FEATURING

- Comprehensive Main Symposium
- Simultaneous session for Advanced Practice Nurses
- ABIM Maintenance of Certification Learning Sessions

OPTIONAL PRESYMPOSIUM
**Advances in Prevention of
Coronary Artery Disease**
Saturday, August 20, 2016
11 am – 5 pm

Join us at Cleveland Clinic's 17th Annual Intensive Review of Cardiology: Comprehensive Update and Advances

Dear Colleague,

You are expressly invited to attend the *17th Annual Intensive Review of Cardiology: Comprehensive Update and Advances*, August 21 – 24, 2016, at the InterContinental Hotel and Bank of America Conference Center on the Cleveland Clinic main campus in Cleveland, Ohio.

This educational activity continues to be a wonderful forum to critically review current thinking and management of all the major cardiovascular disciplines. The focus will be on the delivery of contemporary medicine, including complex patient management and decision-making for practicing cardiologists. Cardiovascular board certification and re-certification examination candidates may also find this review useful.

This year we have a simultaneous session to address the needs of advanced practice nurses. We will also have three ABIM Maintenance of Certification Learning Sessions to assist physicians with their ABIM recertification or for those who would like an in-depth review.

You will find this symposium to be fun, clinically relevant, and stimulating. Get engaged in integrated audience interaction with reviews of cases, images, and relevant data during the lectures.

The comprehensive four-day program will be memorable. The review highlights clinical evaluation and management of the patient encountered in daily practice. Current ACC/AHA guidelines supporting treatment and management recommendations and treatment controversies and dilemmas will answer questions you may have.

Introducing an additional educational opportunity on Saturday, August 20th:

11:00 am – 5:00 pm

Advances in Prevention of Coronary Artery Disease

A Presymposium Focusing on Advances in Prevention of Coronary Artery Disease

Many other important topics and cases will be included. The Bank of America Conference Center has exceptional amenities that enhance learning and comfort. As codirectors, we truly hope you will be able to join us in August for this exciting and memorable educational activity that impacts your clinical decision making.

Sincerely,

Samir Kapadia, MD, FACC

Venugopal Menon, MD, FACC

ABIM Maintenance of Certification Learning Sessions

The Maintenance of Certification Learning Sessions will feature the American Board of Internal Medicine (ABIM) 2016 Clinical Cardiac Electrophysiology, 2016 Update in Interventional Cardiology, and the 2016 Update in Cardiovascular Disease knowledge modules. Clinical experts will lead interactive and collaborative in-depth discussions on each case-based question. Session attendees will actively participate in weighing the evidence case-by-case, discuss the options with the faculty and other participants, and identify the most appropriate answer to the ABIM questions.

As a result of attending these learning sessions, you will be able to use a self-evaluation strategy to identify and fill gaps in medical knowledge and clinical judgment in order to successfully complete the ABIM Maintenance of Certification or recertification.

Each module is worth 10 points toward Maintenance of Certification.

Who should attend?

Practicing cardiologists and cardiology fellows, physician assistants, nurses, advanced practice nurses, and mid-level practitioners seeking a comprehensive review of contemporary cardiovascular medicine will benefit from this Symposium.

Intensive Review of Cardiology will help you:

- Summarize results from research studies investigating the biologic basis and pathophysiology of cardiovascular diseases (CVD);
- Summarize results from recently completed and ongoing clinical trials for CVD and describe their potential impact on current medical practices;
- Present safety and efficacy data on the new drugs, formulations, and indications for CVD and describe their implications for clinical care;
- Describe the recent surgical innovations, including devices, techniques, and approaches for CVD;
- Review new developments in CV imaging technologies and assess their potential use in clinical care;
- Review recently revised guidelines related to CVD management strategies and assess their implications for clinical practice;
- Use a self-evaluation strategy to identify and fill gaps in medical knowledge and clinical judgment to successfully complete the ABIM Maintenance of Certification or recertification.

OPTIONAL PRESYMPOSIUM

Advances in Prevention of Coronary Artery Disease

Saturday, August 20, 2016

This presymposium will focus on advances in prevention of coronary artery disease.

As a result of attending this educational activity, you will be able to summarize the evidence base for current practices in the evaluation and management of coronary artery disease.

