

THE USC FIFTEENTH INTERNATIONAL ENDODONTIC SYMPOSIUM

Clinical and Biological
Concepts of Modern Endodontics

2016

Corporate Sponsors

Radisson Midtown at USC

3540 S. Figueroa St. Los Angeles, CA 90007

Friday - Saturday, November 18 - 19, 2016

8:30 a.m. - 5:00 p.m.

www.uscendo.org

Dear Friends and Colleagues,

It is our pleasure to invite you to the Fifteenth International Endodontic Symposium of the University of Southern California. Internationally renowned experts from Australia, Italy, and the United States will present the most recent advances in the field. The program includes updates on current hot topics in endodontics and advanced treatment modalities as well as an insight into the future of endodontics.

This International Symposium promises to be a most exciting event and will provide you, the clinician, with more relevant information and tools to bring you to the next level of excellence in delivering the best evidence-based endodontics to your patients.

Ilan Rotstein, DDS
Symposium Chair

We look forward to welcoming you at our symposium.

Rafael Roges, DDS
Director, Advanced Endodontics

Paul V. Abbott AO BDS, MDS, FRACDS(Endo), FPFA, FADI, FICD, FACP, FIADT (AUSTRALIA)

Dr. Abbott is Professor of Clinical Dentistry at The University of Western Australia. He is a Specialist Endodontist and works part-time basis in private practice. Prior to becoming full-time at the University, he spent 17 years in private specialist practice. He was Dean of the School of Dentistry from 2003-2009. He has lectured in 42 countries, published 142 refereed journal articles and 20 textbook chapters. He is Editor-in-Chief of Dental Traumatology and serves on Editorial Boards and Scientific Panels of 16 journals. He has won numerous awards for teaching excellence and is an Officer of the Order of Australia.

Topic: Prognosis, longevity and case selection – the secrets to endodontic success

Nadim Z. Baba, DMD, MSD, FACP (USA)

Dr. Baba received his DMD degree from the University of Montreal in 1996. He completed a Certificate in Advanced Graduate Studies in Prosthodontics and a Masters degree in Restorative Sciences in Prosthodontics from Boston University School of Dentistry in 1999. Dr. Baba currently serves as a Professor and Director of the Hugh Love Center for Research and Education in Technology at Loma Linda University School of Dentistry and maintains a part-time private practice in Glendale, CA. He is an active member of various professional organizations and a Diplomate of the American Board of Prosthodontics and a Fellow of the American College of Prosthodontists and the Academy of Prosthodontics. He is also the Associate Editor of the Aesthetics/Prosthetics/Restorative section at the Journal of Dental Traumatology and a reviewer for the Journal of Prosthodontics and the Journal of Prosthetic Dentistry. Dr. Baba has received several honors and awards including: The David J. Baraban Award from Boston University, the Claude R. Baker Faculty award for Excellence in Teaching Predoctoral Fixed prosthodontics in 2009 from the AAFP, and the California Dental Association Arthur A. Dugoni Faculty award in 2010. He is the author of numerous publications and has recently published a book entitled "Restoration of Endodontically treated teeth: evidence based diagnosis and treatment Planning" and has lectured nationally and internationally.

Topic: The restoration of non-vital teeth: Update on structural characteristics and treatment considerations

George Bogen, DDS (USA)

Dr. Bogen maintains a private endodontic practice in Los Angeles, California. Dr. Bogen received his dental degree in 1978 and his certificate in endodontics in 1995, both from USC. He lectures for the postgraduate departments at UCLA, Loma Linda, NSU, UNC and the VA in Long Beach and is a former Clinical Assistant Professor of Endodontics at USC. He is the past President of the SCAE, past secretary and trustee of the AAE Foundation, currently a member of the Scientific Advisory Board for the JOE and IEJ, past member of the AAE Corporate Relations Committee and a Diplomate of the American Board of Endodontics. He has published numerous research articles, textbook chapters and lectures nationally and internationally.

