| <b>Wednesday</b> | 07:30 - 16:00                              | 09:30 - 14:30                | 07:30 - 14:30         |               |

Exhibitors are asked to staff stands during all main coffee and lunch breaks, at other times the exhibition area is accessible to delegates, although stands need not be attended.

## DEAR COLLEAGUE,

We are delighted to welcome you to the annual meeting of the Association of Coloproctologists for Great Britain and Ireland (ACPGBI), in the wonderful historic city of Edinburgh. We hope that you get the chance to see some of the city while you are here.

The programme has been designed to provide a wide overview of current and controversial areas in coloproctology. It ranges from the prevention of colorectal disease to the management of advanced disease and complications of treatment. There is something for everyone, and, indeed, we hope that the whole programme will be of real interest to everyone involved in the management of colorectal disease in its widest sense. Not forgetting Tuesday's conference dinner at the National Museum of Scotland, which promises to be a fun night of Scottish food and dancing.

We would like to thank all of our sponsors and exhibitors for taking part as, without their involvement, this event would not have been possible, and we ask you to fully support their investment by taking time to visit all stands in the exhibition in the Lennox Hall. Our particular thanks go to our major sponsors. Our Gold sponsors Applied Medical, Ethicon and Medtronic have all organised satellite symposia within the programme on interesting and relevant topics. Our Silver sponsors Cook Medical and Intuitive Surgical have been involved in sponsoring sessions within the ACPGBI programme.

We wish you all a successful meeting and an enjoyable experience here in Edinburgh.

*Robert Steele*

**Robert Steele**  
*President*

*Steven Brown*

**Steven Brown**  
*Honorary Secretary*

*Peter Dawson*

**Peter Dawson**  
*President Elect*

by **vodafone**

Please visit **Stand 18** and come and discuss our work with CEO, Peter Rowbottom and Coordinator Glen Saffery.

Trustees from BDRF will also be around to discuss our latest research including our Delphi Projects which heavily featured on the Scientific Programme at this year's conference.

BDRF funds practically-oriented research which delivers demonstrable improvements in the treatment of and survival rates for, people with bowel disease.

Our method of operation is to invite applications from all practitioners in bowel disease.

All bowel diseases are eligible for consideration.

Bids received are evaluated by peer review to ensure only the highest-quality projects are approved.

BDRF gives priority to projects which offer real hopes of progress for patients.

## SMALL HALL SESSIONS

THESE SESSIONS TAKE PLACE IN MOFFAT BESIDE THE EXHIBITION AREA:

### MONDAY

|                                                                                                                                                 |                             |                                                                                     |

## KEYNOTE SPEAKERS

### DR JAMES CHURCH

James Michael Church was born and raised in New Zealand where he was Dux of his High School. He attended Medical School at Auckland University, winning the

Carrick Robertson Prize in Surgery and the Smith and Nephew Prize in Anatomy.

After Medical School he spent a year gaining a Master of Medical Science in anatomy. Dr Church underwent his General Surgery training in the Northern Regional Training District and was awarded the Diploma of Fellowship of the Royal Australasian College of Surgeons in 1981. After two years research he began a Colorectal fellowship at the Cleveland Clinic. In 1989 he joined the staff of the Department of Colorectal Surgery at the Cleveland Clinic and is in practice there currently. He holds the Victor W. Fazio Chair in Colorectal Surgery. During this time he has specialized in diagnosis and management of colorectal polyps and cancer, the surgical management of inflammatory bowel disease, functional disorders of the large intestine and in the molecular genetics of colorectal cancer.

He has a special interest in advanced colonoscopy and polypectomy, and has been Director of the David G. Jagelman Inherited Colorectal Cancer Registry at the Cleveland Clinic since 1989. Dr Church has been director of the Sanford R. Weiss Center for Hereditary Colorectal Neoplasia since its inception in 2008. He was Chairman of the Leeds Castle Polyposis Group and the International Collaborative Group on HNPCC in 2002 and 2003 and founded the Collaborative group of the Americas for Inherited Colorectal Cancer in 1996.

Dr Church was Co-Editor of the *Diseases of the Colon and Rectum* for ten years, has been Vice President of the American Society of Colorectal Surgeons and has received the Distinguished Alumni Award from the University of Auckland. He is a member of the American Surgical Association. He has personally written two textbooks, edited eight, and contributed to many others. He has been author or co-author on over 320 peer-reviewed articles.

