CONFERENCE DESCRIPTION

Our **30th Annual National Conference on Women's Health Care** is designed to provide the most current clinical information about the care of the female patient to OB/GYNs, family physicians, nurse midwives, nurse practitioners, PAs, nurses and all other healthcare professionals involved with the care of women. The goal of this conference is to increase knowledge and enhance the competence of attendees. Emphasis will be placed on practical application of the evidence-based topics presented.

Topics for this year's conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our **30th Annual National Conference on Women's Health Care** while sharing ideas and experiences with colleagues from across the country in the exciting setting of Las Vegas.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Create treatment strategies for the patient with hypertension
- Describe the management of mood, anxiety, and chronic pain disorders
- Formulate a treatment plan for patients with rheumatoid arthritis
- Describe an evidence-based approach to the diagnosis of infertility
- Avoid pitfalls when diagnosing and treating common skin conditions
- Describe factors that impact sexual function and treatment options

ATTENDEE REQUIREMENTS

At the conclusion of attending this conference, participants are entitled to a certificate of credit which will be available online. Successful completion of this activity is determined by attending the live activity, review of the educational session materials, and submission of the case studies test, surveys, and attendance verification form.
