CME ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of PESI, Inc. and The Americas Hepato-Pancreato-Biliary Association (AHPBA). PESI, Inc. is accredited by the ACCME to provide continuing medical education for physicians.

OVERALL EDUCATIONAL OBJECTIVES

The AHPBA Annual Meeting has been structured around various tracks, representing the liver, pancreas, biliary system and transplant. At the conclusion of the Annual Meeting of the AHPBA, the Association expects its attendees to have gained knowledge and skills that will lead to changes or enhancements in their own practices and improve physician training. The AHPBA expects that the Scientific Program's educational interventions will result in measurable improvements in patient care. The theme of this year's meeting is to "Get Better". Following the meeting attendees should have a better understanding of:

- Learn to work up and manage bile duct injuries
- Develop an understanding of the diagnosis and management of cholangiocarcinoma, including surgical and medical management
- Describe the role of molecular testing, and immunotherapy HPB malignancies
- Develop the design and implementation of clinical trials in HPB surgery
- Discuss the state of the art care for metastatic colon cancer, including the role of chemotherapy, radiation, and surgery
- Identify the role of technology and research to optimize the safety, quality, and outcomes in HPB Surgery
- Interface with patient advocacy groups to learn what matters to our patients

ADVANCED ABDOMINAL ULTRASOUND COURSE

Wednesday, March 20, 2019
7:00am – 5:30pm

Limited Space Available! SIGN UP TODAY

Didactic Session

The goal of this post-graduate course is to provide the practicing Surgeon and Surgical GI Fellow (HPB, Advanced GI, Minimally Invasive, Surgical Oncology, Transplant) with advanced education and training in HPB ultrasound.

The course will review the basic principles of ultrasound and will provide in-depth instruction on the techniques of ultrasound in HPB surgery. Centering on intraoperative and laparoscopic abdominal ultrasound, the course will provide a comprehensive understanding of the anatomy of the HBP system in addition to ultrasound techniques, methods, and ultrasound guidance.

Hands-on Session

The goal of the hands-on session is to continue ultrasound instruction from the didactic session to hands-on practice in HPB ultrasound. Participants will practice techniques in transabdominal, intraoperative, and laparoscopic ultrasound while gaining a comprehensive understanding of HPB ultrasound anatomy and performing ultrasound guidance procedures. A variety of models will be utilized including human and phantom models for instruction in technique and HPB anatomy in addition ex-vivo organs (eg., bovine organs) for practice in tumor targeting, ultrasound guidance, and tumor ablation/resection.

Suggested Prerequisite

Participants are strongly encouraged to complete one of the following:

1. The previously offered ACS postgraduate course "Ultrasound for Surgeons"
2. The currently offered ACS postgraduate CD-ROM course "Ultrasound for Surgeons: The Basic Course"

Documented Learning

1. Written pre-test given prior to start of course
2. Written post-test given at the completion of the course
3. Satisfactory completion of Hands-On Learning

Objectives—Certificate of Completion

Through AHPBA for completion of didactic and hands-on sessions in addition to satisfactory completion of post-test (score >80%) and Hands-On Session Learning Objectives.

SCHEDULE AT-A-GLANCE

WEDNESDAY, MARCH 20

7:00am – 8:00am	Ultrasound & Advanced Technology Course Registration and Breakfast
8:00am – 5:30pm	Ultrasound Course
12Noon – 6:30pm	Committee Meetings
6:00pm – 8:00pm	Registration Open
6:30pm – 8:30pm	Executive Council Meeting

MEMBERSHIP INFORMATION

Today, more than 1,000 active members create the energy of our society. HPB is a multidisciplinary field, and our membership reflects such. We foster an atmosphere of alliance among clinicians and scientists to advance both learning and patient care.

Our organization promotes educational and professional development of its members and offers a yearly HPB meeting, research and traveling fellowship grants and several educational opportunities all throughout the American continents.

