Co-Organising Secretaries

Dr Sunil Pasricha

Dr Vikas Arora

The Rajiv Gandhi Cancer Institute and Research Center organizes its yearly global academic conference with the aim of promoting ongoing medical education and sharing knowledge and expertise from distinguished faculties, both domestic and international, to benefit our delegates, students, and professionals alike.

Registration for RGCON 2024, scheduled to take place in Delhi, India from 15th to 17th March 2024, is now open. The conference theme for this year is "Head and Neck: Bridging the Gap; from Cure to Survivorship." RGCON 2024 promises an enriching experience, with a compelling program featuring the latest groundbreaking advancements and research presented in scientific and educational sessions, complemented by vibrant networking events.

We have curated a comprehensive program that encompasses the latest developments in diagnosis, treatment modalities, and survivorship care. With an impressive lineup of esteemed speakers, both nationally and internationally renowned, this event promises to be a dynamic and enriching experience for all attendees.

Key highlights of the conference include:

- **Cutting-Edge Research:** Explore groundbreaking research and innovations in the field of head and neck oncology. Learn about novel therapies, precision medicine approaches, and emerging technologies that are transforming cancer care.
- **Multidisciplinary Approach:** Engage in sessions that promote collaboration among various disciplines, including surgery, radiation oncology, medical oncology, pathology, and supportive care. We believe in the power of teamwork to improve patient outcomes.
- **Patient-Centered Care:** Hear inspiring patient stories and gain insights into the importance of patient-centered care in managing head and neck cancers. Understanding the human aspect of oncology is fundamental to delivering compassionate and effective treatments.
- **Interactive Workshops:** Participate in hands-on workshops and case discussions to enhance your practical skills and problem-solving abilities. Our workshops are designed to provide practical insights into complex clinical scenarios.
- **Networking Opportunities:** Connect with like-minded professionals, researchers, and industry representatives during our networking events. Forge valuable partnerships and collaborations that can drive progress in the field.

We invite clinicians, researchers, students, and all healthcare professionals with an interest in head and neck oncology to join us for this remarkable event. Together, let's elevate the standard of care, improve patient outcomes, and make a significant impact on the fight against head and neck cancers.

Mark your calendars and register early to secure your spot at the Head and Neck Oncology: Bridging the Gap; from Cure to Survivorship Conference 2024. We look forward to welcoming you to this transformative event. See you there!

Organising Committee

Patrons

Mr. Rakesh Chopra
Shri D S Negi