### DR AILSA HART

Ailsa Hart is Director of St Mark's Hospital Inflammatory Bowel Disease Unit and Honorary Senior Clinical Lecturer at Imperial College. Dr Hart studied medicine

at Oxford University and was awarded a First Class Honours Degree in 1992, together with the George Pickering Prize for Medicine and Surgery proxime accessit in 1995 and additional prizes for outstanding achievements. She achieved membership of the Royal College of Physicians in 1998 and trained in Gastroenterology and General Internal Medicine in London.

Dr Hart's clinical work covers the spectrum of gastrointestinal diseases, with a particular interest in IBD, Crohn's disease, and ulcerative colitis. Her research interests focus on intestinal immunology and bacteriology, aiming to further our understanding of the pathogenesis of inflammatory intestinal disorders via clinical trials in IBD and translational research.

She has links with laboratories within Imperial College, particularly the Antigen Presentation Research Group, whose focus is on human intestinal dendritic cells and their role in the immune response. She has piloted faecal transplantation as a treatment for refractory pouchitis, funded by the Eli and Edyth Broad Foundation. Dr Hart has been a member of the Clinical Committee of the European Crohn's and Colitis Organisation (ECCO); is on the IBD Clinical Research Group Committee for the British Society of Gastroenterology, UK Patient and Public Involvement Lead for Gastroenterology for the Clinical Research Network (CRN); collaborates widely across the UK particularly within the UK IBD Genetics Consortium; and is a member of the International Organisation for IBD (IOIBD).

Dr Hart has published two books, with "Inflammatory Bowel Disease – an Evidence-based Practical Guide" selling over 2500 copies, and more than 100 papers and book chapters.

## KEYNOTE SPEAKERS

### SIR DAVID LANE

Professor Sir David Lane is one of the scientists credited with the landmark discovery of cancer gene p53 in 1979. p53, called the "Guardian of the genome" is the

most frequently mutated gene in human cancer as more than half of human tumours contain mutations in the gene.

He was previously the Director of the Cancer Research UK Cell Transformation Research Group and Professor of Oncology at the University of Dundee in Scotland. He had also held the position of Chief Scientist with Cancer Research UK.

Sir David is currently Chief Scientist of Singapore's Agency for Science, Technology and Research (A\*STAR) and also the Chairman of Chugai Pharmbody Research Pte Ltd (CPR) which he helped to attract to Singapore. CPR represents a \$400 million 10-year investment by Chugai in research located in the Synapse building at the Biopolis, Singapore. The company currently employs over 90 highly qualified researchers developing new antibody therapeutics. For his efforts in cancer research, Sir David was knighted in 2000. He also received the Cancer Research UK Lifetime Achievement Award – a prize that recognises his pioneering research that led to the discovery of p53.

### PROFESSOR SØREN LAURBERG

Professor Søren Laurberg is currently a consultant colorectal surgeon at Aarhus University Hospital and Professor of Surgery and vice chairman of the Institute of Clinical Medicine at Aarhus University.

During his training he worked for 6 months at the Sir Allan Parks Physiology Unit, St Mark's Hospital, London and following this he formed the Anal Physiology Lab. at Aarhus University Hospital, where he became a consultant surgeon in 1994 and Professor in 1998. He has been a member of numerous national research committees (including the Danish Cancer Society and the National Research Council), and is presently Chairman of the Research Committee at Aarhus University Hospital.

He was a founder member of the European Society of Coloproctology (past President, founder of the Research Committee) and has for many years been an examiner in the EBSQ. At a national level he has been responsible for many training programmes to improve quality of service (MDT, Colorectal Fellows, laparoscopic training, colonoscopy training).

His research has covered nearly all aspects of colorectal surgery. He has been supervisor of > 50 PhD and published > 350 articles. Presently his major interest is in developing a Pelvic Floor Unit for urogynaecology and colorectal surgery with a sequelae clinic for cancers in the pelvis.

### VERA LUCIA CONCEIÇÃO DE GOUVEIA SANTOS

Vera Lucia Conceição de Gouveia Santos is an Associate Professor at the School of Nursing, University of São Paulo (EEUSP).

