PRELIMINARY PROGRAMME

THE MULTIDISCIPLINARY MANAGEMENT OF PELVIC FLOOR DISEASES

2nd International PFD Congress

INTRODUCTION

You are kindly invited to join us in Pisa for the 2nd Multidisciplinary Congress on Pelvic Floor Diseases. This innovative event will offer a platform for interactive discussion to different specialists having an interest in the management of PFD. All those who work in this area appreciate the complexity and the tight interconnection of symptoms and functional disorders that characterize PFD. This is why we have decided to organize this new type of event, that will convene the foremost world experts within all the specialties, with a setting where discussion and interaction will be the primary goal. What we want to achieve is to see the problems with new eyes, to be able to ask and explain to colleagues with different expertise how we are challenged in our daily practice of pelvic floor physicians.

See you in Pisa!

Gabriele Naldini, Tommaso Simoncini

Congress Chairmen

Gabriele Naldini
Proctological
and Perineal Surgery
Pisa University Hospital

Tommaso Simoncini
Obstetrics & Gynaecology
Pisa University Hospital

Scientific Coordinator

Jacopo Martellucci
General, Emergency and
Mini-Invasive Surgery
Careggi University Hospital, Florence

Organizing Committee

Claudia Menconi	Bernardina Fabiani
Paolo Mannella	Massimo Bellini
Eleonora Russo	Donatella Pistolesi
Andrea Giannini	Alessandro Sturiale

Invited Faculty

Altomare Donato, Italy
Cappellano Francesco, UAE
Cardozo Linda, The UK
Cervigni Mauro, Italy
Deprest Jan, Belgium
D'Hoore Andre, Belgium
Dong-Lin Ren, China
Dubuisson Jean Bernard, CH
Ercoli Alfredo, Italy
Gabrielli Francesco, Italy
Graziottin Alessandra, Italy
Longo Antonio, Italy
Mercer-Jones Mark, The UK
Milito Gianni, Italy
Pellino Gianluca, Italy
Ping Zhu, China
Pucciani Filippo, Italy
Ribas Yolanda, Spain
Rizk Daa, Barhain
Robinson Dudley, The UK
Rong Shi, China
Salvatore Stefano, Italy
Santoro Giulio Aniello, Italy
Scherer Roland, Germany
Luo Xin, China
Yu-wei Li, China
Zheng-guo Zhang, China

PRELIMINARY PROGRAMME

Thursday, 14th December 2017

08.00 Registration

09.00–09.15 - Opening

09.15–10.45 - Session 1 – Concorde Hall

Management of fistulas and sphincter lesions

09.15 Management of recto vaginal fistula

09.30 Management of vesico-vaginal fistula

09.45 Early and late management of perineal post-delivery lesions and its impact on future delivery

10.00 Discussion

10.15–10.35 Lecture

Genetics of Pelvic Floor Disorders

10.35–11.40 - Session 2 – Concorde Hall

Hot topics in pelvic floor surgery: advantages and disadvantages of uterus removal during POP surgery

10.35 The point of view of a gynaecologist

10.50 The point of view of colorectal surgeon

11.05 Discussion

11.40– 12.00 Lecture

Menopause, ageing and incontinence

12.00–13.00 - Session 3 – PFD 3.0 - Concorde Hall

The future of simulation and training in pelvic floor surgery

12.00 Pelvic Floor Surgery in the era of social media

12.15 Robotics, telesurgery and telementoring in modern pelvic floor surgery

12.30 Cadaver models in pelvic floor surgery training

12.45 The TAPE score for smartphone and tablet

13.00–14.00 Sponsored Lunch Symposium

14.00–14.30 Coffee & Visit the Exhibit

14.00–14.30 Clinical cases

The clinical cases that kept me awake!

