

Scientific Programme

Wednesday, 14 September 2016

Teaching Courses, Hall C	
08:30 - 10:00	Teaching Course 1 Disease modifying treatment
	Chairs R.J. Fox (Cleveland, United States) L. Kappos (Basel, Switzerland)
08:30 - 09:00	New MS treatments and updates on established treatments R.J. Fox (Cleveland, United States)
09:00 - 09:30	Assessing and mitigating risks: the right treatment for the right patient S. Vukusic (Lyon, France)
09:30 - 10:00	Defining what is working: choosing a therapeutic strategy L. Kappos (Basel, Switzerland)
Teaching Courses, Hall D	
08:30 - 10:00	Teaching Course 2 MS during pregnancy and post-partum
	Chairs K. Hellwig (Bochum, Germany) A.M. Langer-Gould (Pasadena, United States)
08:30 - 09:00	Family planning with MS general consideration/assisted reproductive techniques M. Houtchens (Brookline, United States)
09:00 - 09:30	Pregnancy management: medications and lactation K. Hellwig (Bochum, Germany)
09:30 - 10:00	MS and oral contraceptives: the effect on susceptibility and prognosis A.M. Langer-Gould (Pasadena, United States)
Teaching Courses, Hall E	
08:30 - 10:00	Teaching Course 3 Advanced MS genetics and immunology
	Chairs R. Liblau (Toulouse, France) F. Zipp (Mainz, Germany)
08:30 - 09:00	Functional genetics in MS L. Fugger (Oxford, United Kingdom)

Scientific Programme

09:00 - 09:30	Immunology of MS: how the pathogenic adaptive immune response develops R. Liblau (Toulouse, France)
09:30 - 10:00	Immunology of MS: innate and adaptive immune events within the CNS F. Zipp (Mainz, Germany)
08:30 - 10:00	Teaching Courses, Hall F Teaching Course 4 MS brain health Chairs G. Giovannoni (London, United Kingdom) R.A. Marrie (Winnipeg, Canada)
08:30 - 09:00	What is brain health? G. Giovannoni (London, United Kingdom)
09:00 - 09:30	Comorbidities in MS R.A. Marrie (Winnipeg, Canada)
09:30 - 10:00	Lifestyle modification in MS J. Saxton (Newcastle, United Kingdom)
08:30 - 10:00	Teaching Courses, Hall G Teaching Course 5 Examination of blood and CSF in clinical practise Chairs F. Sellebjerg (Copenhagen, Denmark) M. Comabella (Barcelona, Spain)
08:30 - 09:00	Biomarkers in blood F. Sellebjerg (Copenhagen, Denmark)
09:00 - 09:30	Current biomarkers in cerebrospinal fluid M. Comabella (Barcelona, Spain)
09:30 - 10:00	Emerging biomarkers C. Teunissen (Amsterdam, Netherlands)
10:30 - 12:00	Teaching Courses, Hall C Teaching Course 6 Controversy in management Chairs A.E. Miller (New York, United States) X. Montalban (Barcelona, Spain)

Scientific Programme

10:30 - 11:00

Case 1 - Relapsing MS

A.E. Miller (New York, United States)

11:00 - 11:30

Case 2 - Progressive MS

X. Montalban (Barcelona, Spain)

11:30 - 12:00

Case 3 - Neuromyelitis optica spectrum disorder

D.M. Wingerchuk (Scottsdale, United States)

