It is a great honor and privilege to host the **10th Abu Dhabi Wound Care Conference** which is held on the 23rd and 24th of March 2019 Jumeirah at Etihad Towers, Abu Dhabi, United Arab Emirates. The concept for 2019 ADWCC is "Together We Move Towards Excellence in Healing".

Since its commencement, the conference has provided amazing scientific opportunities to a growing number of participants from around the world. Keeping in tradition, the 10th ADWCC will cover a wide range of topics which include; Wound Healing, Diabetic Foot, Skin Tears and latest research findings. Proceedings will consist of lectures from internationally distinguished speakers in addition to oral and poster presentations.

This conference aims to propose recent information with supporting evidence to all subjects relating to wound care. We embody exceptional experts in the field, not only from the region but globally from America, Europe and West Asia to provide a unique international essence to our scientific sessions. Each participant will gain profound learning experiences from the comprehensive features of the scientific program.