14.30–16.00 - Session 4

Symposium – Concorde Hall

Pelvic Floor Disorders: Imaging and Instrumental Diagnosis

14.30 When imaging is important for PF reconstruction

14.45 When urodynamics is important for PF reconstruction

15.00 When anorectal manometry is important for PF reconstruction

15.15 When neurophysiological tests are important for PF reconstruction

15.30 Ultrasonography in the hands of the surgeons: could be the answer?

15.45 Discussion

16.00–17.15 Round Table – Concorde Hall

The future of multidisciplinary management of pelvic floor disorders

In collaboration with scientific societies involved in pelvic floor dysfunctions

Thursday, 14th December 2017

17.15-17.20 Coffee Break

17.20-18.20 1st Sponsored/Scientific Symposium – Tornado Hall
17.20-18.20 2nd Sponsored/Scientific Symposium – Mustang Hall
17.20-18.20 3rd Sponsored/Scientific Symposium – Dakota Hall

19.30 Aperitif

Pelvic floor 3.0: Europe meets China

- Management of rectovaginal fistula
- Clinical study of the TST starr Plus in the treatment of obstructed defecation syndrome
- What is the role of perineal approach for rectal prolapse in the contemporary age
- The application of stapling technique in reparative haemorrhoids resection
- Reconstruction of posterior pelvic floor for obstructed defecation syndrome(ODS)
- Development & Current Situation on Diagnosis & Treatment of POP & FSUI in China

Friday, 15th December 2017

08.30-13.00 Session 5 | Live Surgery Session – Concorde Hall

Recto vaginal | Anal sphincter repair | STARR
Robot assisted surgery
Laparoscopic Surgery
POP ev. + STARR
Neurolisi

13.00-14.00 Sponsored Session – Concorde Hall Lunch Symposia

14.00-14.30 Coffee & Visit the Exhibit

14.00-14.30 Clinical cases

The clinical cases that kept me awake!

15.00-15.45 Session 6 – Concorde Hall Incontinence

15.00 The future of UI management
15.15 Pelvic Organ Prolapse & Incontinence
15.30 Fecal Incontinence and constipation after POP surgery

15.45-16.30 Session 7 – Concorde Hall

Hot Topics in Pelvic Floor Surgery: fantastic meshes and where to put them

15.45 The point of view of a gynaecologist
16.00 The point of view of colorectal surgeon
16.15 Discussion

16.30-17.30 Session 8 – Concorde Hall

Complications after Pelvic Floor Surgery

16.30 Management of recurrences after mesh or resective surgery
16.45 Pain after POP surgery
17.00 Sexual dysfunctions after POP surgery
17.15 Discussion

GENERAL INFORMATION

PFD Congress CALL FOR CASES

The Organizing Committee invites you to submit a clinical case to the Multidisciplinary PFD Congress.

All cases must be submitted from 30th June, 2017 and be received by 30th September 2017 through the On-line Submission System available at the congress website.

Cases will be reviewed by the scientific committee and reviewing results will be announced both online and via email, in form of notice of acceptance/rejection to corresponding authors. If your clinical case is approved, you must be registered at the congress in order to present your paper. Reduced registration fee will apply to case presenters after early bird deadline.

Instructions

Please read the instructions carefully before submitting your clinical case. Please note that submitted cases not complying with such requirements will be rejected.

Please contact the scientific secretariat at pfd@defoe.it or visit the Congress website www.pfdcongress.com for more detailed information.

Notifications

Notification regarding acceptance/rejection will be made available online and mailed individually to corresponding authors in a short while, however by 15 October, 2017. If you do not receive any e-mail notification regarding your abstract submission by this deadline, please send an e-mail to pfd@defoe.it.

Clinical case reward

The awards will be announced at the Closing Session.

Registration costs

	Deadline 31 st July	After 31 st July
Doctors	€ 250,00	€ 350,00
Others*	€ 50,00	€ 100,00
Residents	€ 0,00	€ 0,00

*Nurses, Midwives, Physiotherapists, Technicians.

All costs are in euros, VAT free.

The registration fee includes: certificate of attendance, coffee breaks, lunches, visit the exhibits, Aperitif, Dinner.

Registration process can be carried out online at the website www.pfdcongress.org or by fax//email. Registration form can be downloaded at the registration webpage. Scientific Sessions will be in English. The congress dinner is meant to be as an additional benefit, included in the registration fee, granted to the congress delegates. Participation must be confirmed during the registration process (by fax or online) and no later than 30th October. In case of group registration, please contact the organizing secretariat at pfd@defoe.it for further information.
