Help reduce the risk of surgical site complications

PRM | Proactive Risk Management (PRM)
with Solventum™ Prevena™ Therapy

In a 2023 meta-analysis of 16 plastic surgery studies, Prevena Therapy aided in a:

47% reduction of risk of SSC*
11 studies; risk ratio 0.532 (95% CI 0.396, 0.715) (p=0.001)*
Prevena Therapy vs. Standard of Care

Calculation(s) are derived based on relative patient group incidence rate reported in this study

*Statistically significant (p<0.05)

Solventum™ Prevena™ Dressings can be used on a variety of anatomical locations.

Allen Gabriel, et al., "Closed Incision Negative Pressure Therapy Versus Standard of Care Over Closed Plastic Surgery Incisions in the Reduction of Surgical Site Complications: A Systematic Review and Meta-Analysis of Comparative Studies," *Eplasty* 23, (March 2023): e22, National Library of Medicine.

NOTE: Specific indications, limitations, contraindications, warnings, precautions and safety information exist for these products and therapies. Please consult a clinician and product instructions for use prior to application. Rx only.

This is Plastic Surgery.

We cannot wait to welcome you in October to Plastic Surgery The Meeting 2025, in the vibrant and culturally rich city of New Orleans, Louisiana.

This year, we gather in one of America's most iconic cities—a place known not only for its deep historical roots, world-class cuisine and unforgettable music (it's the birthplace of jazz!), but also for its energy, creativity and spirit of reinvention. New Orleans is a city that celebrates transformation—making it the perfect host for a specialty that embodies innovation, artistry and renewal.

The theme of this year's meeting, "This is Plastic Surgery," is a bold celebration of the passion and promise plastic surgeons deliver for our patients. It honors the depth and breadth of our specialty – both reconstructive and aesthetic. From microsurgical breakthroughs to minimally invasive advancements, PSTM gives us the opportunity to showcase the science, skill and soul that define our specialty.

Our annual meeting serves as a vital forum, bringing together plastic surgeons from around the country—and the world. It is a space to exchange knowledge, share real-world experiences and inspire the kind of collaboration that drives our specialty forward. In an era of rapid innovation, these connections are more important than ever.

Plastic surgery is not only evolving, it is redefining the future of patient care. Recent advances have further underscored the power of our specialty to change lives. AI-assisted surgical planning, robotic microsurgery, new frontiers in regenerative medicine, nerve reconstruction, and personalized aesthetic treatments—these developments are more than technical milestones; they are reminders of our commitment to healing, restoring and transforming lives.

PSTM is about learning, growth and inspiration. But it's also a celebration of our achievements, our community, and the incredible potential that lies ahead. Plastic Surgery The Meeting 2025 will feature:

- **Four Days of Programming** designed for your entire practice
- **Nearly 200 Live Sessions** and 1,200 abstracts hosted in up to 13 concurrent session rooms
- **75 AMA PRA Category 1 Credits™** and **25 Patient Safety Credits** between live and on-demand programming
- **Hands-On Educational Sessions** with expert faculty, featuring some of the latest products to hit the market
- An **Exhibit Hall** filled with products and services to power your practice
- And, of course, a wealth of **Entertaining Social Events** for **Networking**

So make your plans now to meet us in "The Big Easy" for what will be an epic celebration of plastic surgery—because no city knows how to have a good time better than N'awlins!

Register now at plasticsurgerythemeeting.com, and we'll see you Oct. 9-12 in New Orleans to Connect, Collaborate and Transform!

Key Highlights of PSTM25

1

ALL THE EDUCATION

This Is Plastic Surgery...

The Annual Scientific Meeting is THE place where all facets of plastic surgery come together. It honors the depth and breadth of our specialty – both reconstructive and aesthetic. PSTM25 features plastic surgeons from all corners of the world and procedural how-to tips and innovations from microsurgical breakthroughs to minimally invasive advancements. Our Plastic Surgery The Meeting faculty have put together an amazing array of education panels designed to both teach and foster conversation. If you only connect with other plastic surgeons one time a year, this is the time to do it!

2

PRE-SYMPOSIA

Deep Dives Into Injectables, Rhinoplasty & Hot Topics

Every year, we kick off the meeting with special pre-symposia designed to give attendees a deep dive into critical topics. This year, we've added a new offering! *The Artistry of Injectables: Beyond the Face* joins *The Rhinoplasty Symposium* and *Hot Topics* on Oct. 9. Plus, there's an online-only Migraine Symposium a couple of weeks before the meeting. Visit pages 8-9 for more information.

3

ARTIFICIAL INTELLIGENCE

ChatGPT, can you review that Op note?

The integration of new technology has been a growing topic at PSTM, and with the explosion of AI over the past year, this fall will be no exception. The Technology, Innovation, Disruption, and Entrepreneurship Committee will host one hour of TED-like talks to shed light on how to adapt to technology changes in your practice. In addition, we'll also feature the ASPS Inventors Challenge, where ASPS members will pitch their innovative products or business ideas in the plastic surgery space to a panel of industry judges for cash prizes to assist them in developing their new devices, tools and technologies and bringing them to market.

4

CELEBRATION

Bourbon Street, the Garden District and... Jazz!

New Orleans is known as a city of celebration and the birthplace of jazz. It's a hotbed for rich food and the home of world-renowned chef Emeril "BAM!" Lagasse. From the beads of Mardi Gras to the bars and music clubs of Bourbon Street to the culinary treasures hidden on almost every block... there are a host of indulgent experiences waiting for attendees just steps from the front door of the convention center. New Orleans is the perfect city to Connect, Collaborate and Transform!

5

INSTRUMENTS & BUSINESS BARGAINS

So many new vendors to help your practice!

