Speaker

Beth Paton, MSN, RN-BC, PPCNP-BC, CEN, CPEN, FAEN

Beth has almost 20 years of experience in Pediatric Nursing. She received her BSN in 1992, and in 1999 received her MSN as a Family Nurse Practitioner and became certified as a Pediatric Nurse Practitioner. Beth worked in a Pediatric Emergency Department for 16 years, serving as a staff nurse, nurse educator, charge nurse and transport nurse on the hospital flight team. She was also a nurse at a Level I Trauma Center on a per diem basis for six years. Beth has given lectures on various pediatric topics both locally and nationally for over ten years, including national conferences. She is a qualified instructor for PALS, ACLS, BCLS and PBTLS, and is a Certified Emergency Nurse and Certified Pediatric Emergency Nurse. Beth has served as the president of her local chapter of the ENA and is active in her state chapter as well. She is currently employed by Pediatric Surgical Group as an NP and moonlights at local Urgent Care Centers for Le Bonheur Children's Hospital in Memphis, TN. Beth has also published several articles related to Pediatric Emergency Medicine in peer-reviewed journals and regularly participates in clinical research projects. Her years of experience in the Emergency Department have given her many stories of real-life cases of common—and some uncommon—pediatric diagnoses.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.

Course Description and Program Learning Outcomes

This two-day seminar is for nurses who care for pediatric patients. This course serves as a review for the Certified Pediatric Nurse (CPN®)* Exam. The CPN® Exam is for the nurse who has pediatric practice experience and who demonstrates knowledge and abilities related to pediatric nursing beyond basic RN licensure.

This program prepares the learner to:

- Describe the Certified Pediatric Nurse Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.

Registration Fees and Information

Tuition includes lunch, Program Manual and CE Certificate

Children's of Alabama Employees

Complimentary for both days

Non-Employees

\$325 for both days
