CURRICULUM FOR RESIDENT EDUCATION IN SURGICAL TECHNIQUE

Separate registration required (\$)

In this two-hour Train-the-Trainer breakout session, experts give real-time feedback as you practice five simulated FLS skills: Suturing (intracorporeal and extracorporeal), ligating loop, peg transfer and circle cutting. The CREST platform was designed to provide high-yield surgical education to program directors and residents. The session reinforces skills through simulation and serves as a framework for immediate incorporation into participants' institutions. Read more details and view video demos at www.acog.org/crest.
