8th National Conference

Updates in Emergency Medicine 2016

An essential conference for all
specialists in prehospital, emergency
and acute medicine

Kensington Close Hotel, London
10th & 11th March 2016

Benefits of attending Emergency Medicine 2016:

- Gain insights into working with frequent callers to the ambulance service.
- Assess current paramedic practice, including a novel prehospital pain assessment tool, how to identify a traumatic brain injury, and prehospital care following a seizure.
- Evaluate the achievements and future challenges of the STEP campaign.
- Gain advice about managing A&E admission of both diabetes and acute kidney injury.
- Discover the association between prehospital care and in-hospital treatment decisions in acute stroke.
- Share and exchange ideas with the leading experts in the field.

The emergency care system in the UK has been under increasing pressure over the last few years, and priorities are being put into place to overcome these challenges, for the good of patients and healthcare professionals.

Updates in Emergency Medicine 2016 will attempt to address some of these issues and will provide practical advice and ideas about how to optimise patient care in prehospital settings and the emergency department.

Who should attend?

Emergency Medicine 2016 will be of particular interest to the following:

- Specialists in emergency medicine
- Specialists in acute medicine
- Paramedics and prehospital care specialists
- Specialists in trauma and orthopaedics
- Anaesthetists
- Specialists in critical care and intensive care
- General physicians
- Nurse specialists and practitioners in emergency medicine and acute care
- All trainees in these disciplines