AHPBA/IHPBA is strong enough to represent your interests and provides an ideal setting for you to meet and share your expertise. Enjoy the benefits of this vibrant association that promises to enhance your knowledge, professional growth and patient care practices.

BENEFITS OF MEMBERSHIP

- Membership of a professional and global network
- Interaction with other HPB specialists and leaders
- Networking and career opportunities
- Annual electronic subscription to the official journal of the Society, HPB, as well as an option to elect to receive the printed version
- Discount on registration fees at the IHPBA World Congress and AHPBA Annual Meeting
- IHPBA and AHPBA electronic newsletters to keep you up to date
- Opportunity to interface with HPB leaders from around the world
- Access to the online membership directory
- Access to technical and training guidelines
- Certificate of Membership

LOEWS MIAMI BEACH HOTEL

Miami is one of the most exciting travel destinations in the world. People come here for the sun, the beaches, the nightlife, the Art Deco architecture and to experience a unique blend of American, Caribbean and South American cultures. The knowledgeable concierge and hotel staff at Loews will ensure you have all you need to enjoy the sights and sounds of the wonderful South Beach area.

Exhale Spa

Escape is located at Loews Miami Beach hotel and is a relaxing sanctuary designed to balance and restore the mind and body, Exhale's complete menu of spa therapies and fitness classes. Please note there is a \$10 daily access fee for the fitness center facilities, however AHPBA attendees will receive a discount for the fitness center of \$5 daily access fee. For additional information or to reserve a spa appointment, please go to: <https://www.loewshotels.com/miami-beach/services-amenities/exhale-spa>

Kids Activities

Loews loves kids, teens and grown up kids, too! Named one of the Top 10 Beach Resorts for Families by Parents Magazine, Loews Miami Beach Hotel is the only true family-friendly hotel located in the heart of South Beach.

SoBe Kids Camp at Loews offers full and half-day programs every day and evening programs on Friday and Saturday nights. The programs are packed with high-energy activities like Arts & Crafts, Shell Finding, Sand Castle Contests, Beach Sports, Water Balloon Madness, Wii competitions, our very own SoBe Scavenger Hunt and more.

SoBe Kids Camp is located in the lobby of the St. Moritz Tower at the Loews, for children 4 to 12 years old. For more information, please call 305-604-5421.

Loews Hotel Blog

Please go to the Loews Hotel Blog for some ide current ideas for your time at Miami Beach: <http://blog.loewshotels.com/locations/miami-beach/>

TOP MIAMI AREA ATTRACTIONS

1. South Beach

No visit to Miami can be considered complete without a stop at South Beach -- the quintessential Miami hot spot. From shopping to partying, this area of Miami Beach is well-known for being a trendy locale.

www.miamiandbeaches.com

2. Everglades

With 1.5 million acres of swamps, saw-grass prairies and subtropical jungles, Everglades National Park is one of the most unusual public parks in the United States. Located on the southern tip of Florida, the park is home to 14 rare and endangered species, including the American Crocodile, the Florida Panther and the West Indian Manatee. A large portion of the park is primitive, explored only by adventurers and researchers – but visitors have ample opportunity to walk, camp and canoe. www.nps.gov/ever/index.htm

3. Miami Seaquarium

Miami Seaquarium is 38 acres of tropical paradise, featuring dolphins, killer whales and more. Founded in 1955, it is one of the oldest oceanariums in the United States. In addition to marine mammals, the Miami Seaquarium houses fish, sharks, sea turtles, birds, reptiles, and manatees. From eight different marine animal shows, astonishing daily presentations, and a variety of educational tidbits along the way, Miami Seaquarium is a place of inspiration, education - and fun!

<http://www.miamiseaquarium.com/>

4. Jungle Island

Jungle Island, Miami's premier entertainment destination, combines the beauty of Miami's tropical landscape with a jungle full of extraordinary animals from around the globe. Building upon its rich 75-year history, today's Jungle Island is a contemporary theme park, featuring extremely rare twin orangutans and over 300 vibrant birds, including the world's only trained Cassowary