11:00 am	Registration/Light Lunch	1:30 pm	Refreshment Break	3:30 pm	Cardiac Rehab – Why Are We Underutilizing This Powerful Intervention? <i>Chad Raymond, DO</i>
11:50 am	Introduction <i>Samir Kapadia, MD</i> <i>Venu Menon, MD</i> <i>Leslie Cho, MD</i>	1:45 pm	Can We Prevent Cardiovascular Events With Specific Diabetic Agents? <i>Venu Menon, MD</i>	4:00 pm	Risk Prediction Utilizing CACS: Theory or Valid Practice <i>Haitham Sares, MD</i>
12:00 pm	New Guidelines for Lipid Lowering – What Works and What Does Not <i>Steven Nissen, MD</i>	2:15 pm	Intestinal Flora – A New Paradigm to Understanding Vascular Vulnerability <i>Stanley Hazen, MD, PhD</i>	4:30 pm	Dietary Prevention for CAD <i>Julie Zumpano, RD LD</i>
12:30 pm	HDL – What Do We Know in 2016? <i>Michael Rocco, MD</i>	2:45 pm	The Promise and Utility of PCSK9 Inhibitors <i>Leslie Cho, MD</i>	5:00 pm	Adjourn
1:00 pm	Triglycerides – Should We Ignore or Control? <i>A. Michael Lincoff, MD</i>	3:15 pm	Refreshment Break		

A question and answer period is included in each speakers allotted time.

Comprehensive Update and Advances

Sunday, August 21, 2016

7:00 am	Registration/Continental Breakfast/ Exhibits	9:45 am	Watchman is a Second Line Therapy for Selected Few <i>Oussama Wazni, MD</i>	2:30 pm	Pacemaker – Basics to Advanced Features and Monitoring <i>Niraj Varma, MD, PhD</i>
Electrophysiology		9:55 am	Discussion	3:00 pm	Refreshment Break/Exhibits
7:50 am	Introduction <i>Samir Kapadia, MD</i> <i>Venu Menon, MD</i>	10:00 am	Case-Based Approach to Atrial Fibrillation <i>Mohamed Kanj, MD</i>	CRT	
8:00 am	Expert Approach to Supraventricular Tachycardia <i>Mandeep Bhargava, MD</i>	10:30 am	Refreshment Break/Exhibits	3:15 pm	CRT Should Only be Offered to Patients with LBBB <i>Bruce Wilkoff, MD</i>
Management of Atrial Fibrillation		10:45 am	Frequent PVCs – Significance, When to Treat, and Treatment Options <i>Thomas Callahan IV, MD</i>	3:25 pm	Many Patients Without LBBB Can Benefit from CRT <i>Niraj Varma, MD, PhD</i>
8:45 am	Ablation is First Line Therapy – Pro <i>Oussama Wazni, MD</i>	11:15 am	Systematic Approach to Wide Complex Tachycardias <i>Khalidoun Tarakji, MD</i>	3:35 pm	Discussion
8:55 am	Ablation is First Line Therapy – Con <i>Walid Saliba, MD</i>	11:45 am	Ventricular Tachyarrhythmias <i>John ‘Jack’ Rickard, MD</i>	3:45 pm	Case Based Approach to CRT <i>Mark Niebauer, MD</i> <i>Bruce Wilkoff, MD</i>
9:05 am	Discussion	12:15 pm	Lunch	4:00 pm	ICD – Indications, Options and Follow-up <i>Daniel Cantillon, MD</i>
9:10 am	NOACs Are First Line Therapy – Pro <i>Christine Tanaka-Esposito, MD</i>	1:00 pm	Sudden Cardiac Death – Facts, Guidelines and Beyond <i>Mandeep Bhargava, MD</i>	4:30 pm	New EP Technologies – Leadless Pacemaker to Novel Ablation Technology <i>Thomas Dresing, MD</i>
9:20 am	NOACs Are First Line Therapy – Con <i>Khalidoun Tarakji, MD</i>	1:30 pm	Cases of SCD and Discussion <i>David Martin, MD</i> <i>Mark Niebauer, MD</i>	5:00 pm	ABIM Maintenance of Certification Learning Module 2016 Update in Clinical Cardiac Electrophysiology <i>Bryan Baranowski, MD</i>
9:30 am	Discussion	2:00 pm	Evaluation and Management of Syncope and POTS <i>Kenneth Mayuga, MD</i>	7:00 pm	Adjourn
9:35 am	Watchman Should Be Offered to Everyone <i>Mohamed Kanj, MD</i>				