With the largest exhibit hall in the specialty, PSTM25 boasts the best industry insights to "power your practice." No other hall offers as many cutting-edge vendors pushing the envelope to provide improved instrumentation and new devices, as well as marketing and business support to help make your practice thrive. Relax in the WPS or Scientific Poster Lounges and visit the ASPS Resource Center for Center Stage talks. This year, we'll have not one, but TWO Innovation Theaters to spotlight everything you need to know about advances in plastic surgery!

6

CLOSE THE LOOP RUN/WALK 5K

Race to support Breast Reconstruction Awareness

Start your team now and get ready for the New Orleans edition of the Close The Loop 5K on Friday, Oct. 10. Attendees can be on-site for the run or participate virtually. That means you can create a team made up of your practice staff, your residents, your regional society or your extended family. The event is also open to the public, and all proceeds support the Breast Reconstruction Awareness campaign.

7

RECEPTIONS & NETWORKING

Make connections that last a lifetime

Kick off the meeting with Opening Ceremonies featuring our ever-popular Patients of Courage Awards. Afterward, join us at Mardi Gras World, where we'll enjoy music, libations and an inside look at where Mardi Gras parades are born. On Friday night, there will be receptions galore, from alumni to YPS to WPS... and more. This year, our PSF International Reception is on Saturday night and is themed *The Big Easy Speakeasy: Let the Good Times Roll!* At the end of it all, join us at the Resident Bowl Pavilion in the Exhibit Hall on Sunday for the Closing Reception.

8

STREAM TEAM

Sessions Available On-Demand Post-Meeting

The meeting will not be live-streamed. However, we will be recording most of the sessions, and these will be available to attendees after the meeting at no additional charge. Non-attendees can still purchase an On-Demand-only registration package to view recordings.

Location: New Orleans, LA, USA | **Meeting Site:** New Orleans Convention Center
Headquarters Hotel: Hilton New Orleans Riverside

ASPS/MSS MIGRAINE SURGERY 360

A COMPREHENSIVE GUIDE TO
SURGICAL TREATMENT OF HEADACHES

Saturday, Sept. 20
7:20 a.m. - 4:00 p.m. (CDT)

PROGRAM CHAIRS:
Lisa Gfrerer, MD
Ahmed Afifi, MD
Robert Hagan, MD

ASPS and the Migraine Surgery Society are pleased to offer a one-day *Migraine Surgery Symposium* that will dive into the science, anatomy and surgical treatment of the trigger sites. This online program will include didactic presentations and lively panel discussions, making this educational experience second to none.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Identify migraine headaches and related medication overdoses.
- Identify the anatomy of nerve trigger sites.
- Plan and demonstrate the surgical treatment of the trigger sites (including frontal and temporal, rhinogenic, auriculotemporal, and greater and lesser occipital).

This activity has been approved for **AMA PRA Category 1 Credit™**.
See page 24 for full accreditation information.

Registration Fees

An additional registration fee is required for The Migraine Surgery Symposium. Registration fees vary by member type.

The program is subject to change. The MSS symposium will be recorded this year. A recording of the course will be available to registrants.

THE ARTISTRY OF INJECTABLES

Comprehensive Training For Your Practice
BEYOND THE FACE

Thursday, Oct. 9
7:00 a.m. - 1:00 p.m.

PROGRAM CHAIR: Karol Gutowski, MD

Whether you are an experienced injector looking to refine your technique or a beginner eager to learn, *Artistry of Injectables: Beyond the Face* is tailored to meet your needs! Join renowned faculty for a captivating half-day program focused on injectable techniques, patient safety, and demonstrations of both face and body injections.

Learning Objectives

- Identify key anatomy related to the injection of neuromodulators and dermal fillers.
- Develop a strategy for the appropriate application of injectables to a patient.
- Treat complications related to the injection(s) and develop a post-treatment plan for the patient.

This activity has been approved for **AMA PRA Category 1 Credit™**. See page 24 for full accreditation information.

Registration Fees

PSTM registration is required to register and participate in *Artistry of Injectables*. An additional registration fee is required. Registration fees vary by member type. The fee includes light breakfast, lunch and access to pre-recorded content as an adjunct to the live program.

HOT TOPICS

Thursday, Oct. 9
7:30 a.m. - 12:30 p.m.

PROGRAM CHAIRS:
Jason Pozner, MD, and Barry DiBernardo, MD

Learn the latest cutting-edge research and applied technology: Join us at the New Orleans Convention Center prior to the formal start of PSTM25 programming, as experts discuss innovations in an array of topics, including:

- Body Contouring • Regenerative Medicine • Injectables • AI & Robotics • Breast • Ultrasound & more!

Learning Objectives

Upon completion of this activity, participants should be able to:

- Identify emerging advances in plastic surgery affecting the diagnosis and delivery of treatment and assess potential applications.
- Translate expanded knowledge into practice to improve patient outcomes and satisfaction.

Registration Fees

PSTM registration is required to register and participate in Hot Topics. An additional registration fee is required. Registration fees vary by member type.

Breakfast will be provided for those attending the live Hot Topics session.

Hot Topics is not accredited for CME.

ASPS TRS RHINOPLASTY SYMPOSIUM

Thursday, Oct. 9
8:00 a.m. - 12:00 p.m.

PROGRAM CHAIRS:
Stephen B. Baker, MD
Derek Steinbacher, MD, DMD, FACS

Take a deep dive into one of the cornerstones of plastic surgery as ASPS teams up with The Rhinoplasty Society to offer this popular half-day program.

This year's *Rhinoplasty Symposium* will focus on a hybrid approach to rhinoplasty utilizing precision and preservation techniques with an emphasis on optimizing patient outcomes OR results. Learn how to manage and prevent complications and walk away with key rhinoplasty pearls – and pitfalls to avoid.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Plan and demonstrate a hybrid approach to rhinoplasty.
- Identify complication prevention and management for optimal patient outcomes.

