

THE 2019 SAN DIEGO DAY OF TRAUMA

**The Trauma Team:
The Model for High Intensity,
High Quality Health Care in the 21st Century**

November 1, 2019
Kona Kai Resort • San Diego, California

COURSE INFORMATION

COURSE OVERVIEW

Trauma care has evolved over the past four decades to become the model for creating programs to care for emergency care as well as critical illnesses. Providing effective care of the injured takes a significant commitment on the part of both trauma centers and trauma teams. The 2019 San Diego Day of Trauma will review the importance of building an effective team in order to provide the best possible care for patients with life threatening injuries. Nationally renowned speakers will present state of the art interventions for emergencies commonly encountered in the field. Conference speakers will include specialists in the fields of pre-hospital care, trauma surgery, and critical care. Lectures, real-life case presentations, and interactive sessions will engage attendees and promote improved patient outcomes.

CONFERENCE HIGHLIGHTS

- Concise and focused lectures by experts in trauma and critical care medicine
- Case presentation segment focusing on real-life trauma cases
- Extensive audience participation, panel discussions, and Q&A with expert faculty
- Mobile conference app with access to course materials and recordings

EDUCATIONAL OBJECTIVES

After attending this live activity, participants should be able to:

- Summarize the key elements of effective trauma team organization.
- Describe the importance of peer review and performance improvements to support highly functioning teams.
- Illustrate effective points of decision making in the trauma bay that improve survival.
- Assess organizational flexibility to adopt new information and techniques to improve outcomes and implement changes as needed.
- Incorporate interventions that result in improved patient survival after severe injury.
- Demonstrate innovations in hemorrhage control to improve survival rates.
- Formulate a review process to ensure practice guidelines are relevant and effective.

TARGET AUDIENCE

- Trauma Specialists
- Critical Care Specialists
- Emergency Medicine Specialists
- Pre-hospital Personnel
- First Responders

ACCREDITATION & DISCLOSURE

Physicians

Scripps Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Scripps Health designates this live activity for a maximum of 8 *AMA PRA Category 1 Credit(s)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nurses

For the purpose of recertification, the American Nurses Credentialing Center accepts *AMA PRA Category 1 Credit(s)*TM issued by organizations accredited by the ACCME. For the purpose of re-licensure, the California Board of Registered Nursing accepts *AMA PRA Category 1 Credit(s)*TM. The majority of state boards accept *AMA PRA Category 1 Credit(s)*TM as meeting continuing education requirements for license renewal. Nurses should check with their state's Board of Registered Nursing regarding use of CME credit.

Emergency Medical Services

The County of San Diego, Division of EMS, has approved this course for 2 hours, San Diego County EMS Provider #37-0219.

Physician Assistants

PAs may claim a maximum of 8 Category 1 credits for completing this activity. NCCPA accepts *AMA PRA Category 1 Credit*TM from organizations accredited by ACCME or a recognized state medical society.

Commercial Support

This course is supported, in part, by educational grants from industry, in accordance with ACCME Accreditation Standards for Commercial Support. Appropriate acknowledgement will be given to all supporters at the time of the educational activity.

Cultural and Linguistic Competency

This activity is in compliance with California Assembly Bill 1195, which requires that all CME activities comprising a patient care element include curriculum addressing the topic of cultural and linguistic competency. The intent of this bill is to ensure that health care professionals are able to meet the cultural and linguistic concerns of a diverse patient population through effective and appropriate professional development. The planners, speakers and authors of this CME activity have been encouraged to address issues relevant in their topic area. A variety of resources are available that address cultural and linguistic competency, some of which can be found in the Cultural & Linguistic Competency Resource Guide.