Monday, August 22, 2016

6:30 am	Continental Breakfast/Exhibits
Interventional Cardiology	
7:00 am	ECG <i>Donald Underwood, MD</i>
8:00 am	Essential Clinical Pharmacology of Antiplatelet and Antithrombotic Agents <i>A. Michael Lincoff, MD</i>
8:30 am	Perspective on Revascularization in Stable Angina <i>Samir Kapadia, MD</i>
9:00 am	Evidence-Based Management of AMI <i>Stephen Ellis, MD</i>
9:30 am	Evidence-Based Management of USA and NSTEMI <i>A. Michael Lincoff, MD</i>
10:00 am	Bio-absorbable Stents <i>Stephen Ellis, MD</i>
10:30 am	Refreshment Break/Exhibits
10:45 am	Essentials of CTA for CAD Evaluation and Comparison to Stress Testing <i>Milind Desai, MD</i>
11:15 am	AUC for Coronary Intervention – Facts and Controversies <i>Joseph Cacchione, MD</i>
11:45 am	TAVR – Summary of Data <i>Amar Krishnaswamy, MD</i>
12:15 pm	Lunch
1:00 pm	TAVR – Valve Selection and Management of Complications <i>Jonathan White, MD</i>

1:30 pm	Critical Limb Ischemia – Current Status in 2016 <i>Mehdi Shishehbor, DO, PhD</i>
2:00 pm	Chronic Total Occlusion – Techniques and Rationale <i>Stephen Ellis, MD</i>
2:30 pm	Stroke Prevention Interventions – PFO Closure and LAA Occlusion <i>Amar Krishnaswamy, MD</i>
3:00 pm	Refreshment Break/Exhibits
3:15 pm	CAD in Diabetics – How Do I Manage? <i>Conrad Simpfendorfer, MD</i>
3:35 pm	LM Stenting – Is It Standard of Care? <i>Samir Kapadia, MD</i>
3:55 pm	Surgical Perspective of Multi-vessel Disease <i>Joseph Sabik, MD</i>
4:15 pm	Cardiogenic Shock <i>Venu Menon, MD</i>
4:35 pm	Radial Should Be Default Access <i>Phillip Erwin, MD, PhD</i>
5:00 pm	ABIM Maintenance of Certification Learning Session 2016 Update in Interventional Cardiology <i>Samir Kapadia, MD</i> <i>Venu Menon, MD</i>
7:00 pm	Adjourn

SIMULTANEOUS SESSION Special Session for Advanced Practice Nurses

1:00 pm	Patient with CAD and Chest Pain <i>Ravi Nair, MD</i>
1:20 pm	Patient Referred for Trans Aortic Valve Replacement <i>Amar Krishnaswamy, MD</i>
1:40 pm	Patient With Advanced Congestive Heart Failure <i>Emer Joyce, MD, PhD</i>
2:00 pm	Patient Referred for Atrial Fibrillation Ablation <i>Mohamed Kanj, MD</i>
2:20 pm	Patient with Severe Mitral Regurgitation <i>Richard A. Grimm, DO</i>
2:40 pm	Patient Referred for Cardiac Resynchronization Therapy <i>Niraj Varma, MD, PhD</i>
3:00 pm	Refreshment Break/Exhibits
3:15 pm	Patient on Intra-Aortic Balloon Pump, Impella, or Extracorporeal Membrane Oxygenation <i>Samir Kapadia, MD</i>
3:35 pm	Patient with Cardiogenic Shock <i>Venu Menon, MD</i>
3:55 pm	Patient with Aortic Dissection <i>Vidyasagar Kalahasti, MD</i>
4:15 pm	Billing and Practical Financials <i>Christine Berg</i>
4:30 pm	Adjourn

Tuesday, August 23, 2016

7:00 am	Continental Breakfast/Exhibits
Imaging	
8:00 am	Congenital Heart Disease <i>David Majdalany, MD</i>
8:30 am	Aortic Stenosis – Diagnosis and Management From Asymptomatic to Low Gradient AS <i>Brian Griffin, MD</i>
9:00 am	Mitral Regurgitation – Diagnosis and Management <i>William Stewart, MD</i>
9:30 am	Mitral Stenosis and Pulmonary Valve Disease <i>L. Leonardo Rodriguez, MD</i>
10:00 am	Tricuspid Valve Disease <i>Patrick Collier, MD, PhD</i>
10:30 am	Refreshment Break/Exhibits
10:45 am	Prosthetic Valvular Disease <i>Ellen Mayer Sabik, MD</i>