This activity has been approved for **AMA PRA Category 1 Credit™**.
Please see page 24 for full accreditation information.

Registration Fees

PSTM registration is required to register and participate in the Rhinoplasty Symposium. An additional registration fee is required for this program. Registration fees vary by member type. The fee includes a light breakfast.

This symposium will not be recorded. The program is subject to change.

New Orleans

New Orleans

New Orleans is well known as one of the most vibrant cities in the U.S. for music, food and creole culture! From the party zone of Bourbon Street in the French Quarter to the historic lush mansions of the Garden District, you will find anything you desire just steps from the Convention Center.

French Quarter

The most well-known neighborhood of New Orleans, the French Quarter boasts a colorful mix of Creole architecture, raucous jazz and a cultural blend of French, Spanish and American influences. Its iconic Bourbon Street buzzes with nightlife, while Jackson Square and the St. Louis Cathedral offer a more serene, picturesque charm.

Restaurants & Bars

Café Du Monde (800 Decatur St.)
Iconic open-air café serving beignets and café au lait since 1862.

Galatoire's (209 Bourbon St.)
Classic Creole cuisine since 1905.

Pat O'Brien's (718 St. Peter St.)
Sprawling bar and outdoor patio complex that is home to the famous Hurricane cocktail and a lively dueling piano bar.

Old Absinthe House (240 Bourbon St.)
Historic absinthe bar with a mysterious past.

Lafitte's Blacksmith Shop Bar (941 Bourbon St.)
One of the oldest bars in America, candlelit and rich in pirate lore.

Red Fish Grill (115 Bourbon St.)
Upscale seafood with a lively Bourbon street vibe.

Music Venues

Fritzel's European Jazz Pub (733 Bourbon St.)
Intimate traditional jazz club.

Maison Bourbon (641 Bourbon St.)
Jazz-focused venue preserving "America's classical music."

21st Amendment at La Louisiane (725 Iberville St.)
Speakeasy-style bar with live jazz.

The Swamp (516 Bourbon St.)
Rowdy multi-level nightclub with balcony views.

Preservation Hall (726 St. Peter St.)
Intimate venue offering authentic jazz nightly.

Voodoo & Spiritual Sites

Marie Laveau's House of Voodoo (739 Bourbon St.)
Spiritual items, readings and voodoo history.

Voodoo Spiritual Temple (826 N Rampart St.)
Spiritual and cultural center for traditional African-based practices.

Garden District / Lower Garden District

The Garden District is a picturesque neighborhood known for its grand pre-Civil War mansions, oak-lined streets, and lush, manicured gardens. It offers a glimpse into the city's affluent 19th-century past.

Restaurants & Bars

Commander's Palace (1403 Washington Ave.)
Landmark fine dining with jazz brunch.

The Avenue Pub (1732 St Charles Ave.)
24-hour beer haven with elevated pub food.

The Bulldog Uptown (3236 Magazine St.)
Huge beer selection, burgers and a patio.

Cultural Attractions

Lafayette Cemetery No. 1 (1400 Washington Ave.)
Iconic above-ground cemetery dating back to 1833.

Buckner Mansion (1410 Jackson Ave.)
Stunning Greek Revival mansion (and TV star).

Morris-Israel House (1331 First St.)
Ornate Italianate home worth a photo stop.

Coliseum Square Park (1704 Coliseum St.)
Leafy, peaceful retreat surrounded by historic homes.

Shops & Strolls

French Market (Barracks and N. Peters Street)
An international cast of merchants bring wares to an open-air shopper's paradise every day of the year.

The Rink / Garden District Book Shop (2727 Prytania St.)
Quaint shopping center.

Magazine Street – Stretches through Garden District
Boutiques, art galleries, and local eats.

St. Charles Streetcar Line – Runs through Garden District
View mansions and oaks from this historic ride.

Audubon Zoo (6500 Magazine St.)
Exotic animals and a Louisiana swamp exhibit.

Faubourg Marigny

If you're a music fan, you'll want to visit Frenchmen Street, a lively strip known for jazz clubs, bars, and a local art market. Venues include:

The Spotted Cat Music Club (623 Frenchmen St.)
Quintessential jazz club.

D.B.A. (618 Frenchmen St.)
Local and regional acts nightly, known for its great acoustics.

Blue Nile (532 Frenchmen St.)
Intimate venue showcasing top funk, blues, soul, and brass shows.

Riverfront & Mississippi

Steamboat Natchez (400 Toulouse St.)
Traditional paddlewheel steamboat offering jazz cruises on the Mississippi River.

Convention Center / Warehouse District

Once an industrial hub, the area around the Convention Center has transformed into an arts destination with trendy restaurants, chic galleries and museums. It's home to the acclaimed Contemporary Arts Center and the expansive Ogden Museum of Southern Art.

Restaurants & Bars

Cochon Butcher (930 Tchoupitoulas St.)
Butcher shop/sandwich counter with artisanal meats and craft beers.

Compère Lapin (535 Tchoupitoulas St.)
Caribbean–Creole fusion by Top Chef alum Nina Compton.

Emeril's New Orleans (800 Tchoupitoulas St.)
Upscale Creole with a modern twist by Emeril Lagasse.

Galliano (200 Julia St.)
Modern Cajun and Creole cuisine in a stylish space.

Briquette (701 S Peters St.)
Contemporary seafood restaurant known for its open kitchen and wood-fired grill.

Urban South Brewery (1645 Tchoupitoulas St.)
Spacious taproom with rotating beers and events.

Music Venues

The Howlin' Wolf (907 S Peters St.) Funk, rock, comedy.