Topic: Mineral trioxide aggregate obturation

Arnaldo Castellucci, MD, DDS (ITALY)

Dr. Castellucci graduated Medicine at the University of Florence in 1973 and specialized in Dentistry in 1977. He received his training in Endodontics at Boston University from 1978 to 1980. Dr. Castellucci is Past President of the Italian Endodontic Society (S.I.E.), Past President of the International Federation of Endodontic Associations (I.F.E.A.), Active Member of the European Society of Endodontology (E.S.E.), Active Member of the American Association of Endodontists (A.A.E.), Dr. Castellucci is now Visiting Professor of Endodontics at the University of Cagliari Dental School and Professor of Micro-Surgical Endodontics at the Specialty of Oral Surgery of the University Federico II of Naples. Dr. Castellucci serves on the editorial board of several international dental journals, has published articles in Endodontic Journals, and is the author of the textbook "Endodontics". He has lectured extensively both nationally and internationally in 55 different countries around the world.

Topic: Repair of iatrogenic perforations

Ashraf F. Fouad, DDS, MS (USA)

Dr. Fouad obtained his DDS, Certificate of Endodontics and MS at the University of Iowa. He served as Assistant then Associate Professor of Endodontology at the University of Connecticut Health Center from 1992 – 2004, and as Chair of the Department of Endodontics, Prosthodontics and Operative Dentistry at the University of Maryland, from 2005 – 2015. He assumed the position of Distinguished Professor and Chair of Endodontics at the University of North Carolina in January 2016. Dr. Fouad has published over 75 manuscripts and textbook chapters, over 110 abstracts, and edited and co-authored the textbooks *Endodontic Microbiology* and the fifth edition of *Endodontics: Principles and Practice*. He is a Diplomate and Past President of the American Board of Endodontics, and an Associate Editor of the Journal of Endodontics. He has lectured widely in the U.S. and internationally, and his research interests include: endodontic molecular microbiology, effectiveness of antibiotic therapy, dental pulp regeneration, endodontic treatment outcomes and the pathogenesis and healing of periapical lesions in the host with normal and compromised systemic health.

Topic: Examining endodontic infections using contemporary microbiological technologies

James D. Johnson, DDS, MS, FICD, FACP (USA)

Dr. Johnson is Chair of the Department of Endodontics at the School of Dentistry at the University of Washington, and also serves as the Program Director for the Advanced Specialty Education Program in Endodontics at the University of Washington. Dr. Johnson retired from the U.S. Navy Dental Corps in 2003 at the rank of Captain. He is a former Specialty Leader for Endodontics, Bureau of Medicine and Surgery to the Surgeon General of the Navy. He was Chair of the Endodontics Department and Director of the Advanced Specialty Education Program in Endodontics at the Naval Postgraduate Dental School, and also was Chair of the Research Department at the Naval Postgraduate Dental School in Bethesda, Maryland. He is a Diplomate of the American Board of Endodontics, past Director of the American Board of Endodontics, and a Past President of the American Board of Endodontics. He has published many scientific articles and has authored four book chapters, including a chapter in Ingle's Endodontics, 6th Edition. Dr. Johnson has lectured both nationally and internationally.

Topic: Biologically based review of surgical endodontics

Stephen P. Niemczyk, DMD (USA)

Dr. Niemczyk graduated from the University Of Pennsylvania School Of Dental Medicine, receiving his D.M.D. in 1982 and his postgraduate Endodontic certificate in 1984. Formerly the Director of Undergraduate and Post-Graduate endodontics at the University of Pennsylvania, Dr. Niemczyk has been the Director of Endodontic Microsurgery at Harvard University in Boston, MA and Albert Einstein Medical Center in Philadelphia since 1995. He also serves as a surgical consultant to the Postgraduate Endodontic Program at the National Naval Medical Center in Bethesda, MD, and the U. S. Army Endodontic Residency Program in Fort Gordon, GA. He is a Diplomate of the American Board of Endodontics, and maintains a full time practice limited to Endodontics in Drexel Hill, PA.

Topic: Revisiting intentional replantation

Shahrokh Shabahang, DDS, MS, PhD (USA)

Dr. Shabahang received his DDS from the University of Pacific in 1987, an endodontic certificate/MS in 1997 and a PhD in Microbiology and Molecular Genetics in 2001 from Loma Linda University. He is a board certified endodontist with close to 30 years of experience in clinical practice. He published over 45 peer reviewed articles and book chapters. He has been a member of the faculty at Loma Linda University where he maintained a laboratory studying the effects of oral infections on systemic health. Dr. Shabahang continues to teach and conduct research at Loma Linda University while maintaining a private practice.

Topic: Biofilm: A prokaryotic tumor

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. Herman Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. Herman Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.