Since 1990, she has been a coordinator of the Enterostomal Therapy Nursing Education Program: ostomy, wound and continence care (ETNEP) of EEUSP. She coordinates the graduation signatures at the Adult Health Nursing Care Program (PROESA)

of EEUSP: Advanced Topics in Research; Quality of Life Measures: theoretical and methodological issues; Wound care; Ostomy Care.

Previously she was the editor of the *Estima Journal* (Brazilian Journal in WOC care) and is a member of the editorial board for the *Wound Ostomy and Continence Nursing Journal/ Estima Journal/ Chronic Wound Care Management and Research*.

Currently she is Chair of the Education Committee of the World Council of Enterostomal Therapists – WCET.

## CONFERENCE INFORMATION

### ABOUT MEETING SESSIONS

**Questions:** The Chairperson for each session will manage questions and whether they are invited at the end of all presentations or after each speaker.

In each hall, there are fixed microphones at the front, please go to the microphone and wait until you are called by the chair.

If you are seated towards the rear, please put up your hand and wait for a microphone handler to bring the microphone to you.

### WEBCASTING OF PRESENTATIONS

It is intended again this year that all presentations will be available on the ACPGBI website after the meeting. All speakers have been requested to sign and return a permission form; if you have not done so, we kindly ask that you sign the sheet at presentation check-in.

### BADGES AND TICKETS

Delegates are asked to wear name badges at all times during the conference.

### ACCOMMODATION

If you have booked your hotel through the registration system and you need any assistance or advice about getting there, please contact us at the Enquiries Desk, located in the registration area on the ground floor in the Atrium.

### SPEAKER /PRESENTATION CHECK IN INFORMATION

The Presentation Check-In room is located in the Soutra Room on level 0.

There will be facilities and technicians to check your presentation and make any last minute changes if you wish.

Presentation Check-in will be open at the following times:

|                         | Open from | Closed at |
|-------------------------|-----------|-----------|
| <b>Monday 4 July</b>    | 07:00     | 17:00     |
| <b>Tuesday 5 July</b>   | 07:00     | 17:00     |
| <b>Wednesday 6 July</b> | 07:30     | 14:30     |

Please ensure you check in your presentation at least 2 hours ahead of your presentation time. Please note that it will not be possible to use your own laptop during your presentation.

**ACPGBI**  
ANNUAL GENERAL MEETING

MONDAY 4 JULY: 11:30 - 12:35 /  
PENTLAND AND SIDLAW AUDITORIA  
(LEVEL 3)

---

ACPGBI kindly requests that all members  
attend this important meeting.

## ABSTRACT / POSTER INFORMATION

Abstracts will be published online only in a supplement to the Colorectal Disease Journal. Posters will be marked during the conference and a poster prize will be awarded to the best one.

### Poster locations and access to set up/remove:

Posters may be put up between 08:00 and 18:00 on Monday, 4 July. They must be on display by 18:00 on Monday. Posters must remain up until the close of the poster exhibition at 14:00 on Wednesday, 6 July. Posters not removed by 16:30 on Wednesday will be disposed of.

Please check-in at the Poster Check-In desk located near to the main registration desk (in the Atrium). You will be given a ticket which confirms your poster location, along with a supply of velcro to put up your poster.

## EICC ACCESSIBILITY

The EICC is fully accessible. An accessible sliding door is adjacent to the main entrance on Morrison Street. It is push button operated from the outside and infra-red sensor from inside. During an event this door is manned with security who can offer assistance if required.

All areas of the Centre are reached by lift. All lifts have spoken messages indicating which floor the lift is on and whether the doors are opening or closing. Additionally, all lifts have grab bars for delegate with impaired mobility.

On each floor of the Centre there are two adapted toilets, with grab rails, emergency buttons, lowered mirrors and fittings. Currently these toilets allow for either a left or a right lateral transfer, not both. There is a wheelchair platform lift, which can be utilised to take wheelchair users on to stages in the Lomond Suite, breakout rooms, Cromdale Hall, and Strathblane Hall. There are three spaces in the front of the Sidlaw and Fintry auditoria, which are available for wheelchair users. There are also six wheelchair spaces in the Pentland Auditorium.

Assistance dogs are welcome.