Republic NOLA (828 S Peters St.) Warehouse with DJ sets and concerts.

Peacock Room (501 Tchoupitoulas St.) Jazz in a luxe lounge setting.

Mulate's (201 Julia St.) Cajun dancing, food & nightly zydeco.

Attractions & Tours

The National WWII Museum (945 Magazine St.)

Mardi Gras World (1380 Port of New Orleans Pl.)

Audubon Aquarium & Insectarium (1 Canal St.)

Ogden Museum of Southern Art (925 Camp St.)

Preservation Resource Center's Architecture Tour: Warehouse District (923 Tchoupitoulas St.)

Exhibit Hall

The PSTM25 Exhibit Hall will be open Friday, Oct. 10, through Sunday, Oct. 12, in the New Orleans Convention Center. This year we look to bring some of the world's most innovative and essential plastic surgery-related exhibitors to showcase their products and services and to take your practice to the next level. We have designed an incredible exhibit experience that will allow you to find everything you are looking for in one place.

Visit PlasticSurgeryTheMeeting.com/Exhibit-Hall to see our growing list of exhibitors!

Hours:

Friday, Oct. 10 9:30 a.m. - 5:00 p.m.
Saturday, Oct. 11 9:30 a.m. - 5:00 p.m.
Sunday, Oct. 12 9:30 a.m. - 2:00 p.m.

Exhibit Hall

Don't miss these key ASPS attractions when you visit the hall:

ASPS Resource Center

Visit ASPS representatives from Member Services, Membership, ASPS EdNet, Practice Management Products, ASPS Affiliated Organizations, *PRS*, *PSN*, Registries, Quality, Health Policy and more at the ASPS Resource Center. Stop by and take advantage of onsite promotions and get answers to your questions on Membership, CME reporting and all things ASPS.

Residents Bowl Arena

Don't miss the highly competitive Residents Bowl taking place Friday - Sunday in the Exhibit Hall. Will reigning champs University of South Florida triumph again? Stop by the arena each day to see who will bring home the coveted trophy this year!

ASPS EdNet

ASPS EdNet Digital Learning is better than ever since its major Spring redesign! Stop by its booth in the Resource Center and embark on an exciting journey through the realm of digital education with Podcasts, Quick Hits, SNIPS and more!

- PSTM on-demand sessions for CME (complimentary with registration!)
- Enhanced features in the Resident Education Center (REC)
- Self-assessment opportunities like the In-Service Exam (ISE), Aesthetic Life-Long Learning Exam (L³E) and Comprehensive Self-Assessment Test (CSAT)

Don't miss out! Visit us and join the future of digital education at ASPS!

Innovation Theatres

This year, we will have, not one, but TWO Innovation Theatres in the Exhibit Hall! Premier supporters and exhibitors will be presenting 45-minute talks all weekend about their products and services. Visit the theatres to learn how their innovations can enhance your practice.

PSTM25 Exhibit Hall Admission requirements can be found on the PSTM website Exhibit Hall page.

Visit PlasticSurgeryTheMeeting.com/Exhibit-Hall

New Orleans

Plastic Surgery The Meeting is pleased to offer meeting attendees discounted hotel and transportation rates for travel to and from New Orleans. Take advantage of the discounts offered and make reservations early, as availability is on a first-come, first-served basis.

Book your hotel through our Housing Partner, EventSphere, and avoid hotel booking scams!

Meeting attendees and exhibitors are often contacted by companies claiming they represent ASPS and offering assistance with hotel reservations for Plastic Surgery The Meeting. Hotel reservations should only be made directly with EventSphere. To ensure your private information is secured and protected, do not provide your credit card information to anyone other than EventSphere for PSTM25. Look for the official logo prior to making reservations.

Headquarters Hotel

Hilton New Orleans Riverside, located at Two Poydras Street, is the headquarters (HQ) hotel for Plastic Surgery The Meeting

Deposit / Confirmation

Neither ASPS nor EventSphere require a deposit. However, hotels may charge your credit card a two-night room and tax deposit in advance to secure discounted rates and reservation.

Confirmations are sent via email at the time of reservation; please review for accuracy once received. If the confirmation email is not received within 24 hours of making your reservations, please contact EventSphere.

Changes/Cancellations/Requests

All changes and cancellations must be made directly with EventSphere and up to seven (7) business days prior to scheduled arrival. An acknowledgment of your request will be emailed within 24 business hours of receipt. You will be asked to provide room preferences when making your reservation. Hotels will assign specific room types upon check-in based on availability.

Air Travel

Louis Armstrong New Orleans International Airport (MSY), is about 25 minutes away from downtown New Orleans. It offers non-stop flights to most major U.S. cities and around the world. United Airlines offers a discount on qualifying flights: Use Meeting Code: ZQ4D724745 or call (800) 426-1122.

Hotel Shuttle Bus / Taxi

ASPS is providing complimentary hotel shuttle bus service to some hotels. Taxi services are available at the New Orleans Convention Center.

WARNING:

- Breast implants are not considered lifetime devices. The longer people have them, the greater the chances are that they will develop complications, some of which will require more surgery.
- Breast implants have been associated with the development of a cancer of the immune system called breast implant-associated anaplastic large cell lymphoma (BIA-ALCL). This cancer occurs more commonly in patients with textured breast implants than smooth implants, although rates are not well defined. Some patients have died from BIA-ALCL.
- Patients receiving breast implants have reported a variety of systemic symptoms such as joint pain, muscle aches, confusion, chronic fatigue, autoimmune diseases and others. Individual patient risk for developing these symptoms has not been well established. Some patients report complete resolution of symptoms when the implants are removed without replacement.