11:15 am	Management of Infective Endocarditis <i>Steven Gordon, MD</i>
11:45 am	Spotting the Zebra's: Rare But Typical Echo Presentation <i>Maran Thamilarasam, MD</i>
12:15 pm	Lunch
1:00 pm	Aortic Aneurysms – Diagnosis and Management Guidelines <i>Vidyasagar Kalahasti, MD</i>
1:30 pm	Diastolic Function Assessment <i>Allan Klein, MD</i>
2:00 pm	Role of Stress Testing in Asymptomatic Valvular Heart Disease <i>Richard A. Grimm, DO, PhD</i>
2:30 pm	Restriction and Constriction – Expert Approach <i>Allan Klein, MD</i>

3:00 pm	Refreshment Break/Exhibits
3:15 pm	HOCM – Indications for Surgery <i>Milind Desai, MD</i>
3:35 pm	Strain Analysis – When, How? <i>Dermot Phelan, MD, PhD</i>
3:55 pm	Imaging for Percutaneous Valve Therapies <i>L. Leonardo Rodriguez, MD</i>
4:15 pm	Utility of PET in CAD <i>Paul Cremer, MD</i>
4:40 pm	MRI for Ischemia and Viability <i>Deborah Kwon, MD</i>
5:00 pm	ABIM Maintenance of Certification Learning Session 2016 Update in Cardiovascular Disease <i>Venu Menon, MD</i>
7:00 pm	Adjourn

Wednesday, August 24, 2016

7:00 am	Continental Breakfast/ Exhibits	11:45 am	Risk Assessment of Patients Undergoing Non Cardiac Surgery <i>Ajay Bhargava, MD</i>	3:15 pm	How Do I Manage Refractory Hypertension? <i>Marc A. Pohl, MD</i>
Heart Failure and Clinical Cardiology					
8:00 am	Acute and Chronic Systolic and Diastolic Heart Failure <i>W.H. Wilson Tang, MD</i>	12:15 pm	Lunch	3:35 pm	Cardiooncology: How Can We Improve Patient Outcomes <i>Patrick Collier, MD, PhD</i>
9:00 am	Management of Advanced Heart Failure <i>David O. Taylor, MD</i>	1:00 pm	Non Invasive Assessment of LE PVD <i>Heather Gornik, MD</i>	3:55 pm	How Do I Work Up a Patient with Hypertrophic Obstructive Cardiomyopathy? <i>Harry Lever, MD</i>
9:30 am	Management of PHTN in Heart Failure <i>Miriam Jacob, MD</i>	1:20 pm	Medical Management of Claudication <i>Natalie Evans, MD</i>	4:15 pm	Optimal Imaging and Management of the Patient with Pericarditis <i>Allan Klein, MD</i>
10:00 am	Monitoring, Home Care and Follow Up of CHF Patients <i>Eiran Gorodeski, MD</i>	1:40 pm	Hypercoagulable States – Diagnosis and Management <i>John Bartholomew, MD</i>	4:40 pm	Work-up and Management of Patients with Pulmonary Hypertension <i>Miriam Jacob, MD</i>
10:30 am	Refreshment Break/Exhibits	2:00 pm	Interventional Approaches to Venous Disease <i>Phillip Erwin, MD, PhD</i>	5:00 pm	Heart Failure and General Board Review Questions <i>Eileen Hsich, MD and Emer Joyce, MD, PhD</i>
10:45 am	Hypertension Management: A Discussion of the SPRINT Trial <i>George Thomas, MD</i>	2:20 pm	Carotid Stenting – Indications <i>Christopher Bajzer, MD</i>	6:00 pm	Adjourn
11:15 am	DAP Prior to Surgery and High Troponin After Non Cardiac Surgery <i>Venu Menon, MD</i>	2:40 pm	FMD – Diagnosis and Management <i>Esther Kim, MD</i>		
		3:00 pm	Refreshment Break/Exhibits		

