INVITATION

WNPC25

Dear Colleagues,

Episirus Scientifica welcomes you to attend World Neuroscience and Psychiatry Conference 2025 (WNPC25) in collaboration with Indian Psychiatric Society and Neuro and Biofeedback Society (NABS) held during March 08-09, 2025 in Bangkok, Thailand with the theme "Discovering the Science of Brain and Mental Health". This international meet (WNPC25) in collaboration with national and international societies anticipates hundreds of participants including Keynote speakers, Oral and Virtual presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in Neuroscience and Psychiatry. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world-class critical care and Medical Associations.

Life is full of give and take make it count in your professional life, attend the neuro Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Bangkok this March.

Sincerely,
WNPC25 Bangkok

INVITATION

WNPC25

Dear Delegates,

It is my privilege to extend warm greetings to all participants of the World Neuroscience & Psychiatry Conference 2025, to be held in the dynamic and culturally vibrant city of Bangkok, Thailand, on March 8-9, 2025. This global event, centered on the theme “Discovering the Science of Brain and Mental Health,” promises to be a remarkable confluence of knowledge, innovation, and collaboration.

As we navigate the complexities of brain science and mental health in an ever-evolving world, this conference offers an unparalleled platform to exchange ideas, discuss groundbreaking research, and explore novel therapeutic approaches. The integration of neuroscience and psychiatry is essential for advancing our understanding of mental health disorders and paving the way for more effective, personalized interventions.

Bangkok, with its rich history, modern dynamism, and welcoming spirit, provides the perfect setting for this intellectual and cultural exchange. I encourage all participants to immerse themselves in the scientific discussions while taking the opportunity to experience the unique heritage of this beautiful city.

I congratulate the organizers for curating an exceptional program and bringing together a diverse community of professionals dedicated to advancing mental health globally. Let us seize this opportunity to foster partnerships, share our expertise, and contribute to shaping the future of neuroscience and psychiatry.

Looking forward to seeing you in Bangkok in WNPC25!

ABOUT US

Episirus *Scientifica*

Episirus Scientifica (ES) is initiated to meet a need and to pursue collective goals of the scientific community specifically focusing in the field of Sciences, Engineering and technology to endorse exchanging of the ideas & knowledge which facilitate the collaboration between the scientists, academicians and researchers of same field or interdisciplinary research. Episirus Scientifica (ES) group is proficient in organizing conferences, meetings, seminars and workshops with the ingenious and peerless speakers throughout the world providing you and your organization with broad range of networking opportunities to globalize your research and create your own identity. Our conference and workshops can be well titled as 'ocean of knowledge' where you can sail your boat and pick the pearls, leading the way for innovative research and strategies empowering the strength by overwhelming the complications associated with in the respective fields.

Participation from 60 different countries and 500+ different Universities have contributed to the success of our conferences.

Our first International Conference was organized on Heart & Neurology in Bangkok, Thailand. Our conferences usually run for 2-3 days completely covering Keynote & Oral sessions along with workshops and poster presentations. Our organization runs promptly with dedicated and proficient employees' managing different conferences throughout the world, without compromising service and quality.

About WNPC25

WNPC25 will follow the Hybrid Event Model

After a successful hybrid WNPC25 World Neuroscience and Psychiatry Conference in Bangkok Thailand, the 8th Edition of World Neuroscience and Psychiatry Conference 2025 (WNPC25) in collaboration with Indian Psychiatric Society will be hosted by Episirus Scientifica at Bangkok, Thailand During March 08-09, 2025.

World Neuroscience and Psychiatry Conference 2025 (WNPC25) is the 8th Edition educational event which is designed to advance knowledge and expertise in neurology, neuroscience, and psychiatry that rotate between continents and are organized in collaboration with national and international pediatric societies and associations. This International WNPC25 Congress is going to be held during March 08-09, 2025 in Bangkok, Thailand.

The conference is targeted to the international Mental Health community as well as other healthcare professionals involved in multidisciplinary neurological disorders; For every community, there continues to be a need for mental health and medical teams to evaluate and treat the patient. It is appropriate that this neurology and psychiatry Conference take the action of leading a continuing education venue for the complex operative and mental health challenges and become the epitome of such series.

The World Neuroscience and Psychiatry Conference 2025 (WNPC25) will be organized around the theme ***'Discovering the Science of Brain and Mental Health'***.

The conference program for the 2 days includes a line-up of local and international speakers with inspiring insights to share on advancing neurological, and mental health Care through the lens of patient and family experiences.

OUR COLLABORATORS

Neuro and Biofeedback Society
Rewiring Minds

The **Neuro and Biofeedback Society** comprises of a diverse group of professionals, researchers, educators, and enthusiasts dedicated to the advancement of neurofeedback and biofeedback methodologies. Our members include psychologists, clinical psychologists, medical professionals, neuroscientists, clinicians, educators, and individuals passionate about harnessing the power of neuroplasticity and self-regulation for optimal health and performance.
