FULL DAY PASS – 10am to 2am
Adult: \$420, Child: \$270

This is a firm resort policy. This fee is subject to change without notice at the discretion of resort management.

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 *AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1034088; Expiration Date 11/3/16.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category 1 credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), Georgia Board of Nursing (Provider Number 50-7480), and the South Carolina Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Providenciales, often called Provo, is one of seven inhabited islands in the 40-island chain, Turks and Caicos, which forms the southeast tip of the Bahamas. This heavenly, 38 mile-long island set in crystal turquoise waters boasts a 14 mile-long white sand beach and provides spectacular scuba diving and snorkeling opportunities. Off the shore, an extensive barrier reef system subdues the power of the Atlantic while producing miles of shallow reefs, sloping and vertical mini-walls, and deep reefs. Paralleling the coastline is one of the most exceptional walls in the Caribbean from steep cascading Plate Corals to dramatic Black Coral trees and delicate invertebrate structures cloaked in elaborate sponge formations. Beautiful tropical fish flow in schools across the reef; eagle rays, sharks, turtles, dolphins, and manta rays are seen with some regularity in these waters. These dive sites are pristine, many seeming to be untouched by man. Is there anything for the non-diver? Aside from the unsurpassed opportunity to relax and enjoy the warmth of the sun, breathe the pure air, and walk the sugar beach, Provo hosts the only 18 hole golf course on Turks and Caicos. Windsurf, yacht, fish, play tennis, or bicycle. Take a drive, tour by scooter, or hop a chartered boat or flight to some of the uninhabited islands for beachcombing “par excellence,” or explore the artifacts and buildings of an old sisal and salt industry. Enjoy varied cuisine and meet new friends in a variety of nightclubs.

PASSPORT REQUIRED

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltravel1.com

SCHEDULE

Sunday, October 29

0730	Registration – Mandatory Sign In*	
0755	Welcome	NWAS Staff
0800	Blowin' in the Wind: Pulmonary Function Tests for Assessment	I.Osborn
0900	The Neurosurgical Airway: Challenges, Myths, Innovations	I.Osborn
1000	Break	
1015	Pacemakers and ICDs: Anesthesia Considerations	C.Smith
1115	Multimodal Analgesia	J.Ortiz
1215	Adjourn	1 Pharmacology

Monday, October 30

0745	Registration – Mandatory Sign In*	
0800	Checklist for Trauma and Emergency Anesthesia	C.Smith
0900	Golden Hour to Golden Day: Concurrent Polytrauma	C.Smith
1000	Break	
1015	Ultrasound-Guided Regional Anesthesia of the Upper Extremity	J.Ortiz
1115	What's New in Neuroanesthesia?	I.Osborn
1215	Adjourn	0.6 Pharmacology

Tuesday, October 31

0745	Registration – Mandatory Sign In*	
0800	Ultrasound-Guided Truncal Blocks and Neuraxial Techniques	J.Ortiz
0900	Regional Anesthesia in the Febrile Patient With an Abnormal INR: Should I Proceed?	J.Ortiz
1000	Break	
1015	Time is Brain! Management of Acute Ischemic Stroke	I.Osborn
1115	Anesthetic Issues in Orthopedic Trauma	C.Smith
1215	Adjourn	0.8 Pharmacology

Wednesday, November 1 – Open Day

Thursday, November 2

0745	Registration – Mandatory Sign In*	
0800	Look Ma, No Tube! Exploring the Noninvasive Ventilation Techniques	I.Osborn
0900	Massive Transfusion Protocols in Trauma Anesthesia	C.Smith
1000	Break	
1015	Ultrasound-Guided Regional Anesthesia of the Lower Extremity	J.Ortiz
1115	Complications of Regional Anesthesia	J.Ortiz
1215	Adjourn	0.5 Pharmacology

Friday, November 3

0745	Registration – Mandatory Sign In*	
0800	Cardiac Anesthesia and Trauma: Part I	C.Smith
0900	Cardiac Anesthesia and Trauma: Part II	C.Smith
1000	Break	
1015	Obstructive Sleep Apnea: Pathophysiology and Anesthetic Considerations	I.Osborn
1115	PBLD: The Morbidly Obese Patient for Craniotomy	I.Osborn
1215	Adjourn	0.6 Pharmacology

20 CME I / 20 CEC / 3.5 Pharmacology Hours†

***Breakfast will not be served at the meeting.**

Children and non-registered guests are not allowed to attend the lectures.

Course Registration

170TC

TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 7/31/17)</i>	\$950	\$900	\$800
Regular <i>(Paid after 7/31/17)</i>	\$1000	\$950	\$850
Daily	\$205	\$194	\$174

PAYMENT METHODS:

Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to NWAS.

SCHEDULE AND FACULTY CHANGES:

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWAS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:

\$100 August 30, 2017 to September 29, 2017. No refund after September 29, 2017; however, 50% of tuition paid may be applied toward tuition for another NWAS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):

FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.

ERRONEOUS PRICING NOTICE:

Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
