

Integrating Medication Therapy Management into Pharmacy Practice

Date: 11 – 13 October 2018

Venue: Hilton- AlQasr Ballroom, Jeddah

CONNECT..HEALTHCARE TEAM®

Invitation

Dear healthcare providers,

It gives us great pleasure to welcome you to attend the 2018 KFSH&RC- Jeddah Pharmaceutical Conference titled *Integrating Medication Therapy Management into Pharmacy Practice* which will be held during October 11-13, 2018 at Hilton Hotel Jeddah, SA.

The conference will provide a valuable and unique opportunity to meet and interact with pioneers in Medication Therapy Management (MTM). Attending this conference will allow you to be involved in many active discussions and interactive sessions with our experienced local and international speakers. They will share with you the process of implementing the MTM service step by step and will provide you with all the knowledge and skills needed to success in managing ambulatory care patients.

This conference will be held in Hilton Hotel by the new Water Front in the second largest city in Saudi Arabia, Jeddah. It locates in the Hijaz region by the Red Sea coast and is one of the major urban centers of western Saudi Arabia. It is the largest city in Makkah Province, the largest seaport on the Red Sea, and with a population of about four million people (as of 2017). Jeddah is the principal gateway to Mecca and Medina, two of the holiest cities in Islam and popular tourist attractions. Economically, Jeddah is focusing on further developing capital investment in scientific and engineering leadership within Saudi Arabia, and the Middle East.

We look forward to welcome you in October 2018

Best Regards,
Conference Organizing Committee

KFSHRC, Jeddah, SA

Certificate of Delivering Medication Therapy Management Services

The pharmaceutical care division at King Faisal Specialist Hospital and Research Center- Jeddah branch (KFSHRC-J) in collaboration with American Pharmacists Association (APhA) is happy to announce the opening for registration for an accredited certification by Accreditation Council for Pharmacy Education (ACPE) in *Delivering Medication Therapy Management Services*.

This is a practice- based learning experience that focuses on the systemic approach for developing, implementing, delivering and sustaining MTM services.

This certification is a combination of prerequisite self- study learning, full day attendance of certification course and a final exam. Attending this course will qualify you to advance public health and patient care through improved medication use, provide training to enhance pharmacists' ability to effectively provide MTM services, motivate increase numbers of pharmacists to establish MTM services and communicate benchmark practices for providing MTM services.

For the first time in Saudi Arabia, pharmacists will have the opportunity to have hands on training in improving medication use through the delivery of MTM services in a variety of practice setting.

Integrating Medication Therapy Management into Pharmacy Practice

Date: 11 – 13 October 2018

Venue: Hilton- AlQasr Ballroom, Jeddah

CALL FOR ABSTRACT

Under the Pharmaceutical Care Division at KFSH&RC, the organizing committee of “Integrating Medication Therapy Management into Pharmacy Practice Conference” is pleased to invite all pharmacy professionals to participate in the poster competition.

The poster display is going to play an important role in our conference, and will be a great opportunity to network and communicate with other Healthcare professionals from the region.

It will provide the presenters with the opportunity to outline new information, improvement strategies, ideas, case studies or projects and to celebrate the success of an individual or organizational effort.

Poster topics can be related to patient’s health care including clinical and experimental pharmaceutical research.

Top Three Research Posters will be Awarded!

Deadline for Abstract Submission is **EXTENDED** to
Thursday September 20th, 2018 @14:00

For abstract information: www.jcme-kfshrc.com

For abstract submission: MTMconference2018@kfshrc.edu.sa

For more information: Tel (+966) 12 6677777 ext. 67905 Fax (+966) 12 6677777 ext. 68646

Unique Learning Experience

Topics to be covered:

- Overview of Medication Therapy Management (MTM); addressing key points about MTM goals, rational, its 5-Core Elements, outcomes, and strategy
- Sources of information gathering in MTM
- How to target patients for MTM services
- Comprehensive medication review and assessments
- Managing and preventing medication-related complications
- Basic steps for planning and implementing a successful MTM services
- Pharmacists role as member of MTM team
- Applying MTM in treatment plans in a broad range of disease states as: anticoagulation, HIV, BMT, Hypertension, and hyperlipidemia
- Documentation and follow-up procedures
- Effective communication skills to overcome communication barriers
- Medication reconciliation at transition of care
- Quality measures that are impacted by MTM services and used to evaluate MTM services
- Economic and clinical outcomes that are affected by pharmacist-provided patient care services