10:30 - 12:00

Teaching Courses, Hall D

Teaching Course 7 Symptomatic therapy

Chairs

T. Berger (Innsbruck, Austria)

J. Panicker (London, United Kingdom)

10:30 - 11:00

Lower urinary tract dysfunction in Multiple sclerosis: pitfalls and challenges

J. Panicker (London, United Kingdom)

11:00 - 11:30

Treatment of spasticity and walking impairment

T. Berger (Innsbruck, Austria)

11:30 - 12:00

Prevalence, diagnosis and treatment of psychiatric disorders in MS patients

A. Feinstein (Toronto, Canada)

10:30 - 12:00

Teaching Courses, Hall E

Teaching Course 8 Improving the differential diagnosis of MS using MRI

Chairs

J. Palace (Oxford, United Kingdom)

F. Barkhof (Amsterdam, Netherlands)

10:30 - 11:00

Aging and vascular diseases

F. Barkhof (Amsterdam, Netherlands)

11:00 - 11:30

Neuromyelitis spectrum disorders

J. Palace (Oxford, United Kingdom)

11:30 - 12:00

MS mimics

A. Rovira (Barcelona, Spain)

Scientific Programme

Teaching Courses, Hall F	
10:30 - 12:00	Teaching Course 9 Cognition
	Chairs
	M.P. Amato (Florence, Italy)
	J. DeLuca (New Orange, United States)
10:30 - 11:00	Epidemiology of cognitive impairment in MS: an update
	M.P. Amato (Florence, Italy)
11:00 - 11:30	Assessment: Pros and cons of available tools
	D. Langdon (Egham, United Kingdom)
11:30 - 12:00	Current approaches to management
	J. DeLuca (New Orange, United States)
Teaching Courses, Hall G	
10:30 - 12:00	Teaching Course 10 Myelin regeneration and neuroprotection
	Chairs
	C. Lubetzki (Paris, France)
	B. Stankoff (Paris, France)
10:30 - 11:00	Models of myelination and remyelination to identify potential therapeutic cues
	C. Lubetzki (Paris, France)
11:00 - 11:30	In vivo analysis of neuronal damage
	M. Kerschensteiner (Munich, Germany)
11:30 - 12:00	Molecular imaging to quantify tissue damage and repair
	B. Stankoff (Paris, France)
Teaching Courses, Moorfields Eye Hospital	
10:30 - 12:00	Teaching Course 16 OCT in clinical practise: a hands on teaching course
	Chairs
	A. Petzold (London, United Kingdom)
10:30 - 12:00	OCT in clinical practise: a hands on teaching course
	A. Petzold (London, United Kingdom)
Satellite Symposia, Hall B	
12:30 - 13:30	Symposium European Charcot Foundation

Scientific Programme

Teaching Courses, Hall C	
12:30 - 14:00	Teaching Course 11 Differential diagnoses
	Chairs S. Fredrikson (Stockholm, Sweden) A. Siva (Istanbul, Turkey)
12:30 - 13:00	Diagnostic and differential diagnostic aspects in MS S. Fredrikson (Stockholm, Sweden)
13:00 - 13:30	MRI - diagnostic possibilities and pitfalls A. Siva (Istanbul, Turkey)
13:30 - 14:00	Blood and CSF Biomarkers in the Diagnostic Process F. Sellebjerg (Copenhagen, Denmark)
Teaching Courses, Hall D	
12:30 - 14:00	Teaching Course 12 Neuromyelitis optica spectrum disorders
	Chairs K. Fujihara (Sendai, Japan) D.M. Wingerchuk (Scottsdale, United States)
12:30 - 13:00	Benefits and challenges of the new diagnostic criteria (2015) D.M. Wingerchuk (Scottsdale, United States)
13:00 - 13:30	Pathomechanisms of AQP4-IgG-, MOG-IgG- and seronegative diseases K. Fujihara (Sendai, Japan)
13:30 - 14:00	Management of typical, gray-zone and pregnant patients A. Jacob (Liverpool, United Kingdom)
Teaching Courses, Hall E	
12:30 - 14:00	Teaching Course 13 MRI as predictor of treatment response
	Chairs C. Gasperini (Rome, Italy) M. Tintoré (Barcelona, Spain)
12:30 - 13:00	Predictive model of treatment response in MS M.P.P. Sormani (Genoa, Italy)
13:00 - 13:30	Predicting treatment response M. Tintoré (Barcelona, Spain)
13:30 - 14:00	Scoring treatment response C. Gasperini (Rome, Italy)

Scientific Programme

Teaching Courses, Hall F	
12:30 - 14:00	Teaching Course 14 Patient empowerment and coping
	Chairs
	A. Solari (Milan, Italy)
	C. Heesen (Hamburg, Germany)
12:30 - 13:00	Self-management interventions
	R. Moss Morris (London, United Kingdom)
13:00 - 13:30	Evidence-based patient information
	C. Heesen (Hamburg, Germany)
13:30 - 14:00	Coping with severe MS
	A. Solari (Milan, Italy)
Teaching Courses, Hall G	
12:30 - 14:00	Teaching Course 15 Paediatric MS
	Chairs
	B. Banwell (Philadelphia, United States)
	C. Hemingway (London, United Kingdom)
12:30 - 13:00	Diagnosis of MS and related disorders
	C. Hemingway (London, United Kingdom)
13:00 - 13:30	MRI Features of MS in Children
	B. Banwell (Philadelphia, United States)
13:30 - 14:00	Genetic and environmental risk factors for pediatric MS
	E. Waubant (San Francisco, United States)
Parallel Sessions, Hall A	
14:00 - 15:30	Parallel Session 1 Challenges for care and research in MS outside Europe and North America
	Chairs
	X. Montalban (Barcelona, Spain)
	D. Miller (London, United Kingdom)
14:00 - 14:10	Asia
	T. Saida (Kyoto, Japan)
14:10 - 14:20	Middle East
	B. Yamout (Beirut, Lebanon)
14:20 - 14:30	Iran
	M.A.A. Sahraian (Tehran, Iran, Islamic Republic of)

