Summit Description & Goals

The 18th Hawai'i International Virtual Summit brings together the latest research on prevention, assessment, and intervention techniques concerning various aspects of trauma and maltreatment across the lifespan, as well as the long-term effects if left untreated. Plenary and breakout sessions will discuss various types of child, adolescent and adult/elder trauma, the dynamics of maltreatment and trauma at home or in the community, and the psychological, behavioral, and neurodevelopmental effects. Nationally and internationally recognized presenters and local practitioners assemble to discuss the latest research, assessment methods, interventions, and prevention strategies for those who have been traumatized, abused, and/or victimized. Application of current research information and practical techniques are emphasized throughout this Summit.

Due to the current environment of the pandemic, we are hosting our summit virtually. During these unprecedented times, we want to ensure the continuing opportunity of education, networking and support safely for all.

Objectives

- Identify current state-of-the-science research and practice concerning child, adolescent and adult/elder trauma and maltreatment
- Explain the dynamics and overlap of different types of trauma and maltreatment
- Identify the effects of early trauma on the long-term functioning of children, adolescents, and adults/elders
- Improve skills and techniques for helping children, adolescents, adults/elders, and families; recover from various types of trauma and maltreatment
- Identify issues and strategies for preventing abuse and neglect
- Enhance understanding of Trauma-Informed Care approaches

Self-Care Opportunities

Participate in a variety of offerings intended to help you balance the intensity of the Summit with the chance to join others virtually in Self-Care and Wellness sessions available throughout the week. *These sessions are not eligible for continuing education credits.* More details will be available through IVAT's website:

Continuing Education

The Affiliated Training Sessions and Summit are approved to offer up to 30 hours of continuing education for Psychologists, Counselors, Marriage and Family Therapists, Social Workers, Attorneys and Substance Abuse Counselors. Additional CE accreditation may be available – due to accreditation procedures, we are prohibited from advertising prior to approval. CE credits approved by California agencies are accepted in most states. Different sessions meet many licensure requirements for continuing education credits for child abuse, domestic violence, ethics, aging, substance abuse, child custody, domestic violence offender treatment, and child sexual abuse.

CE credits for each session will be available on the IVAT website: [Summits General Information — IVAT \(ivatcenters.org\)](https://summitsgeneralinformation.org/IVAT/ivatcenters.org)

Specialty Certification Programs

Affiliated Training and Summit sessions meet many of the training requirements for IVAT Specialty Certification Programs. Specialty certification assures the consumer that specialists have successfully completed the educational, training, and experience requirements of the specialty area, and that their expertise has been objectively reviewed and documented.

Specialty Certification in Domestic Violence Offender Treatment

Includes training and experience in working with both male and female intimate partner violence offenders to understand the dynamics and safety issues involved in intimate partner violence and typologies of domestic violence offenders.

Specialty Certification in Child Custody Evaluations

Includes an understanding of the issues of child development, parenting abilities and issues, best interests of children, and assessment techniques in general and specifically regarding child custody cases. The dynamics of legal, forensic, and mental health issues are included.

Specialty Certification in Trauma Care

Includes an understanding of the various forms of trauma, short and long-term effects of trauma, and assessing and treating adults and/or children who have experienced both simple and complex trauma. The dynamics of post-traumatic stress disorder are included.

Child and Adult Maltreatment (CAM) (Formerly known as CAST/CAAST)

Focuses on experiential, interdisciplinary, ethical, and culturally sensitive content that provides professionals with common knowledge base for responding to child and adult maltreatment. This certification focuses on development and understanding of the numerous factors that lead to child and adult maltreatment and the existing responses to child and adult maltreatment.

PARTNER CERTIFICATION:

MEGA¹ Specialized Risk Assessment Training (Assessing Sexually Abusive Youth, Ages 4-19 years) Attend the training held on Tuesday, April 14th to become certified to administer this risk assessment and properly interpret and apply its findings.

Exhibit Hall

Reserve your space in our virtual exhibit hall today! Exhibitors can support IVAT and participate in the 18th Hawai'i International Virtual Summit by taking advantage of a newly formatted opportunity to showcase their products, logos, mission, and services to over 1,000 attendees from around the world.

Networking Open Sessions

Our Virtual Summit will offer the opportunity for attendees to join an open session, for discussion and networking! A great way to interact with other professions, expand your network and discuss newly learned topics.

More information is coming soon!

Virtual Poster Session

[April 28th, 2021 | 3:00pm – 4:00pm HST](#)

The Poster Session provides attendees an opportunity to discuss new research, programs, and other current issues with presenters who have created visual poster displays. This year, poster presenters will participate virtually in an interactive session where they can share their knowledge and ideas with a diverse group of professionals in the fields of violence, abuse, and trauma. Presenters will also have the opportunity to have their poster displayed on the IVATCenters.org website prior, during and after the Summit.

Virtual Bookstore

Our virtual bookstore offers the latest research and information on violence, abuse and trauma, including books written and published by our summit speakers.

Change in the Pacific*

For educators, clinicians, and advocates who are tackling the challenge of changing systems, intercultural and intergenerational knowledge exchange can inform initiatives aimed at revitalizing healthy Polynesian identities while addressing interpersonal and structural violence in the Pacific Region. This plenary explores the relationships between culture, spirituality, social norms and systems which impede or promote healthy relationships and well-being among 'ohana (family), kaiāulu (community), and kaiapili (society). By creating a framework rooted in traditional Native Hawaiian values of healing the collective, this keynote presents an opportunity to empower IVAT leaders with tools and processes that

Marissa Pei, PhD - Peace in & Peace Out, Motivational Speaker

A Lifetime of Happiness: Mission Possible

In this plenary, Dr. Marissa, #1 Bestselling Author of *8 Ways to Happiness from Wherever You Are*, Morgan James 2018, addresses the reality of the statistics that it is the majority not the minority of us who have gone through childhood trauma. She focuses on the Power of Choice as part of the healing treatment for 88% Happiness. Participants will undergo a Happiness Assessment and will be introduced to some Happy 88 Tools that can make an immediate positive impact on their lives.
