AGENDA AT A GLANCE

CONFERENCE INTRODUCTION:-

According to a recent report by Morgan Stanley, as many as nine drugs in the biologics category have either gone off patent or will do so by 2025. Their total revenue was \$62 billion (around INR 4.3 lakh crore) in 2018. This creates a major opportunity for their respective biosimilars. The research firm estimates that revenue of these biosimilars will grow by 24 per cent annually for seven years to \$13.3 billion in 2025 (around INR 93,000 crore) in the US and Europe. That offers a big opportunity. the global market for biosimilars will be \$240 billion and the Indian market will be over \$35 billion by 2030

The 14th Biosimilars Congregation 2019 will be your opportunity with leading industry experts to discuss from development, manufacturing to commercialization - The current landscape, legal, regulatory, funding, challenges, market access strategy, business models and how to get to market

Virtue Insight is delighted to invite you to attend the 14th Biosimilars Congregation 2019 conference, to be held on 12th December 2019 in Mumbai, India. 14th Biosimilars Congregation 2019 brings together scientists, researchers and CROs from around the world.

At 14th Biosimilars Congregation 2019 meet your target audiences from around the world focused on learning about biologics and biosimilars. This conference would be your single best opportunity to reach the largest assemblage of participants from the biologics and biosimilars community

Why to attend???

Join your peers around the world focused on learning about Biologics and Biosimilars related advances, which is your single best opportunity to reach the largest assemblage of participants from the Biosimilars community, conduct demonstrations, distribute information, meet with current and potential professionals, make a splash with new research works, and receive name recognition at this 1-day event. Well-renowned speakers, the most recent research, advances, and the newest updates in Biologics and Biosimilars are hallmarks of this conference.

We look forward to see you personally at our esteemed event.

KEY THEMES DISCUSSED IN THIS CONFERENCE:-

- Biosimilar companies ' market assessment - Where are we to ahead?
- Present state and future scenario of the biosimilar market.
- Why does India need biotechnology to guarantee the safety of food, feed and nutrition?
- What are Indian institutes and scientists ' innovative biotechnological methods?
- Current landscape and policy updates for global biosimilars
- Discussing pricing approach and value management as a growing need
- Current challenges in developing biosimilars
- Scientific and strategic approaches taken for successfully developing of follow-on-biologics
- How and when should investors be involved in biotech funding?
- Product processing and production, permits and licensing and other direct costs
- Biosimilars & Biobetters development
- Product development, marketing authorisation and post-registration surveillance differences between generics and biosimilars
- Discussing about the growth statistics of biopharmaceutical industry in India
- Challenges faced in the development and production of biosimilars
- Regulatory authorities guidelines for the advancement and approval of biosimilars
- Strategies for better regulatory expertise and cross-nation support for advance regulatory policy innovation
- Be part of a major networking opportunity

AN EVENT TO VOW

Get more from the event, with a broader scope bringing the whole communications value chain together. Enjoy and make the best out of our dedicated networking time, meet the leading international vendors showcasing the products of tomorrow in the co-located exhibition. Expand your knowledge of the latest business models and strategies in the high-level conference.

WHY EXHIBIT?

- Make Sales
- Debut new products
- Profile your brand
- Meet new business partners
- Develop key relationships
- Educate pharma and biotech companies

WHO WILL YOU MEET

CSOs, CMOs, Vice Presidents, Presidents, Heads, Directors, Team Leaders, and Senior Scientists from the following roles:

Biopharmaceuticals/ Biotherapeutics, Follow on Biologics/Follow on Proteins, Biologics/Biotechnology/ Bio generics, Legal Affairs, Intellectual Property, Health Economics, Pricing and Reimbursement, Clinical Immunology, Principal Scientist, Chief Scientific Officer, Process Control and Analytical Technologies, Analytical Characterisation, Regulatory Compliance, Pharmacovigilance, Drug Safety & Risk Management, Quality Affairs/ Quality Control, New Product Development, Process Science, Portfolio Management, Research & Development, Business Development, Business Operations, Scientific Affairs, Commercial Affairs

AGENDA AT A GLANCE

DAY ONE - 12th December 2019

08:30 – Coffee and registration – An opportunity to meet and to network with your conference colleagues.

09:20 – Chairperson opening remarks

MARKET OVERVIEW & ANALYSIS

09:30 / Topic TBC

ASHOK KUMAR
President Centre for Research & Development
Ipca Laboratories

10:10 / Biosimilar companies' market assessment – Where are we to ahead?

- Biosimilars in India; Current Status and Future Perspectives
- Analysing and concentrating the various views and forecast the scenario of biosimilars market and follow on Biologics.
- Discussing the present state and future scenario of the biosimilar market.
- Analysing market from the first launching of your biosimilar to the newest one till date
- Discussing the radical changes on the pharmaceutical market and on the investment for biosimilars

10:40 – Morning Coffee/Tea & Discussion

CHALLENGES & OPPORTUNITIES

11:00 / DISCUSSION WITH EXPERTS: Current landscape and policy updates for global biosimilars

- Biosimilar companies' market assessment – Where are we to ahead?
- Establishing a prosperous biosimilar market for other nations around the globe in terms of accessibility, investment, competition, regulatory approach, and other facets.
- Establishing similarity with the original medicine while finding the original molecular clone
- Discussing on the development of biosimilar production capabilities along with overall high cost of development
- Addressing rigorous and long regulatory paths in different nations
- Discussing pricing approach and value management as a growing need
- In the coming months, what topics will shape the sector, and how can players distinguish themselves?

Moderator:

PRADEEP NAGALKAR
