

Dermatology Essentials for Primary Care

The dermatology department and residency program are hosting a one-day conference aimed at covering dermatology topics pertinent to primary care physicians. Topics covered include those diagnoses or differentials frequently encountered by primary care, therapeutic regimens and newer medications to know about within the realm of dermatology, "hot topics" in the area of dermatology and faculty panels to address questions/cases.

The Dermatology Essentials for Primary Care | HealthPartners, conference will be held at Naegele Auditorium at Park Nicollet Clinic & Specialty Center - St. Louis Park, Minnesota on Friday May 17th.

Registration is open now to HealthPartners and Park Nicollet clinicians for \$250.

Hurry, space is limited!