## CME

Points have been awarded based on educational hours attended as follows:

|                         |                   |          |
|-------------------------|-------------------|----------|
| <b>Monday 4 July</b>    | Ultrasound course | 3 points |
| <b>Monday 4 July</b>    | Delphi session    | 2 points |
| <b>Monday 4 July</b>    | Main programme    | 6 points |
| <b>Tuesday 5 July</b>   | Main programme    | 6 points |
| <b>Wednesday 6 July</b> | Main programme    | 6 points |

## DELEGATE FEEDBACK / CERTIFICATES OF ATTENDANCE

Certificates of attendance may only be obtained after completing online delegate feedback. We regret that we cannot supply Certificates of Attendance at Registration. A link to the feedback form will be emailed to you after the meeting.

## YOUR DATA / QR CODES

QR codes are provided so that exhibitors can more easily capture delegate data when you visit their stand. The QR code will be printed on your name badge, enabling you to volunteer to provide this if you are happy to do so. The QR code will supply companies with your name, organisation, email address and country that you live in. ACPGBI represents a significant investment for companies exhibiting, and your cooperation in this regard will be greatly appreciated.

## APP

ACPGBI has a new app this year. The app is available to download through iTunes and the Google Play Store. For help downloading/using the app, please ask a member of the registration team.

## INTERNET ACCESS

Free WiFi is available to all delegates for use on your own device.

The log-in details are on display throughout the building.

## PRECONGRESS COURSES

### MONDAY 4TH JULY

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                      |                                                                                       |

| 09:00 - 11:30                                                                                                                                                                                                                                                                                                                                                                                                                                                   | <b>DELPHI EXERCISE: WHEN YOU AVOID DEFUNCTION AND ANASTOMOSIS</b>    |  |
| <p>The aim will be to determine personality and situational factors influencing surgical decision-making around stoma formation after anterior resection for rectal cancer. Ethical approval will be sought through the Nottingham Department of Psychology. 50-60 participants from ACPGBI attendees will be selected from pre-registrants to ensure breadth of age, nationality, specialty and experience (consultant surgeons, ST7/8, post-CCT fellows).</p> |                                                                      |                                                                                       |

## EVENING EVENTS

### WELCOME RECEPTION AT THE EICC

- Monday 4 July
- Time: 18:00 - 20:00
- Cost: Included for delegates, £30 for additional tickets

All delegates are invited to attend this event which is included in the registration fee. Additional tickets may be purchased for £30 at the registration desk. The event will take place in the exhibition area following the close of conference sessions. Delegates are then free to make their own arrangements for dinner after the reception. A list of recommended restaurants in Edinburgh can be obtained from the enquiries desk.

#### Badges for the Welcome Reception on Monday:

all attendees are required to wear a name badge. Badges for additional attendees purchased online will be provided in your delegate wallet at registration.

### BDRF FUN RUN

- Tuesday 5 July
- Time: 18:00

Join the Dukes' Club and the ACPGBI Executive for a friendly 5km run around The Meadows to raise awareness for the Bowel Disease Research Foundation (BDRF). Will the juniors fly past our Executive team for victory? Or have the Executive secretly been training for this all year?

To take part in the BDRF FUN RUN, please go to the BDRF stand (stand 18) in the Exhibition Area.

Not a runner? Show your support by donating to BDRF by texting **BDRF00** to **70070**, texts costs £3.00.

### DINNER AT THE NATIONAL MUSEUM OF SCOTLAND

- Tuesday 5 July
- Time: 20:00 - please be at the Museum promptly
- Cost: £42 (includes dinner, dancing and wine)

You are invited to join the ACPGBI executive committee to enjoy an evening of dinner and ceilidh dancing in the splendour of the museum's grand gallery.

If you haven't purchased a ticket but would like to join us at this splendid venue, please ask at Registration no later than Monday 4 July at 12:00. A few tickets may be available until this time.

**Transport is not included** and we ask that you make your own way to and from the National Museum of Scotland. If you would like further details of how to get there, please ask at the registration desk.

#### Location and walking directions from the EICC to the National Museum of Scotland:

Chambers Street,  
Edinburgh,  
EH1 1JF  
Tel: 0300 123 6789

**Directions from the EICC:** exit the EICC onto Morrison Street. Turn left and walk along to join Bread Street at the main traffic lights. Follow this road through the Grassmarket until you reach a mini roundabout. turn right onto Candlemakers Row. When you reach George IV Bridge the museum will be across the road at the corner of George IV Bridge and Chamber Street.

**Dietary requirements:** if you have any dietary requirements that were not notified as part of your registration record, please advise a member of the registration team immediately.