Scientific Programme

14:30 - 14:40

Russia

A. Boyko (Moscow, Russian Federation)

14:40 - 14:50

Latin America

J. Correale (Buenos Aires, Argentina)

14:50 - 15:00

Brazil

M. Lana-Peixoto (Belo Horizonte, Brazil)

15:00 - 15:10

Australia & New Zealand

W. Carroll (Nedlands, Australia)

14:00 - 15:30

Young Scientific Investigators' Sessions, Hall B

Young Scientific Investigators' Session 1

Chairs

T. Derfuss (Basel, Switzerland)

L. Leocani (Milan, Italy)

14:15 - 15:30

Nurses Sessions, Hall C

Nurses' Session 1

16:00 - 16:45

Hot Topic Sessions, Hall A

**Hot Topic 1 The initial treatment of early active relapsing
remitting MS should be with a potent induction therapy
rather than standard immunomodulation then escalation**

Chairs

L. Kappos (Basel, Switzerland)

A. Compston (Cambridge, United Kingdom)

16:00 - 16:15

For

G. Edan (Rennes, France)

16:15 - 16:30

Against

E. Waubant (San Francisco, United States)

16:30 - 16:35

Summary

L. Kappos (Basel, Switzerland)

Scientific Programme

16:00 - 17:15

Young Scientific Investigators' Sessions, Hall B

Young Scientific Investigators' Session 2

Chairs

F. Fazekas (Graz, Austria)

J. Sastre-Garriga (Barcelona, Spain)

16:00 - 17:15

Nurses Sessions, Hall C

Nurses' Session 2

17:30 - 18:30

Satellite Symposia, Hall B

Satellite Symposium

Supported by Roche

18:45 - 19:45

Satellite Symposia, Hall A

Satellite Symposium

Supported by Merck Serono

Scientific Programme

Thursday, 15 September 2016

07:45 - 08:45

Satellite Symposia, Hall A
Satellite Symposium

Supported by Biogen

09:00 - 10:15

Plenary Sessions, Hall A
Plenary Session 1

Chairs

X. Montalban (Barcelona, Spain)
D. Miller (London, United Kingdom)

09:00 - 09:25

Opening event

09:25 - 10:10

ECTRIMS lecture: “MS diagnosis and personalised treatment”
X. Montalban (Barcelona, Spain)

10:10 - 10:15

Official Opening

10:45 - 12:15

Parallel Sessions, Hall A
Parallel Session 2 Neuroprotection in MS: focus on acute optic neuritis

Chairs

M. Craner (Oxford, United Kingdom)
L.J. Balk (Amsterdam, Netherlands)

10:45 - 11:05

Tools for measuring neuroaxonal loss in the visual pathway
P. Calabresi (Baltimore, United States)

11:05 - 11:25

Results of optic neuritis trials
R. Kapoor (London, United Kingdom)

10:45 - 12:15

Parallel Sessions, Hall B
Parallel Session 3 NMO update

Chairs

J. de Seze (Strasbourg, France)
D.M. Wingerchuk (Scottsdale, United States)

10:45 - 11:05

New trial designs and treatment approaches for NMO
K. Fujihara (Sendai, Japan)

Scientific Programme

11:05 - 11:25

MOG antibodies and inflammatory CNS disease

J. Palace (Oxford, United Kingdom)

10:45 - 12:15

Parallel Sessions, Hall C

Parallel Session 4 The innate immune system in MS

Chairs

J. Antel (Montreal, Canada)

R. Liblau (Toulouse, France)

10:45 - 11:05

Mechanisms of innate immune system-mediated tissue damage

K. Akassoglou (San Francisco, United States)

11:05 - 11:25

Therapies directed at modulating the innate immune system

R.J. Fox (Cleveland, United States)

