~ completion of the 25 Supervised Mammograms are NOT part of the 5 or 6 day course. See inside for information. ~

**97% Pass Rate
on Board exam**

Join us **in person** in • **Las Vegas • Milwaukee • Dallas**
or **stay home** and join the **WEBINAR** (5 dates in 2018).

Are you in need of 25 Supervised Mammograms?

MTMI/AQI has established a program where attendees may perform 25 supervised clinical exams to meet the MQSA requirement. In order to be eligible, attendees are required to complete the Initial Mammography Training course through MTMI/AQI. This is required by our partnering mammography facilities. The cost of 25 supervised mammograms is \$650. A \$100 non-refundable deposit is required.

Please contact Kathy at MTMI for more details and pre-approval at 616-901-6522.

Schedule

Day 1 - Monday - 7:30 am (registration) 8:00 am - 4:00 pm

*4:15 pm - 6:15 pm Hands-on Positioning session w/live models

- Introduction to Mammography
- Patient Care - education and assessment
- Anatomy and Physiology
- Basic Mammography Positioning
- Mammographic Screening Procedures
 - CC and MLO

Day 2 - Tuesday 8:00am - 4:00 pm

*4:15 pm - 6:15 pm Hands-on Positioning session w/live models

- Mammography Equipment Operation
 - design characteristics of mammography
 - equipment and technical factors
- Quality Control - Technologist Tests
 - general QC tests
 - phantom evaluation
- Mammography Quality Standard Act (MQSA)

Day 3 - Wednesday 8:00am - 4:00pm

*4:15 pm - 6:15 pm Hands-on Positioning session w/live models

- Breast Pathology
- Mammographic Positioning
 - additional views
 - breast implant imaging

Day 4 - Thursday 8:00am - 4:00pm

*4:15 pm - 6:15 pm Hands-on Positioning session w/live models

- Imaging Modalities
- Evaluation of Image Quality
- Digital Acquisition, Display and Informatics
- Mammographic Positioning
 - special needs imaging
- Breast Cancer Treatment Options

Day 5 - Friday 8:00am - 4:30pm

- Digital Receptors and Detector Terminology
 - how a digital image is created
 - digital quality control tests and procedures
- ARRT Mammography Registry Preparation

*** On-site students will attend ONE session of Hands-on Positioning. These sessions are for training purposes only. They do NOT count toward 25 supervised mammograms or any clinical requirements.**

*Day 6 - Digital Breast Tomosynthesis: Practical Application (optional) Saturday 8:30am - 4:30pm

- Intro to Digital Breast Tomosynthesis
- Theory of Tomosynthesis
- Quality Control
- Unit Implementation timeline
- Protocols
- Newly Released & Future
- System Design Parameters
- Personnel Training Required
- Reimbursement
- Manager's Dilemma
- Image Review

All Vendors Discussed:

- Hologic-Selenia Dimensions
- GE SenoClaire
- Siemens Mammomat Inspiration
- Fujifilm Aspire Cristalle

**You can choose any DBT day offered.*

It does not have to follow the course you have chosen.

~ schedule subject to change ~

Course Credit:

- **The Initial Training in Mammography** provides **40 hours of credit** and fulfills all requirements of the Mammography Quality Standard Act (MQSA) for initial mammography training. It also fulfills the **8 hours of credit** of digital mammography training required by MQSA before operating digital units.
- Day 6 - the **Digital Breast Tomosynthesis (DBT)** day provides **8 hours of credit** of DBT training which is required by MQSA before operating Hologic, GE, Siemens and Fujifilm DBT units.

About this Course

The focus of our 5 day course will include all MQSA mandated material as well as an emphasis on mammography registry review. This course will cover all ARRT mammography exam content specifications as well as serve as a review for the California state mammography exam. Our course will incorporate the MQSA requirement of 8 hours of digital mammography throughout the 5 days. Hands on positioning workshops for those who attend the **on-site programs** will allow attendees the opportunity to work one on one with instructors and models to practice and learn the basic mammographic screening procedures. The week concludes on Day 5 with a registry review in an interactive and fun learning style.

Attendees staying for a 6th day of instruction will receive 8 hours of Category A credit in Digital Breast Tomosynthesis training also required by the Mammography Quality Standards Act (MQSA) before performing Digital Breast Tomosynthesis exams on Hologic Selenia Dimensions, GE SenoClaire, Siemens Mammomat Inspiration and Fujifilm Aspire Cristalle.
