

Emergency Medicine Ultrasound Level 1

A Day of Supervised Scanning Practice

Scanning Practice (no lectures) in all L1 (Core) competence areas: AAA, FAST, Vascular Access and ECHO for Life Support

organised by Infomed Research & Training on **Friday 12 October 2018**,
at the Park Plaza County Hall Hotel, 1 Addington Street, London SE1 7RY
(south end of Westminster Bridge)

About the L1 Scanning Practice Day

No lectures, just practice, practice, practice.

Are you a doctor who...

is seeking further opportunities for:

- ☐ **supervised ultrasound scanning** in each of the Core (Level 1) competence areas (FAST, AAA, Vascular Access and ECHO in Life Support) on models, patients and phantoms,* or
- ☐ **boosting your logged experience** by getting a number of **signed scans**, or
- ☐ **polishing up your L1 competencies**, or
- ☐ **preparing for the EM US Core (Level 1) Finishing School?**
- ☐ **...supervised practice, practice and practice!!**

If so, then this is the day for you!

() **basic knowledge of Ultrasound and knobology is assumed**; preferably, you will have attended an introductory emergency ultrasound course (Core/Level 1) covering basic theory and practice.*

What you get is supervised scanning practice:

The opportunity to **perform AAA scans, FAST scans, ECHO for Life Support scans** and **Vascular Access scans** on models, patients and phantoms, which can serve as preparation for assessment or simply form part of your logged experience.

Just four trainees per supervisor: continuous personalised feedback in line with core competences and assessment criteria, plus opportunities to learn from others' mistakes!

The **Practice Day** is based on the Practice Sessions of the highly successful EM US Core (Level 1) Finishing School.

Please note: it is generally recommended that no more than three months should elapse without the trainee using her/his ultrasound scanning skills; otherwise the trainee should be re-assessed with a DOPS by a trainer.

Programme

The trainees rotate in groups of four through **skills stations** covering AAA, FAST, Vascular Access and ECHO in Life Support.

Each station includes one scanner, one supervisor and a live model, phantom or patient as appropriate

Timings (with breaks for tea and coffee and for lunch)

08.30	Registration
09.10	Start
17.00	Close

What attendees have said about the Day

- ☒ Being taught by different faculty at each station and [getting] your mistakes corrected on the spot – made the day very useful
- ☒ Lots of practice – small groups, so good individual feedback
- ☒ Lots of practice and excellent demonstrators
- ☒ Teachers were very helpful and approachable
- ☒ I learnt where I was going wrong – plenty of good pointers and tips. I vastly improved my [scanning] skills
- ☒ [The Course] did what it said on the tin –practice, practice, practice! Instructors all very good and patient!
- ☒ Great instructors, great models, great pace
- ☒ Insightful, informative, open and excellent hands-on experience
- ☒ Excellent – feedback always constructive, no pressure environment
- ☒ Enthusiastic, knowledgeable faculty; good cases, including normals; very good organisation
- ☒ Excellent faculty, friendly and helpful
- ☒ Lots of experts meant lots of top tips from different people
- ☒ A long day – but worth it
- ☒ Heartfelt thanks to the tutors and the organisers. I feel almost ready for my assessment.

Terms and Conditions

1) The fee includes password protected web access to EM US L1 lecture slides and refreshments. 2) The completed booking form together with full payment must be sent to Infomed Research and Training Limited to secure a booking. Submission of this booking constitutes a legally binding agreement. 3) Payment must be received in full prior to the event. Event details will be issued subject to receipt of payment. We cannot be held responsible for the non-arrival of registration information. If you have not heard from us within 7 days prior to the event, please contact us. 4) Bookings can be made by telephone but payment must be made in full by credit or debit card at time of booking. 5) Written cancellations received 6 weeks prior to the event will be accepted and refunded minus an administration charge of £70. We regret that no refunds can be made for cancellations received after that date, for whatever reason, although substitutions will be accepted if notified in writing 5 days or more prior to the event. 6) The Company reserves the right to alter the date, content and timing of the programme or the identity of the Faculty due to reasons beyond its control. Under these circumstances, the Company will not refund trainees or candidates any expenditure made on pre-booked accommodation or travelling. 7) The Company does not accept responsibility for loss/damage trainees'/candidates' property or personal effects whilst at the event.