10:45 - 12:15

Parallel Sessions, Hall D

Parallel Session RIMS 1 Multi-Disciplinary Rehabilitation

Chairs

A.J. Thompson (London, United Kingdom)

U. Dalgas (Aarhus, Denmark)

10:45 - 11:05

Effects of highly specialized rehabilitation for patients with multiple sclerosis: The Danish MS Hospitals Rehabilitation Study

F. Boesen (Haslev, Denmark)

11:05 - 11:25

Rehabilitation strategies for progressive multiple sclerosis: what works, what does not, and what is needed

J. Freeman (Plymouth, United Kingdom)

11:25 - 11:45

Behavioral change interventions to increase physical activity

L. Hale (Dunedin, New Zealand)

13:00 - 14:00

Satellite Symposia, Hall B

Satellite Symposium

supported by Novartis

Scientific Programme

14:15 - 15:45

Parallel Sessions, Hall A

Parallel Session 5 New developments in pathophysiologically-based symptomatic therapy

Chairs

A.J. Thompson (London, United Kingdom)
M. Clanet (Toulouse, France)

14:15 - 14:35

Improving mobility in MS

D. Centonze (Rome, Italy)

14:35 - 14:55

Treating MS bladder dysfunction

J. Panicker (London, United Kingdom)

14:15 - 15:45

Parallel Sessions, Hall B

Parallel Session 6 New techniques to image neuroprotection and repair

Chairs

N. De Stefano (Siena, Italy)
D. Reich (Bethesda, United States)

14:15 - 14:35

Is there anything better than atrophy for imaging neuroprotection?

J. Oh (Toronto, Canada)

14:35 - 14:55

Is MTR a robust measure of tissue repair?

C. Enzinger (Graz, Austria)

14:15 - 15:45

Parallel Sessions, Hall C

Parallel Session 7 Mitochondrial dysfunction and energy deficits mediating neurodegeneration in MS

Chairs

B. Trapp (Cleveland, United States)
W. Brück (Göttingen, Germany)

14:15 - 14:35

Evidence from experimental models

K. Smith (London, United Kingdom)

14:35 - 14:55

Evidence in MS neuropathology

D. Mahad (Edinburgh, United Kingdom)

Scientific Programme

14:15 - 15:45	Parallel Sessions, Hall D Parallel Session RIMS 2 Symptomatic Management
	Chairs P. Hämäläinen (Masku, Finland) D. Kos (Leuven, Belgium)
14:15 - 14:25	Treating disabling MS fatigue: The TREFAMS study V. de Groot (Amsterdam, Netherlands)
14:25 - 14:35	Rehabilitation programs for cognition F. Patti (Catania, Italy)
15:45 - 17:00	Poster Sessions, Poster Exhibition Poster Session 1
16:00 - 17:00	Social Media Session, Hall D Burning debate: People in wheelchairs should be included in progressive MS trials This burning debate will address the topical issue of whether people in wheelchairs should be included in trials for progressive MS. Two opposing views will be put forward to spark debate about the reasons why a significant proportion of people with MS are excluded from clinical trials of disease modifying trials. Votes will be cast via twitter using #burningdebate .
	Chairs C. Oreja-Guevara (Madrid, Spain)
16:00 - 16:05	Introduction
16:05 - 16:17	YES K. Schmierer (London, United Kingdom)
16:17 - 16:29	NO P.K. Coyle (Stony Brook, United States)
16:29 - 16:54	Discussion
16:54 - 17:00	Summary and closing vote
17:00 - 17:45	Hot Topic Sessions, Hall A Hot Topic 2 Bone marrow transplantation is a justifiable treatment for active relapsing multiple sclerosis Chairs P.A. Muraro (London, United Kingdom) N. Scolding (Bristol, United Kingdom)

Scientific Programme

17:00 - 17:15

For

G. Mancardi (Genoa, Italy)

17:15 - 17:30

Against

J.A. Cohen (Cleveland, United States)

17:30 - 17:35

Summary

P.A. Muraro (London, United Kingdom)

17:00 - 17:45

Hot Topic Sessions, Hall B

Hot Topic 3 Risk factors for progression of MS

Chairs

H. Tremlett (Vancouver, Canada)

J.-i. Kira (Fukuoka City, Japan)

