AMERICANS WITH DISABILITIES ACT

The AANS wishes to take those steps to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently than other individuals because of the absence of auxiliary aids and services. If you require any of the auxiliary aids or services identified in the Americans with Disabilities Act in order to attend any AANS program, please contact the AANS Division of Education and Meetings prior to arrival.

THOMAS J. LEIPZIG, MD, FAANS

Course director, Goodman-Campbell Brain & Spine, Indianapolis

Dr. Leipzig received his MD from the University of Chicago, Pritzker School of Medicine. Since he completed his neurosurgical training, he has been practicing with Goodman-Campbell Brain & Spine with a special interest in patients with cerebrovascular

conditions. He is a member of the Indiana University Department of Neurosurgery faculty, faculty for the AANS Goodman Oral Board Preparation course and a past president of the Indiana State Neurosurgical Society. Dr. Leipzig is currently chair of the AANS MOC/CME Committee and is also a member of the Education and Practice Management Committee.
