Cleveland Clinic Multispecialty Pathology

Attend this symposium that will focus on practical discussions of commonly encountered dilemmas in surgical pathology, dermatopathology, and cytology. The goal is to provide evidence-based guidance on the diagnosis and management of challenging cases in prostate disease, renal neoplasms, GI and medical liver disease, endometrial and uterine masses, gynecological cytology, lung cytology, head and neck pathology, and melanocytic and inflammatory skin lesions. Practicing pathologists, fellows, and residents who attend will maintain, develop, and increase their knowledge, competence, and professional performance with the intent to improve patient care and reduce disease impact.

Who Should Attend?

Pathologists, Pathology Residents and Fellows

By Attending, You Will Be Able To:

- Accurately evaluate pathology of salivary gland neoplasms and sinonasal tract tumors.
- Diagnose melanocytic tumors, cutaneous adnexal tumors, inflammatory dermatopathology, and spindle cell lesions of the skin.
- Identify precursors of endometrial cancer and non-endometrioid adenocarcinoma of the uterus, and use fine-needle aspiration to detect pancreatic masses.
- List techniques for evaluation and diagnosis of pathology of the genitourinary tract, prostate biopsies, and renal neoplasms, and describe the best evidence-based approach to transurethral resection of bladder tumors.
- Summarize key historic features of several gastrointestinal disorders including medical liver biopsies, cystic pancreatic neoplasms, challenging inflammatory bowel disease cases and complex GI consultation cases.

Information

For further information about this activity, visit the Cleveland Clinic Center for Continuing Education Website:

www.ccfme.org/19pathology

Accreditation

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 18 AMA PRA Category 1 Credits™.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association for Category 2 credit.

American Board of Pathology MOC

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 18 Lifelong Learning (Part II) MOC points/Self-Assessment Module (SAM) credits in the American Board of Pathology's Maintenance of Certification Program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity.

MOC must be selected at the time of registration.

Other Health Care Professionals

A certificate of participation will be provided to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Faculty Disclosure

The Cleveland Clinic Foundation Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

Americans with Disabilities Act

The Cleveland Clinic Foundation Center for Continuing Education fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify us at least two weeks prior to the activity.
