

WHC2018

World Heart Conference

NOVEMBER 05 & 06, 2018
PRAGUE, CZECH REPUBLIC

*One Step Further:
Towards Heart
Research*

Invitation

Dear Attendees,

We are glad to announce the World Heart Conference (WHC2018) be held in Prague, Czech Republic on November 05 and 06, 2018 organized by Innovation Info Conferences (IIC) in collaboration, cooperation and generous support from our enthusiastic academicians and Editorial Board Members.

WHC2018 will be available to discuss with you the latest issues and trends in unveiling the emerging research for delivering effective concepts on Cardiology and Heart - Surgery & Transplantation.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the World but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and personal interaction with industry leaders and experts.

Life is full of exchange of views, opinions and suggestions, make it count in your professional life too. Attend the WHC2018 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your dental department to the next level.

We look forward to personally welcoming you at Prague, November.

Sincerely,
WHC2018
Scientific Committee

Panel Discussion and Award Ceremony

About

PRAGUE

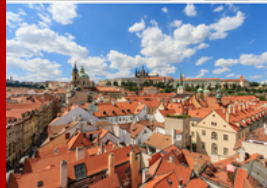

Prague (Praha) is a city set amid Romanesque and Gothic spires and towers also all sorts of baroque architecture. This city of a hundred spires is widespread with its history and culture. Countless have fallen in love with this city of fairy tales and made it their next home. Prague has plenty of hidden gems for the tourists to know midst its several winding streets, squares and alleys.

Located in the north-west of the country, on the Vltava River, Prague city is the capital and the largest city of the Czech Republic. This enchanted city of cathedrals, bridges, gold-tipped towers and church spires is also the 14th largest city in the European Union of Nations. Prague is home to about 1.3 million people, but its larger urban zone has approximately 2 million population. Since the times of Middle Ages Prague has valued its reputation as one of the most beautiful cities in the World and as the cultural, economic and political focal point of central Europe.

The main river is the Vltava River, which flows through the Prague city at 31 kms with the maximum width being 330 mts. There are countless islands on the banks of Vltava River such as the pleasant Kampa Island, the Slav Island near the National Theatre, or Children Island. These islands serve not only as a perfect get-a-way from the commotion of the city centre but are also mostly the sites of many cultural events. The people in Prague are welcoming and very hospitable and will assist you for getting around in Prague and to make your holiday enjoyable. It's a city full of wonders and one that the most adventurous travellers will appreciate.
