China International Medicinal Equipment Fair (CMEF), launched in 1979, is held twice annually – spring and autumn. After over 39 years of continuous innovation, CMEF has become the largest trade fair for medical devices, related products and services in the Asia-Pacific region. The fair widely covers 15,000 products and serves the entire value chain of medical devices from the source to the end in a direct and all-round way. Over 6,000 medical device manufacturers from over 28 countries, and 180,000 professional visitors from over 150 countries and regions gather at CMEF for trading and networking; With in-depth professional development of the exhibition, CMEF has initiated conference forums and established a series of sub-brands in medical field including CMEF Imaging, CMEF IVD and ICMD. Now CMEF has become the leading event for new product launch, branding, and a professional information distributing center, as well as an academic, technical exchange platform.