The sale and distribution of Mentor Breast Implant Devices are restricted to users and/or user facilities that provide information to patients about the risks and benefits of the device prior to its use in the form and manner specified in approved labeling to be provided by Mentor Worldwide LLC. Important information: Prior to use, refer to the instructions for use supplied with this device for indications, contraindications, side effects, warnings and precautions. Caution: US law restricts this device to sale by or on the order of a physician.

IMPORTANT SAFETY INFORMATION:

MENTOR™ MemoryGel™ Breast Implants (excluding MemoryGel Enhance), MENTOR™ MemoryShape™ Breast Implants, and MENTOR™ Saline-filled Breast Implants are indicated for breast augmentation in women (at least 22 years old for MemoryGel™ Implants and MemoryShape™ Implants, and 18 years old for Saline Implants) or for breast reconstruction (including MemoryGel Enhance). Breast implant surgery should not be performed in women with active infection anywhere in their body, with existing cancer or pre-cancer of their breast who have not received adequate treatment for those conditions, or who are currently pregnant or nursing.

Breast implants are not lifetime devices and breast implantation may not be a one-time surgery. The chance of developing complications increases over time. The most common complications for breast augmentation and reconstruction with MemoryGel™ Implants include any reoperation, capsular contracture, and implant removal with or without replacement. The most common complications with MemoryShape™ Implants for breast reconstruction include reoperation for any reason, implant removal with or without replacement, and ptosis. The most common complications with MemoryShape™ Implants for breast reconstruction include reoperation for any reason, implant removal with or without replacement, and capsular contracture. A lower risk of complication is rupture. The health consequences of a ruptured silicone gel breast implant have not been fully established. MRI screenings are recommended three years after initial implant surgery and then every two years after to detect silent rupture. Breast implants are also associated with the risk of breast implant-associated anaplastic large cell lymphoma (BIA-ALCL), an uncommon type of lymphoma. An individual's risk of developing BIA-ALCL with MENTOR™ Breast Implants is low based on the incidence of worldwide cases. The most common complications with MENTOR™ Saline-filled Implants include reoperation, implant removal, capsular contracture, breast pain, and implant deflation.

For MemoryGel™ Implants, patients should receive a copy of Important Information for Augmentation Patients about MENTOR™ MemoryGel™ Breast Implants or Important Information for Reconstruction Patients about MENTOR™ MemoryGel™ Breast Implants. For MemoryGel™ Enhance Breast Implants: Important Information for Reconstruction Patients about MENTOR™ MemoryGel™ Enhance Breast Implants. For MemoryShape™ Implants, patients should receive a copy of Patient Educational Brochure – Breast Augmentation with MENTOR™ MemoryShape™ Breast Implants or Patient Educational Brochure – Breast Reconstruction with MENTOR™

MemoryShape™ Breast Implants, and a copy of Quick Facts about Breast Augmentation & Reconstruction with MENTOR™ MemoryShape™ Breast Implants. For MENTOR™ Saline-filled Implants, patients should receive a copy of Saline-Filled Breast Implants: Making an Informed Decision. Your patient needs to read and understand the information regarding the risks and benefits of breast implants, with an opportunity to consult with you prior to deciding on surgery.

The ARTOURA™ Breast Tissue Expander or CONTOUR PROFILE™ Breast Tissue Expander can be utilized for breast reconstruction after mastectomy, correction of an underdeveloped breast, scar revision, and tissue defect procedures. The expander is intended for temporary subcutaneous or submuscular implantation and is not intended for use beyond six months. ARTOURA™ Breast Tissue Expander and CONTOUR PROFILE™ Tissue Expanders include magnetic injection domes, which contain a rare earth permanent magnet, and are NOT MRI compatible. The device could be moved by the MRI causing pain or displacement, potentially resulting in a revision surgery. Do not use the ARTOURA™ Tissue Expander nor CONTOUR PROFILE™ Tissue Expander in patients where an MRI may be needed. DO NOT use the ARTOURA™ Breast Tissue Expander and CONTOUR PROFILE™ Tissue Expander in patients that have a previously implanted device such as pacemakers, drug infusion devices, artificial sensing devices, etc. that could be affected by a magnetic field. Mentor has not tested the in vivo effects of radiation therapy with ARTOURA™ Breast Tissue Expander and CONTOUR PROFILE™ Expander devices and cannot warrant the safety of such use. The incidence of extrusion of the expander has been shown to increase when the expander has been placed in injured areas: scarred, heavily irradiated or burned tissue, crushed bone areas, where severe surgical reduction of the area has previously been performed and where steroids are used in the surgical pocket.

For detailed indications, contraindications, warnings, and precautions associated with the use of all MENTOR™ Implantable Devices, which include MENTOR™ Saline-filled Implants, MemoryGel™ Implants, MemoryShape™ Implants, ARTOURA™ Expanders, and CONTOUR PROFILE™ Expanders, please refer to the Instructions for Use (IFU) provided with each product or visit www.mentorworld.com.

International Highlights of PSTM25

Global Partner Societies

The American Society of Plastic Surgeons is thrilled to extend a heartfelt welcome to our esteemed Global Partners, representing 52 nations, as honored guests at Plastic Surgery The Meeting in New Orleans.

Each national plastic surgery society with which ASPS has signed a Memorandum of Understanding (MOU) has demonstrated a shared commitment to excellence in standards, governance and ethics. Through this spirit of mutual recognition, members of each national society are eligible to join ASPS as International Members, fostering greater collaboration and connection within the global plastic surgery community.

