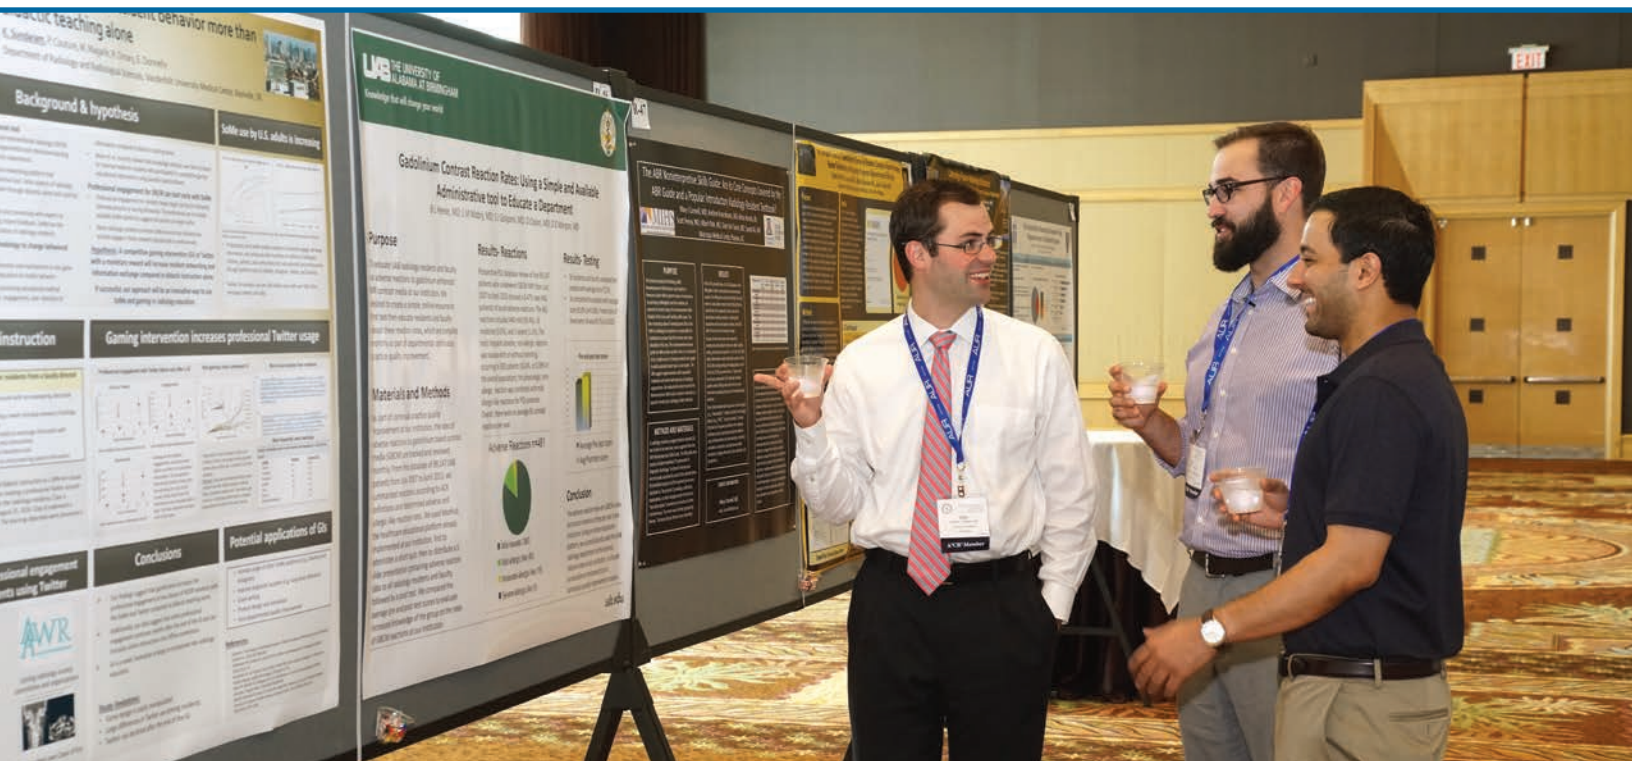

I look forward to greeting all of you at the AUR Welcome Reception at the resort on Monday, May 7. The meeting will close on Thursday evening with the annual AUR Banquet and Awards Ceremony, honoring our colleagues who have made exceptional contributions to the academic radiology community.

