16th Annual Symposium on Current Concepts in Spinal Disorders

WHEN Thursday, February 2 – Saturday, February 4, 2017

WHERE [Cosmopolitan of Las Vegas](#)

DESCRIPTION The 16th Annual Symposium on Current Concepts in Spinal Disorders focuses on treatment methodology, controversies in spine care management, and new and emerging technologies. The faculty is comprised of internationally recognized experts who will present lectures focused on innovations in spine surgeries, spine sciences including biologics, stem cells, minimally invasive surgeries, motion preservation, complications, controversies, and deformities. Participants will have several opportunities to hold personal interactions with many of our countries leading spine professionals. All attendees are encouraged to join faculty for discussions and debates regarding all topics.