17:00 - 17:15

Genetic factors associated with progression of MS

S. Sawcer (Cambridge, United Kingdom)

17:15 - 17:30

Environmental factors associated with progression of MS

A. Ascherio (Boston, United States)

17:30 - 17:35

Summary

H. Tremlett (Vancouver, Canada)

17:00 - 17:45

Hot Topic Sessions, Hall C

Hot Topic 4 Biomarkers associated with the development of PML

Chairs

D. Brassat (Toulouse, France)

M. Comabella (Barcelona, Spain)

17:00 - 17:15

Pathogenesis of PML and other JC virus-associated brain diseases

I. Koralnik (Boston, United States)

17:15 - 17:30

Immunological markers

H. Wiendl (Münster, Germany)

17:30 - 17:45

Genomics biomarkers

D. Brassat (Toulouse, France)

18:00 - 19:00

Satellite Symposia, Hall B

Satellite Symposium

Supported by Teva

Scientific Programme

19:15 - 20:15

Satellite Symposia, Hall A

Satellite Symposium

Supported by Alexion

Scientific Programme

Friday, 16 September 2016

08:00 - 09:00

Satellite Symposia, Hall B
Satellite Symposium

09:15 - 10:15

Free Communications, Hall A
Free Communications 1

Chairs

K. Selmaj (Lodz, Poland)
R. Gold (Bochum, Germany)

09:15 - 10:15

Free Communications, Hall B
Free Communications 2

Chairs

N. Robertson (Cardiff, United Kingdom)
E. Havrdová (Prague, Czech Republic)

09:15 - 10:15

Free Communications, Hall C
Free Communications 3

Chairs

A.J. Coles (Cambridge, United Kingdom)
J. Hillert (Stockholm, Sweden)

10:45 - 12:15

Parallel Sessions, Hall A
**Parallel Session 8 Long term outcome after presentation
with a clinically isolated syndrome**

Chairs

N. Evangelou (Nottingham, United Kingdom)
A. Traboulsee (Vancouver, Canada)

10:45 - 11:05

Imaging markers of prognosis
O. Ciccarelli (London, United Kingdom)

11:05 - 11:25

Evidence for therapeutic modulation
M. Tintoré (Barcelona, Spain)

Scientific Programme

Parallel Sessions, Hall B	
10:45 - 12:15	Parallel Session 9 Remyelination: mechanisms and therapeutic approaches
	Chairs S. Chandran (Edinburgh, United Kingdom) S. Goldman (Rochester, United States)
10:45 - 11:05	Myelination: mechanisms and function in healthy CNS K.-A. Nave (Göttingen, Germany)
11:05 - 11:25	Remyelination in MS: therapeutic approaches C. Lubetzki (Paris, France)
Parallel Sessions, Hall C	
10:45 - 12:15	Parallel Session 10 Comorbid diseases in people with MS
	Chairs B. Uitdehaag (Amsterdam, Netherlands) I. Mylonas (Thessaloniki, Greece)
10:45 - 11:05	Non-vascular disease comorbidity in MS P.S. Sorensen (Copenhagen, Denmark)
11:05 - 11:25	Vascular disease comorbidity in MS R.A. Marrie (Winnipeg, Canada)
Parallel Sessions, Hall D	
10:45 - 12:15	Parallel Session RIMS 3 Neurobiology and Rehabilitation
	Chairs G. Comi (Milan, Italy) J. Sastre-Garriga (Barcelona, Spain)
10:45 - 10:55	Neural and Lifestyle Correlates of Cognitive and Affective Symptom Rehabilitation in Multiple Sclerosis R.S. Prakash (Columbus, United States)
10:55 - 11:05	Functional and Structural Brain Plasticity Enhanced by Motor and Cognitive Rehabilitation in Multiple Sclerosis L. Prosperini (Rome, Italy)
Satellite Symposia, Hall A	
12:45 - 13:45	Satellite Symposium Supported by Sanofi Genzyme

