CREDITS

This course meets the criteria for 13 contact hours (1.3 CEU's). The **OR** and **IN** Board's of Physical Therapy recognizes other Board's approvals. Application has been made to the **NJ** Board of Physical Therapy Examiners and the **PA** State Board of Physical Therapy. **TX** Physical Therapy Association accredited provider.

Approved provider by the **NY** State Board of Physical Therapy for 15.6 contact hours.

Approved provider of continuing education by the American Occupational Therapy Association #3043 for 13 Contact Hours (1.3 CEU's) - Intermediate level, Occupational Therapy Process: Assessment, Intervention. The assignment of AOTA CEU's does not imply endorsement of specific course content, products or clinical procedures by AOTA.

NBCOT professional development provider - 13 PDU's.

This course is offered for up to 1.3 ASHA CEU's (Intermediate level, Professional area).

This program has been submitted for approval of 13 clock hours of continuing education credit by the TX Speech Language Hearing Association (TSHA).

TESTIMONIALS

"Donna Frownfelter is an enthusiastic speaker who engages her audience - she makes you want to continue learning. She provides a wealth of significant and practical information that can immediately be used in the clinic. I highly recommend this course to all therapists to enhance your knowledge and understanding of the cardiac and pulmonary systems and applicable interventions." - *Katerina Liapis, PT*

"Donna is fantastically dynamic, knowledgeable, and personable. The information was well organized, presented and very functional." - *Tara M. Cole, MPT*

"Donna is a rare type of clinician in that she has several years of experience and not only as a PT but also as a respiratory therapist. She has seen the profession evolve and has a unique perspective to offer. As she is also an educator in academia, she has perfected delivery of material. I am truly glad to have been to this course!" *Ashley Crow, PT*

"Excellent course in its scope and depth. Ms. Frownfelter has a wonderful sense of humor and uses it to good effect. She presents useful information for practical clinical application." - *Thomas Basseches, OTR*

Maximizing Cardiovascular and Pulmonary Function in Patients to Decrease Re-Admissions and Reach Optimal Outcomes

**If you Can't Breathe
Nothing Else Matters**

**Donna Frownfelter
DPT, CCS, RRT, FCCP**

March 16-17, 2018 - Portland, OR

April 20-21, 2018 - Allentown, PA

August 10-11, 2018 - Denison, TX

September 28-29, 2018 - Indianapolis, IN

Relevant Continuing Education for Therapists by Therapists

www.educationresourcesinc.com

(508) 359-6533 or (800) 487-6530 (outside MA)

COURSE DESCRIPTION

Every patient you treat is a cardiovascular and pulmonary patient. No matter what the setting you practice in from Acute Care to Skilled Nursing, Long Term Acute Care, to Home Care or Outpatient Therapy or school settings, your therapy outcomes will be limited by primary and secondary cardiovascular and pulmonary impairments.

Using best practices to examine and evaluate clients and provide optimal interventions safely will maximize functional outcomes and help prevent re-hospitalizations which is of primary concern and focus in the current health care arena.

COURSE OBJECTIVES

Upon completion of the seminar the participants will be able to:

1. Describe and monitor normal and abnormal cardiopulmonary function in a variety of practice settings.
2. **Interpret** the results of monitoring and apply to PT, OT, RT & SLP interventions, progression of therapy and re-evaluation.
3. Identify and incorporate **ventilator strategies** in therapeutic exercise by modifying breathing patterns to facilitate speech and movement optimal function.
4. Identify **red flags** to raise concern for issues which might prevent success with discharge from various settings and address solutions to optimize transitions to lower levels of care or self care.
5. Interact with the inter-professional team across the continuum of care to provide optimal therapy and coordination to **decrease re-hospitalization**.

LOCATIONS

Please visit our website for overnight accommodations

March 16-17, 2018 - Oregon
Providence St. Vincent Medical Center
Portland, OR

April 20-21, 2018 - Pennsylvania
Sacred Heart Hospital
Allentown, PA

August 10-11, 2018 - Texas
TMC Outpatient Physical Rehab and Wellness Ctr
Denison, TX

September 28-29, 2018 - Indiana
Franciscan Health Indianapolis
Indianapolis, IN

SCHEDULE DAY ONE

8:00-8:30	Registration/Continental Breakfast
8:30-9:00	Overview of course, Interaction with participants to assess special needs and wants.
9:00-10:30	Clinical Applications of Cardiovascular and Pulmonary (CVP) Anatomy and Physiology
10:30-10:45	Break
10:45-12:00	Pathophysiology of Primary and Secondary CVP Impairments
12:00-1:00	Lunch (on your own)
1:00-2:45	Examination and Evaluation of Patients Applications to PT, OT & SLP
2:45-3:00	Break
3:00-4:30	Intervention: Mindful Breathing, Ventilatory Strategies Lecture/Lab

SCHEDULE DAY TWO

8:00-8:30	Continental Breakfast
8:30-10:30	Airway Clearance Interventions to facilitate speech and movement
10:30-10:45	Break
10:45-12:00	Treatment Progressions, Case Studies
12:00-1:00	Lunch (on your own)
1:00-2:30	Respiratory Support Equipment, i.e. Oxygen, Titration with exercise, Oximeters, Respiratory Muscle Trainer, Body Jackets, Wheelchair Supports for optimal ventilation
2:30-2:45	Break
2:45-3:30	Reasons for re-hospitalization of CVP patients
3:30-4:30	Empowering Patients and family/significant others for Self-Advocacy Self Management and Self Care

EQUIPMENT

Attendees will need to bring a stethoscope.

AUDIENCE

Physical Therapists, Physical Therapist Assistants, Occupational Therapists, Occupational Therapist Assistants working with school age through adult clients with cardiovascular and/or pulmonary impairments.

FACULTY

Donna Frownfelter, DPT, CCS, RRT, FCCP is an internationally known consultant, teacher, practitioner and author. She is best known for the widely used text, co-authored with Elizabeth Dean PhD, PT, *Principles and Practice of Cardiopulmonary Physical Therapy* 5th edition, 2012. In addition Dr. Frownfelter co-authored *Cardiovascular and Pulmonary Patterns, Guide to PT Practice with Dr. Marilyn Moffat, 2007*. Dr. Frownfelter's experience ranges from NICU, to medical/surgical critical care in large medical centers to Skilled Nursing and Home Care. She has worked with the school systems integrating and educating re: children with asthma and children that are ventilator assisted in the classroom and participation in the community. She is currently very involved with patient groups through the Respiratory Health Association of Metropolitan Chicago and other special groups to promote Mindful Breathing and Self Care. She has taught CVP Physical Therapy for over 35 years at Northwestern University Physical Therapy and Human Movement Sciences and is currently full time faculty at Rosalind Franklin University of Medicine and Science, the College of Health Professions, Physical Therapy Department. Rosalind Franklin University is a proponent on Inter-professional Team Practice and Dr. Frownfelter has been very involved with that concept for maximal patient outcomes. She is also the Program Director for their online Transition Doctor of Physical Therapy Program. *Disclosure: Financial: Donna Frownfelter receives a speaking fee from Education Resources as well as royalties from Mosby Publishers. Non Financial: She has no non financial relationships to disclose.*