<i>Albania</i>	<i>Cyprus</i>	<i>India</i>	<i>Mexico</i>	<i>Poland</i>	<i>Switzerland</i>
<i>Argentina</i>	<i>Denmark</i>	<i>Indonesia</i>	<i>Netherlands</i>	<i>Portugal</i>	<i>Taiwan</i>
<i>Australia</i>	<i>Dominican Republic</i>	<i>Ireland</i>	<i>New Zealand</i>	<i>Romania</i>	<i>Thailand</i>
<i>Belgium</i>	<i>Ecuador</i>	<i>Israel</i>	<i>Norway</i>	<i>Russia</i>	<i>Turkey</i>
<i>Brazil</i>	<i>Egypt</i>	<i>Italy</i>	<i>Oman</i>	<i>Saudi Arabia</i>	<i>United Arab Emirates</i>
<i>Chile</i>	<i>Finland</i>	<i>Japan</i>	<i>Panama</i>	<i>Singapore</i>	<i>United Kingdom</i>
<i>Colombia</i>	<i>France</i>	<i>Jordan</i>	<i>Pakistan</i>	<i>South Africa</i>	<i>Venezuela</i>
<i>Costa Rica</i>	<i>Germany</i>	<i>Kuwait</i>	<i>Peru</i>	<i>South Korea</i>	
<i>Croatia</i>	<i>Guatemala</i>	<i>Malaysia</i>	<i>Philippines</i>	<i>Spain</i>	

International Women Plastic Surgeons

The IWPS Forum champions the voices, interests, and advancement of female plastic surgeons around the world. IWPS members are encouraged to attend the WPS Reception at 6:30 p.m. on Friday, Oct. 10 and the WPS Mat Pilates Class and WPS Luncheon on Saturday, Oct. 11. (*Make sure to add these to your PSTM Registration!*)

International Residents Forum

The IRF offers international plastic surgery residents a unique platform to engage with ASPS initiatives, contribute to global projects and connect with peers and mentors across borders.

IRF members are invited to attend the Resident Networking & Mentorship Reception on Friday, Oct. 10 at 6:30 p.m., where they will have the opportunity to build meaningful connections within the ASPS community.

International Young Plastic Surgeons

The iYPS Forum fosters global collaboration and connection among the next generation of plastic surgery leaders. All iYPS members are invited to join the YPS Reception on Friday, Oct. 10 at 6:30 p.m.

International Center

All international attendees are invited to use the ASPS International Center as their meeting and information point. The Center will be in the New Orleans Convention Center, outside the Exhibit Hall, from Thursday - Saturday (9:30 a.m. - 5 p.m.) and Sunday (9:30 a.m. - 1:30 p.m.).

Please contact Ms. Romina Valadez if you have any questions regarding International Membership at rvaladez@plasticsurgery.org.

iYPS

Intended Audience

Plastic Surgery The Meeting 2025 is intended for plastic surgeons, residents and paramedical professionals interested in translating expanded knowledge into practice for the improvement of patient outcomes in plastic and reconstructive surgery.

Learning Objectives

At the conclusion of this activity, participants will be able to:

- Identify current and emerging issues and advances affecting the diagnosis and delivery of treatment for plastic surgical problems and assess their potential practice applications.
- Incorporate into practice technical knowledge in state-of-the-art procedures and drug and medical device uses.
- Communicate current practice management and regulatory issues necessary for the efficient and safe delivery of patient care.
- Translate expanded knowledge into practice for the improvement of patient outcomes and satisfaction.

Accreditation Statement

The American Society of Plastic Surgeons® (ASPS®) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation Statement

The American Society of Plastic Surgeons designates this other activity for a maximum of **75.0 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the **75.0** credits, **25** credits have been identified as applicable to patient safety.

Disclosure Policy

The American Society of Plastic Surgeons (ASPS) requires all instructors, planners, reviewers, managers, and other individuals in a position to control or influence the content of an activity to disclose all relevant financial relationships or affiliations. All identified conflicts of interest must be resolved and the educational content thoroughly vetted by ASPS for fair balance, scientific objectivity, and appropriateness of patient care recommendations. ASPS also requires faculty/authors to disclose when off-label/unapproved uses of product are discussed in a CME activity or included in related materials.

Disclaimer: All relevant financial relationships for planners, faculty, and others in control of content (either individually or as a group) are reviewed by the ASPS Continuing Education Committee and have been appropriately mitigated.

Additional Programs

Artistry of Injectables CME Information

Accreditation

The American Society of Plastic Surgeons (ASPS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation

This activity has been approved for **AMA PRA Category 1 Credits™**.

Migraine Surgery Symposium CME Information

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Plastic Surgeons (ASPS) and the Migraine Surgery Society (MSS). The American Society of Plastic Surgeons (ASPS) is accredited by the ACCME to provide continuing medical education for physicians.

Designation

This activity has been approved for **AMA PRA Category 1 Credits™**.

Rhinoplasty Symposium CME Information

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Plastic Surgeons (ASPS) and The Rhinoplasty Society (TRS). The American Society of Plastic Surgeons (ASPS) is accredited by the ACCME to provide continuing medical education for physicians.

This activity has been approved for **AMA PRA Category 1 Credits™**.

Physician, Physician Assistant, Nurse Practitioners – CME Credit Information

The American Society of Plastic Surgeons (ASPS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education credit for all educational programs.

In 2024, ASPS received accreditation with commendation from ACCME, a designation awarded to organizations that demonstrate compliance in all criteria and accreditation policies. ACCME commended the Society for meeting all accreditation requirements, and for demonstrating that it is a learning organization and a change agent for physicians and the patients it serves. In addition, the Society demonstrates an engagement with its environment in support of physician learning and change that is a part of a system for quality improvement.

Disclaimer: ASPS is not responsible for providing recertification credentialing for the below certification(s). It shall be the responsibility of the individual to provide information to the appropriate corresponding recertification organization(s) for conversion of continuing medical education credit(s). All questions should be directed to the corresponding organization(s) as indicated below for the most current information on recertification.

