RMSANZ

Rehabilitation Medicine Society of Australia and New Zealand

Save the Date

On behalf of the Rehabilitation Medicine Society of Australia and New Zealand (RMSANZ) and the Organising Committee we extend a warm invitation to attend **RMSANZ Snapshots 2018** to be held Saturday 16 - Sunday 17 June at the Pullman Melbourne on the Park.

RSMANZ Snapshots 2018 will see a weekend program that incorporates clinical practice updates across a wide spectrum of topics. The workshop is an excellent opportunity for rehabilitation physicians and trainees to stay up to date with latest industry standards and trends.

This two day program will highlight local speakers who will showcase various areas of clinical expertise in Victoria that are of interest to all members. Snapshots 2018 will include a pre-event half day **Ultrasound Instructional Workshop** on Friday 15 June, run by the Pain Special Interest Group of the RMSANZ. We look forward to welcoming you to Melbourne.

Dr Michael Chou, RMSANZ Snapshots 2018 Convenor