General Information

Location

InterContinental Hotel and Bank of America Conference Center
9801 Carnegie Avenue
Cleveland, OH 44106
Phone Number: 216.707.4100 or 877.707.8999

Hotel Accommodations

A block of rooms has been reserved at the InterContinental Hotel until 5:00 pm ET on July 19, 2016. To make your reservations, contact the Hotel Reservations Department at 216.707.4100 or 855.765.8709. Identify yourself as being with the **Cleveland Clinic Intensive Review of Cardiology Symposium** for special rates:

InterContinental Hotel and Bank of America Conference Center:
\$188 single/double plus tax (online code CGS)
9801 Carnegie Avenue
Cleveland, OH 44106

Information

For further information about this Symposium, contact the Cleveland Clinic Center for Continuing Education.

Local: 216.444.9990
Website: ccfcmc.org/GoCardioReview

Parking

Parking is available in the East 100th St./Carnegie Ave. Visitor's Parking Garage at prevailing rates of \$10/day. Valet parking is available at the hotel for an additional charge.

Americans with Disabilities Act

The Cleveland Clinic Foundation Center for Continuing Education fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify us at least two weeks prior to the activity.

Faculty Disclosure

The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

New This Year

Bundle the live meeting registration and access to "Intensive Review of Cardiology" for one-low price, only available to attendees. Cardiology Review Demand brings you the convenience of revisiting the sessions from this year's live review course anytime, anyplace. It includes online access, a USB drive for convenient offline access, and an advanced search feature – find any word, on any slide.

Accreditation

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates

- Advances in Prevention of Coronary Artery Disease (August 20, 2016) live activity for a maximum of 4.75 AMA PRA Category 1 Credits™.
- Intensive Review of Cardiology (August 21 – 24, 2016) live activity for a maximum of 39.25 AMA PRA Category 1 Credits™.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

Other Credits

American Academy of Nurse Practitioners (AANP) accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME.

American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for AMA PRA Category 1 Credits™ from organizations accredited by the ACCME. Physician Assistants may receive a maximum of 44 hours of credit for completing these programs.

Other Health Care Professionals

A certificate of attendance will be provided to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Recording or reproducing of this course in any format is prohibited.

Registration Information

Fees

Full Registration Fee includes: Continental breakfasts, lunches, refreshment breaks, and post online faculty presentations in PDF format.

Per Day Registration Fee includes: Continental breakfast, lunch, refreshment breaks, and post online faculty presentations in PDF format.

The Cleveland Clinic Cardiology Board Review (2nd Edition, 2013) textbook is available for \$110.

17th Annual Intensive Review of Cardiology	Full Event	Live and On Demand Bundle	Per Day	Per Day Live and On Demand Bundle
Physician	\$1,000	\$1,400	\$300	\$700
Cleveland Clinic Alumnus	\$700	\$1,100	\$210	\$610

*Letter from program director is required to receive the discounted fee. If letter is not received two weeks prior to the activity, the full physician fee will be charged.

Optional Presymposium – Advances in Prevention of Coronary Artery Disease	Fee
Saturday, August 20, 2016 – 11:00 am – 5:00 pm	\$125

Group Discount Available

Groups of 3 or more from the same office/institution will receive a \$100 discount off the full registration fee. Group rates are not applicable to the Saturday Optional Advances in Prevention of Coronary Artery Disease or ABIM Medical Knowledge Modules. Registration forms must be submitted together by mail or completed within 48 hours online.

Visit www.ccfme.org/GoCardioReview for complete registration information.

Registration and Cancellation

Preregistrations are accepted until 2:00 pm ET August 18, 2016. Register on site after this date. In case of cancellation, a full refund will be made if canceled by August 10, 2016. After August 10, 2016, a \$125 cancellation fee will be deducted from your refund. Email notification of your cancellation by August 31, 2016 is required to process your refund. For questions about registration or cancellation, email us at cmeregistration@ccf.org or call 216.448.8710.

Cleveland Clinic Center for Continuing Education reserves the right to cancel or postpone an activity at our sole discretion. In the unlikely event that this occurs, any registration fee(s) paid will be refunded. Be advised that Cleveland Clinic is not responsible for related costs including airline tickets, hotel costs, or any similar fee penalties incurred as a result of any trip cancellations or changes.