PHYSICIAN CME

AMA PRA Category 1 Credit(s)™

The American Society of Plastic Surgeons (ASPS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education credit for all educational programs.

Plastic Surgery The Meeting values the continued contributions of our Premier Industry Supporters.

The following sponsors have signed Premier Supporter agreements for PSTM as of May 15.

PLATINUM

3M Health Care is now Solventum! At Solventum, we enable better, smarter, safer healthcare to improve lives. We're a new company with a long legacy of creating breakthrough solutions for our customers' toughest challenges. And we're just getting started.

At Johnson & Johnson MedTech, we are redefining possibilities in breast aesthetics by delivering a comprehensive portfolio of science-based, evidence-backed solutions designed to help women enhance and restore their confidence and quality of life.

As the #1 global brand, we take pride in being a trusted partner in breast augmentation and reconstruction for both consumers and healthcare professionals. In everything we do, we use a patient-first approach that encourages choice and personal empowerment. For more than 40 years, MENTOR™ products have been developed with this very goal in mind. Available in 118 countries, MENTOR™ Breast Implants have been chosen by over 9 million women worldwide.

GOLD

The BD surgical portfolio, leadership and partnerships are focused on improving the standard of care in plastic and reconstructive surgery. BD offers solutions from hemostats to wound irrigation, and the GalaFLEX™ Scaffold with P4HB technology to provide soft tissue support in plastic surgery procedures.

Premier Industry Supporters

Gore engineers medical devices that treat a range of cardiovascular and other health conditions. With more than 55 million medical devices implanted over the course of more than 45 years, Gore builds on its legacy of improving patient outcomes through research, education and quality initiatives. Product performance, ease of use and quality of service provide sustainable cost savings for physicians, hospitals and insurers. Gore is joined in service with clinicians and through this collaboration we are improving lives.

Motiva® products are manufactured by Establishment Labs, a global medical technology company dedicated to improving women's health and wellness. The company's initial focus is breast health, principally breast aesthetics and reconstruction. The Motiva portfolio offers advanced and innovative solutions to breast surgery, designed to deliver improved aesthetic and clinical outcomes.

MTF Biologics is a global nonprofit organization that saves and heals lives by honoring donated gifts, serving patients and advancing science. For over 30 years, we have been dedicated to advancing patient outcomes by focusing on innovative, biologic solutions that support and enhance tissue healing. Today, we offer a comprehensive portfolio of aesthetic medicine solutions for providers and patients worldwide including FlexHD Acellular Dermal Matrix, Renuva Allograft Adipose Matrix, LipoGraft Fat Transfer System, Profile Costal Cartilage and MESO BioMatrix Acellular Peritoneum Matrix.

At Tiger Aesthetics, we are committed to delivering cutting-edge products that meet the evolving needs of aesthetic practitioners and their patients. We provide a head-to-toe range of treatment options, and our innovative technologies represent a unique opportunity to advance Aesthetic Medicine. Tiger Aesthetics, built for the future of aesthetics.

ASPS Inventors Challenge: Forging the Future of the Specialty at PSTM!

The **ASPS Inventors Challenge** returns to PSTM this year with a \$10,000 prize

Join us at 4:00 p.m. on Friday, Oct. 10, 2025, as contestants pitch their innovative plastic surgery product ideas LIVE to a panel of business expert judges. The goal is to find and support new viable plastic surgery product/business ventures that will improve the practice of plastic surgery.

WANT TO MOVE FROM THE AUDIENCE TO THE STAGE?

If you have an innovative idea, product or service that could impact the future of plastic surgery, apply by May 31, to be one of the ASPS Startup Showcase contestants battling to kick-start their pitch into reality! You must be the developer of the product/innovation or a key member of the development team, and you must be able to present at PSTM25 in New Orleans. Submit your application today for an opportunity to compete:

PlasticSurgeryTheMeeting.com/Inventors

Application submissions will be evaluated by members of the TIDE Committee. The top-scoring applicants will be invited to participate in the live ASPS Inventors Challenge presentation at PSTM25. The final round winner will be awarded \$10,000 to continue developing their innovation.

TIMELINE

- ▶ **Call for Initial Applications**
Closes: **May 31, 2025**
- ▶ **Determination of Finalists:**
June 5, 2025
- ▶ **ASPS Inventors Challenge:**
Oct. 10, 2025 at 4:00 p.m. CT

TIDE TALKS

In addition to the groundbreaking innovations you'll see at The Inventors Challenge, we will also be presenting TIDE Talks on Saturday, Oct. 11 at 5:00 p.m.

Spearheaded by the ASPS Technology, Innovation, Disruption and Entrepreneurship (TIDE) Committee, this hour of TED Talk style short presentations will give you a glimpse of some of the most interesting new ideas on the horizon for your practice and your OR.

Plastic Surgery The Meeting FAQs

Where do I get my badge?

You can pick up your badge and add additional special course registrations at the Registration area of the New Orleans Convention Center. The dates and times are listed on page 30 of this brochure.

What do I wear to Plastic Surgery The Meeting?

Business casual attire is appropriate for the Annual Meeting. For events like The PSF and International Reception, people often dress more formally, but it is a mix. Please keep in mind that temperature fluctuation is common, so please dress in layered clothing that can be easily added or removed throughout the convention center or hotels.

What happens in the Exhibit Hall?

More than 3,200 attendees, including over 2,000 physicians, will meet and do business with 300 industry innovators, providing the products and services that support the plastic surgery specialty—all under one roof. More information on the Exhibit Hall, including hours and events, is available at PlasticSurgeryTheMeeting.com/Exhibit-Hall.

Is Medical Programming being recorded?

Yes!* The meeting will not be live-streamed. However, most Medical Programming sessions are being recorded and will be available for registrants to view after the live event. All attendees of the live event will have access to the recordings. For those who cannot attend the live event, there is also an On-Demand registration available.