Scientific Programme

Parallel Sessions, Hall A	
14:00 - 15:30	Parallel Session 11 Insights to long term treatment effects from MS registries and databases Chairs M. Trojano (Bari, Italy) S. Vukusic (Lyon, France)
14:00 - 14:20	The UK Risk Sharing Scheme: 10-year follow up M. Duddy (Newcastle, United Kingdom)
14:20 - 14:40	MSBase: studies to date and future prospects H. Butzkueven (Melbourne, Australia)
Parallel Sessions, Hall B	
14:00 - 15:30	Parallel Session 12 New directions in progressive MS research Chairs F. Lublin (New York, United States) G. Comi (Milan, Italy)
14:00 - 14:20	The evolving understanding of pathogenic mechanisms of progressive MS C. Stadelmann (Göttingen, Germany)
14:20 - 14:40	New trial designs and experimental therapies J. Chataway (London, United Kingdom)
Parallel Sessions, Hall C	
14:00 - 15:30	Parallel Session 13 Cognition in MS Chairs A. Feinstein (Toronto, Canada) I. Penner (Düsseldorf, Germany)
14:00 - 14:20	Mechanisms of cognitive impairment: insights from imaging M.M. Schoonheim (Amsterdam, Netherlands)
14:20 - 14:40	Cognitive rehabilitation in MS M.P. Amato (Florence, Italy)
Poster Sessions, Poster Exhibition	
15:30 - 17:00	Poster Session 2

Scientific Programme

15:45 - 16:45

Social Media Session, Hall C

Google Hangout: Meeting Highlights

A google hangout broadcast from ECTRIMS with Barts MS researchers sharing highlights from the meeting.

Chairs

A. Thomson (London, United Kingdom)

15:45 - 16:45

ECTRIMS Highlights

S. Gnanapavan (London, United Kingdom)

D. Baker (London, United Kingdom)

17:00 - 17:45

Hot Topic Sessions, Hall A

Hot Topic 5 B-cell depletion therapy: a panacea for MS?

Chairs

R. Hohlfeld (Munich, Germany)

C. Hemingway (London, United Kingdom)

17:00 - 17:15

B-cell mediated pathogenic mechanisms in MS

A. Bar-Or (Montreal, Canada)

17:15 - 17:30

Clinical trials and role of B-cell depletion therapy in relapsing-remitting MS

S. Hauser (San Francisco, United States)

17:30 - 17:45

Clinical trials and role of B-cell depletion therapy in progressive MS

B. Hemmer (Munich, Germany)

17:00 - 17:45

Hot Topic Sessions, Hall B

Hot Topic 6 Recent advances in imaging MS

Chairs

P. Matthews (London, United Kingdom)

M. Filippi (Milano, Italy)

17:00 - 17:10

Network analysis in MS through in vivo imaging

P. Tewarie (Amsterdam, Netherlands)

17:10 - 17:20

PET imaging of cellular and molecular abnormalities in MS

B. Stankoff (Paris, France)

17:20 - 17:25

Summary

P. Matthews (London, United Kingdom)

Scientific Programme

17:00 - 17:45

Hot Topic Sessions, Hall C

Hot Topic 7 CSF biomarkers can predict the course of MS and response to treatment

Chairs

T. Olsson (Stockholm, Sweden)

J. Correale (Buenos Aires, Argentina)

17:00 - 17:15

For

G. Giovannoni (London, United Kingdom)

17:15 - 17:30

Against

A.E. Miller (New York, United States)

17:30 - 17:40

Summary by chair with future perspectives

T. Olsson (Stockholm, Sweden)

18:00 - 19:00

Satellite Symposia, Hall A

Satellite Symposium

Supported by Biogen

19:15 - 20:15

Satellite Symposia, Hall A

Satellite Symposium

Supported by MedImmune

Scientific Programme

Saturday, 17 September 2016

07:15 - 08:15

Satellite Symposia, Hall B
Satellite Symposium

08:30 - 10:00

Parallel Sessions, Hall B
Parallel Session 14 Late Breaking News
Chairs
H.-P. Hartung (Düsseldorf, Germany)
S. Dhib Jalbut (New Brunswick, United States)

10:30 - 12:30

Plenary Sessions, Hall B
Plenary Session 2

Chairs
D. Miller (London, United Kingdom)
X. Montalban (Barcelona, Spain)

10:30 - 11:00

Confavreux Lecture: Where do we go with imaging in clinical trials for MS?
J.S. Wolinsky (Houston, United States)

11:00 - 11:20

Scientific highlights
E. Meinl (Munich, Germany)

11:20 - 11:40

Clinical highlights
M. Hutchinson (Dublin, Ireland)

11:40 - 12:20

Presentation of selected poster awards, awards for best oral presentations by young researchers, the MSIF award, awards for best RIMS poster and best RIMS oral presentation as well announcement of ECTRIMS Honorary Members

12:20 - 12:30

Welcome to Paris
C. Lubetzki (Paris, France)