See you in Florida!

Warmest regards,

Martha

Martha B. Mainiero, MD
President, AUR

AUR Welcome Reception

Plan to join us on Monday evening from 6:30–8:30 PM at the Omni Golf Course Commons. Enjoy networking with your colleagues and participate in the family-friendly activities that are planned for this popular event. Attendees and their guests are invited to attend.

AUR R&E Foundation Event

Save the Date! The AUR R&E Foundation is planning a lively “wacky golf” fundraising activity for Wednesday evening. Additional information and registration information will be shared in January.

Learning Objectives

At the conclusion of this live activity, participants will be able to:

- Articulate strategies to enhance the well-being of radiology faculty, fellows, residents and medical students
- Identify how attention to health and wellness can improve recruitment and retention of faculty, trainees and staff
- Discuss the role of emotional intelligence for radiology leaders
- Describe factors contributing to physician burnout and approaches to identifying physicians at risk
- Implement curricular innovations and strategies to use at your home institution to improve resilience and workplace satisfaction
- Explore how career and leadership opportunities can be approached strategically
- Improve presentation, meeting and publication skills
- Develop interviewing skills and take advantage of social media to grow professionally

General Information

CME Information

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Radiological Society of North America (RSNA) and the Association of University Radiologists (AUR). The RSNA is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statement

The Radiological Society of North America designates this live activity for a maximum of 33.50 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Target Audience

Radiologists, researchers, or other allied health professionals, trainees and administrators in academic radiology.

Self-Assessment Modules (SAMs)

Select courses at the AUR meeting will be adapted into SAM courses. Through RSNA, AUR is able to offer self-assessment modules that meet the American Board of Radiology's criteria for a self-assessment activity in the ABR Maintenance of Certification program. In addition to *AMA PRA Category 1 Credit™*, participants can earn SAM credits for each completed SAM course.

This year, all SAMs will be implemented using an electronic format. A personal electronic device will be required to claim SAM credit.

Fees:

AUR member: No Charge

AUR non-member U.S. licensed physician: \$50 per SAM

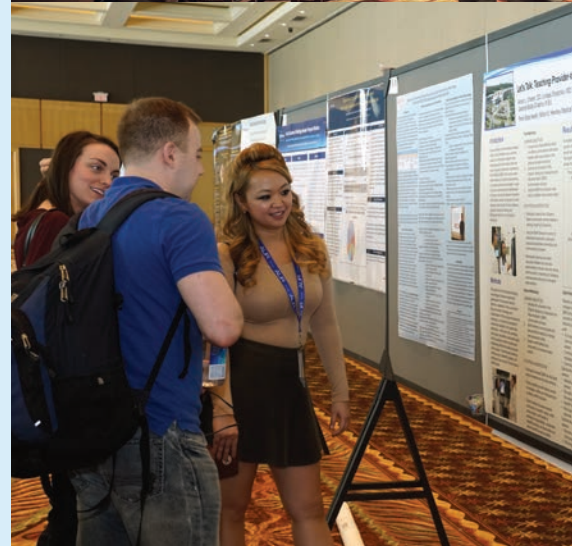

Non-member registration and fees will be collected at the meeting.

SAM credit must be claimed within six months after the date of the live event.

Add Leadership to your Credentials: The Academy of Radiology Leadership and Management

The Academy of Radiology Leadership and Management (ARLM) is sponsored by five participating radiology education societies: AAARAD, ARRS, AUR, RSNA and SCARD. Launched in 2011, the ARLM helps medical imaging professionals focus their professional development by requiring completion of education across six different learning domains. ARLM awards a Certificate of Achievement upon completion.

Several AUR sessions will qualify toward certificate requirements. For additional information and to see a complete list of course offerings, visit Radleaders.org.