*Speakers may elect to opt-out of being part of the session recording.

What's the best way to make a schedule of all the sessions I want to see?

Use the ASPS App! If you download the app to your phone, you can "favorite" sessions to build your own schedule. You can also look up speaker schedules and get real-time updates on any room or session changes. If you prefer to read on a big screen, you can also peruse all of the meeting sessions at PlasticSurgeryTheMeeting.com. Both the app and the website allow you to search and view sessions by topic area.

What is the significance of all those ribbons on people's badges?

Ribbons identify an attendee's role at the Annual Meeting or their contribution to The Plastic Surgery Foundation (PSF) or the Political Action Committee (PAC). They also give special recognition to our leadership and honorary members.

Should I go to the Opening Ceremonies and Welcome Reception?

Yes. These and so many other free receptions and social opportunities truly make the meeting experience. Don't think you'll know anyone? This is your chance to make connections! You'll have the opportunity to talk with leaders in plastic surgery, international surgeons who may have never been to the United States before and colleagues practicing in all different situations around the country.

Will there be a shuttle to/from hotels to events and the convention center?

Shuttle service will be provided to and from the convention center to many hotels and events. Check the bus schedule page on the PSTM website closer to the meeting for full route details: PlasticSurgeryTheMeeting.com/Shuttle

Pre-Registered Attendees

Express Check-In will be available at the New Orleans Convention Center. Bring a copy of your registration confirmation to an Express Check-In kiosk for expedited service. All confirmations will include a barcode that will allow for easy scan-and-go access.

On-Site Registrants

Visit the On-Site Registration Desk at the New Orleans Convention Center.

Thursday, Oct. 9	6:30 a.m. - 7:00 p.m.
Friday, Oct. 10	7:00 a.m. - 5:00 p.m.
Saturday, Oct. 11	7:00 a.m. - 5:00 p.m.
Sunday, Oct. 12	7:00 a.m. -12:00 p.m.

Times subject to change.

REGISTER ONLINE

PlasticSurgeryTheMeeting.com

Cancellation, Refund and Credit Card Authorization Policy

Cancellations and requests for refunds must be submitted in writing (email, fax, or mail) and are subject to approval by ASPS. If approved, refunds will be issued in the original form of payment and in accordance with the following schedule:

On or before Aug. 7

100% refund less a \$50 processing fee

Aug. 7 - Sept. 18

50% refund less a \$50 processing fee

On or after Sept. 19

No refunds issued

Barcode Access

Each registrant will receive a barcoded badge, which is encoded with access to registered courses and events. This badge will be scanned for entry into each course or event, as well as used for information exchange in the Exhibit Hall.

MOTIVATED BY NEXT-LEVEL INNOVATION

Motiva Implants[®] showcase cutting-edge innovation in plastic surgery, offering surgeons and patients advanced **Femtech solutions** for breast aesthetics.

SmoothSilk[®]

A 4-micron surface,¹ shown to promote low inflammation,¹ low friction,² and low bacterial attachment.^{3,4}

TrueMonobloc[®]

Unifies the shell, patch, and gel into one single structure.⁵

BluSeal[®]

A visual indicator of the barrier layer that confirms the integrity of the implant for quality assurance and designed for patient safety.^{6,7}

Highly Viscoelastic ProgressiveGel[®]

100% filled implants consisting of a 6th generation viscoelastic and highly cohesive silicone-gel.⁸⁻¹⁰

Visit [MotivaUSA.com](https://www.MotivaUSA.com) to learn more

The sale and distribution of this device is restricted to users and/or user facilities that provide information to patients about the risks and benefits of this device in the form and manner specified in the approved labeling provided by Establishment Labs[®] and Motiva[®] USA. Federal (USA) Law restricts this device to sale by or on the order of a physician.

The Motiva SmoothSilk[®] Round and SmoothSilk Ergonomix[®] Silicone Gel Breast Implants are indicated for breast augmentation for women of at least 22 years old. Breast augmentation includes primary breast surgery to increase the breast size, as well as revision surgery to correct or improve the result of an original primary breast augmentation surgery (i.e., revision-augmentation). Breast Implant surgery is contraindicated in women with active infection anywhere in their bodies, with existing cancer or pre-cancer of their breast who have not received sufficient treatment for those conditions, or who are currently pregnant or nursing. Prior to use, plastic surgeons should review all risk information with women who are considering breast implant surgery. This risk information can be found in the Directions for Use which is provided with each device and found on www.motivausa.com. Plastic surgeons should advise patients of the key complications that have been historically associated with breast implant surgery and implantation of silicone gel breast implants, including, but not limited to, capsular contracture, implant removal, reoperation, infection, and rupture. Plastic surgeons should also advise patients that breast implants are not lifetime devices and patients should follow-up with them, as recommended. The Directions for Use and detailed information regarding the risks and benefits of Motiva SmoothSilk[®] Round and SmoothSilk Ergonomix[®] Silicone Gel Breast implants can be found at: www.motivausa.com or by calling Motiva at 1-800- 924-5072.

AMERICAN SOCIETY OF PLASTIC SURGEONS
444 E. Algonquin Road
Arlington Heights, IL 60005-4664
USA

***The entire plastic surgery specialty is
convening in New Orleans, Oct. 9-12, 2025.***

PLAN NOW TO ATTEND PLASTIC SURGERY THE MEETING!

- Nearly 200 live education sessions covering aesthetic, reconstructive, practice management, wellness, research and technology topics
- A jam-packed exhibit hall with the latest products and services you need for your practice
- Networking receptions, luncheons and events to help you connect with friends and colleagues
- Add your team members:
Go to PlasticSurgeryTheMeeting.com to register you and your team all at once!