## GENERAL INFORMATION

### MEDICAL AND SAFETY INFORMATION

The emergency number to dial in the United Kingdom in the event that an ambulance is needed is 999

#### FIRST AID AT THE EICC:

---

Throughout the event qualified medical staff will be on duty. In the event that you need medical assistance please contact a member of the EICC host team, EICC security or a member of the registration team who will dispatch a qualified Occupational First Aider to deal with the incident.

#### EMERGENCIES AND EVACUATION PROCEDURE:

---

In any emergency situation, contact EICC Security, EICC Host or a member of the registration team. That way the services can be correctly directed to the incident to ensure it is dealt with promptly and safely. Please do not contact the emergency services directly.

If circumstances make it necessary to leave the building an evacuation message will be broadcast. Please follow the instructions of The EICC Fire Marshals including EICC Security, Hosts and EICC venue staff. All Hosts will assist with the evacuation of the EICC by the nearest exit and direct delegates to the Rendezvous Point at Conference Square.

Information will also be given regarding arrangements for returning into the building by the Officers in Charge of the Incident. Delegates requiring assistance should contact a staff member at the EICC who will contact Security Control to assist with exiting the building.

### HOSPITALS AND PHARMACIES NEAR TO THE EICC

#### THE NEAREST HOSPITAL TO THE EICC IS:

---

Royal Infirmary of Edinburgh  
51 Little France Crescent  
Edinburgh  
EH16 4SA  
Tel: +44 (0)131 536 1000

#### THE NEAREST PHARMACY TO THE EICC IS:

---

Boots Pharmacy,  
32 West Maitland Street,  
Edinburgh,  
EH12 5DX  
Tel: +44 (0)131 225 7436

John Bagley, Elected Member

John Nicholls, Editor

Emmanuel Tired, Chairman of the Editorial Board

Peter Dawson, Honorary Treasurer

Peter Sagar, Elected Member July

Steven Brown, Honorary Secretary

Martyn Evans, Associate Editor

Neil Smart, Associate Editor

## GETTING AROUND EDINBURGH

### GETTING TO THE EICC FROM EDINBURGH CITY CENTRE

---

Edinburgh is a relatively compact city and it is possible to walk from Princes' Street in the heart of the New Town to the EICC in 15 minutes. The city has excellent public transport network across bus and tram routes. Further up to date information about Edinburgh's public transport services can be found at [www.lothianbuses.com/](http://www.lothianbuses.com/) and [www.edinburghtrams.com/](http://www.edinburghtrams.com/). Buses and trams only accept coins and do not give change.

### BUS

---

Edinburgh has a clean and efficient bus service. Most buses go to and from the city centre. Most buses stop in central areas including Princes' Street and George Street.

You can reach the EICC from the centre of town by a number of buses: 1, 4, 10, 11, 16, 24 and more. Tell the driver where you want to go and they will be able to tell you where to get off the bus.

The bus costs £1.60 single or £4.00 for a day ticket.

### TRAM

---

Edinburgh's tram system operates on one line going from York Place to the airport and back. To go to the EICC, stop at Shandwick Place/Atholl Crescent. The EICC is located 6 minutes walk from there. Continue walking along Shandwick Place, take a left onto Torphichen Street. Follow that road until it turns into Dewar Place and joins onto Morrison Street. The EICC will be on your left.

### TAXI

---

Edinburgh offers a choice between Black Cabs, carrying up to 5 passengers, which can be hailed on the street, and minicabs, which must be pre-booked. Black cabs display an orange light above the windscreen to indicate that they are available to hire. It's usually quite easy to find a cab in and around the city centre. There are also Taxi Ranks dotted around the city, where black cabs will line up to be hired. A 15 minute journey will cost from £10.00 dependent on the time of day and traffic conditions. Only a few taxis have facilities for credit/debit card transactions.

## EXHIBITOR LISTINGS

### GOLD SPONSOR

Stand 35

**Applied Medical UK Ltd**

[www.appliedmedical.com](http://www.appliedmedical.com)

*Applied Medical is committed to advancing minimally invasive colorectal surgery by offering sophisticated training, clinical solutions and breakthrough technologies, including Voyant® intelligent energy system, GelPOINT® Path transanal access platform, Alexis® wound protector/retractors and Kii® advanced abdominal access products.*
