

AOFAS SPECIALTY DAY

Saturday, March 5, 2016

West Building, Orange County Convention Center - Room W224

7:00 am – 5:20 pm

PRELIMINARY PROGRAM (Subject to change)

Current as of 9-11-15

General Information

Description

This meeting is designed to identify areas of recent research in the field of orthopaedic foot and ankle surgery relevant to practicing physicians, surgeons, and allied health professionals. This information will be transmitted through scientific paper presentations, question and answer sessions, surgical technique videos and symposia presentations.

Statement of Need

A need for this educational activity has been determined based on previous course evaluations, the AOFAS CME curriculum and on current issues and topics provided by AOFAS membership and leadership.

Target Audience

This program should prove valuable to any orthopaedic surgeon, physician, or allied health professional in the field of orthopaedic foot and ankle surgery.

Educational Objectives

At the conclusion of this meeting, learners should be able to:

- Evaluate current data reflecting clinical trends, emerging surgical techniques, pre- and postoperative procedures and technological innovations in orthopaedic foot and ankle patient care
- Compare and contrast operative and non-surgical treatment strategies for foot and ankle injuries and disorders
- Identify ways to analyze, manage and avoid complications of foot and ankle problems
- Describe and apply strategies to improve patient outcomes

Accreditation

The American Orthopaedic Foot & Ankle Society (AOFAS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

AMA/PRA Credit

The American Orthopaedic Foot & Ankle Society (AOFAS) designates this live activity for a maximum of **9 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure

The AOFAS requires all instructors, planners and other individuals in a position to control or influence the content of an educational activity to disclose all relevant financial relationships or affiliations during the past 12 months with any commercial interest (any entity producing, marketing, re-selling, or distributing health care goods and services consumed by, or used on patients). All identified conflicts of interest must be resolved and the education content vetted by the AOFAS for fair balance, scientific objectivity and appropriateness. The AOFAS also requires faculty to disclose when off-label/unapproved uses of a product are discussed in a CME activity. The AOFAS attests that the persons responsible for the development of this educational activity did so independently and were not influenced by commercial supporters. All financial disclosures will be provided to meeting attendees in the final program materials.

Disclaimer

The material presented in this continuing medical education activity has been made available by the American Orthopaedic Foot & Ankle Society (AOFAS) for educational purposes only. Methods, techniques and procedures demonstrated and views and opinions expressed by speakers, presenters and faculty are on their own, and do not necessarily represent those of the AOFAS nor does presentation on the program represent or constitute endorsement or promotion by the AOFAS. The AOFAS expressly disclaims any warranties or guaranties, expressed or implied, and shall not be liable for damages of any kind in connection with the material, methods, information, techniques, opinions or procedures expressed, presented or demonstrated. AOFAS may photograph or record you as you participate in this meeting and related activities. Meeting lectures and questions from the audience will be captured and recordings made available in the future. Photos and recordings may be used by the AOFAS in future promotional materials.
