- 15 - Combination therapy for skin rejuvenation
- 16 - Chemical peel in aesthetic medicine

THE EVENT

The Canadian Board of Aesthetic Medicine (CBAM) will host its Aesthetic & Anti-aging Congress on July 9 & 10, 2022. CBAM is proud to be Canada's leading congress on Aesthetics and Anti-Aging Medicine. This congress will provide a forum to discuss new ideas and topics in aesthetic medicine. This event aims to bring together physicians, nurses, dentists, students, medical aestheticians, Spa owners, and experts in aesthetic medicine to discuss the newest advancements in the field. This congress will enable the exchange of ideas and knowledge between the different research, practical, and industrial sectors focusing on aesthetic medicine.

WHY SPONSOR?

- CLINICS
- COMPANIES
- SKINCARE
- MEDICAL SPAS
- MEDICAL DEVICE DISTRIBUTORS
- PHARMACEUTICAL COMPANIES
- ACADEMIC INSTITUTIONS
- BUSINESSES
- CONSULTING AGENCIES
- COSMETICS
- DERMATOLOGY

With hundreds of attendees at the Congress, sponsors will have ample opportunities to meet new customers. Many current clinic owners, as well as practitioners interested in opening their own practice, will be present at the event.

As part of our marketing initiatives, all sponsors will receive extensive digital brand exposure before, during, and after the event.

In addition to the brand exposure guaranteed through our marketing activities, exhibitors will have booths to advertise and promote their products and services during the event.

You will be able to showcase your latest products and services to a large audience looking for learning about the newest products or seeking business opportunities.

Moreover, we will promote your products and services through our Pre-congress activities such as weekly virtual courses for members or advertising on the pages of the online lessons for our physicians or nurse students.

ABOUT THE ORGANIZER

The Canadian Board of Aesthetic Medicine (CBAM) team is composed of physicians and other practitioners who are experts in different branches of aesthetic medicine.

CBAM faculty is dedicated to providing the best educational platforms to transfer knowledge to their members by expanding the high-quality materials and content, hands-on courses, workshops, podcasts and webinars featuring the most experienced experts in the aesthetic field.

CBAM aims to establish a benchmark for standardizing aesthetic medicine in Canada to benefit the public sector.
