Steven Dubovsky, MD

Professor of Psychiatry and Chair
Department of Psychiatry, University at Buffalo

Stephanie Ficarro, PsyD

Research Assistant Professor of Psychiatry
Department of Psychiatry, University at Buffalo

Conference Objectives

The goal of this conference is to update the participants on the latest advances in the diagnosis and management of a wide array of psychiatric disorders. Through lectures by internationally renowned speakers, followed by workshops and small group discussions on various tracks, complex data will be translated into simple, clinically relevant information that will be useful to the practicing clinician. At the completion of this activity, the participant should be able to:

1. Identify individuals who present with mental health and co-morbid substance use issues, as well as provide brief interventions, and make referrals to appropriate treatment within the context routine primary healthcare (SBIRT), with a focus on providing care to Native populations.
2. Appreciate the role of medical ethics codes and the dynamic tension between such codes, societal laws, personal (and religious) values, and the forces of medical consumerism in these dilemmas.
3. Assess data supporting the effectiveness of emerging therapies identified in the treatment of neurocognitive disorders, including Alzheimer's disease and mild cognitive impairment.
4. Understand innovative concepts and novel directions in the practice of emergency psychiatry and understand how to apply such to patient care.
5. Distinguish between developmentally normal experiences of perceptual disturbance as compared to at-risk signs and symptoms of first episode schizophrenia across the psychosis spectrum.

CME ACCREDITATION & CERTIFICATION

The University at Buffalo, Jacobs School of Medicine and Biomedical Sciences is accredited by the ACCME to provide continuing medical education for physicians.

The University at Buffalo, Jacobs School of Medicine and Biomedical Sciences designates this live activity for a maximum of 12.00 AMA PRA Category 1 Credit(s). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CONTINUING EDUCATION FOR PSYCHOLOGY

The Department of Psychiatry is recognized by the NYS Education Department's State Board for Psychology as an approved provider of continuing education for licensed psychologists. This program has been designated for a maximum of 12.0 CE credits. Psychologists should only claim credit commensurate with the extent of your participation in the activity.
