WELCOME NOTE

LETTER FROM THE CHAIRMAN

I am truly excited for ICCCE 2024
I always am.

Greetings from United Research Forum, UK

My warm thanks to the Director & CEO of United Research Forum Dr. Vanga, for the opportunity of welcoming and addressing you. It is an honor and privilege. I am grateful that we will gather on **August 16-17, 2024** in **Singapore** to exchange ideas on "ICCCE 2024". The conference will cover a wide spectrum of presentations related to "Exploring Current Developments and Applications in Chemistry and Chemical Engineering" It will feature internationally renowned speakers who will share, discuss, and dissect significant new developments and scientific advancements. They will also be sharing insights into cutting edge technologies that will impact the future of Research and Developments. So we are looking forward to a highly productive meeting of eminent materials science professionals from different countries around the world, I congratulate for your commitment, active participation and wish you all the success.

- Networking opportunity with eminent speakers and business professionals from world-wide
- Certificates of participation with CPD accredited
- Awards for Best Presentations
- Abstracts published in conference proceedings with ISBN and DOI
- Discounts on group booking

Sincerely,

Dr. Vanga

DISCOVER THE THINGS TO DO

Marina Bay Sands

Marina Bay Sands is the leading business, leisure and entertainment destination in Asia. The vision was to build an integrated development that is timeless, and a landmark that possesses a distinct identity which distinguishes Singapore from other cities.

Singapore Flyer

The Singapore Flyer is an observation wheel at the Downtown Core district of Singapore. Officially opened on 15 April 2008, it has 28 air-conditioned capsules, each able to accommodate 28 passengers, and incorporates a three-story terminal building

Merlion Park

Merlion Park is a famous Singapore landmark and a major tourist attraction, located at One Fullerton, Singapore, near the Central Business District (CBD). The Merlion is a mythical creature with a lion's head and the body of a fish that is widely used as a mascot and national personification of Singapore. Two Merlionstatues are located at the park.

China Town

Chinatown's maze of narrow roads includes Chinatown Food Street, with its restaurants serving traditional fare like Hainanese chicken rice, noodles and satay. Souvenir shops and indie boutiques dot the area, offering clothes, crafts and antiques, while Club Street is full of trendy wine bars.

Sentosa Island

Sentosa is an island resort off Singapore's southern coast, connected to the city by road, cable car, pedestrian boardwalk and monorail. By Sentosa Station, Tiger Sky Tower has panoramic views that can stretch as far as Indonesia. On the south coast, Palawan Beach is lined with food stalls and bars, and has a suspension bridge to a small offshore island.

Night Safari Singapore

The Night Safari, Singapore is the world's first nocturnal zoo located in Mandai, Singapore. One of the most popular tourist attractions in the country, it forms part of the Mandai Wildlife Reserve along with the River Wonders, Singapore Zoo and Jurong Bird Park

ABOUT URF

United Research Forum, London, UK is a platform where knowledge and zeal to meet with the vision of educating with the latest scientific and technology-specific innovations and the best implementations for mankind. Our dedicated team brings a wealth of experience in organizing international conferences and events. We are pleased to make the United Research Forum, a place for you to learn from the latest research and practice, to network with colleagues and making the conference a success, providing the opportunity via various forums, scientific events, and summit which connects the world.

We provide a platform to enhance the progress of Medical, Science and Technology globally. Our Conferences agenda is to provide an international exposure to Speakers, Delegates and Young Researchers through their research work and to enrich Scientific Community.

We sincerely dedicated to creating scientific platforms, networking, organizing summits, and publishing reviewed journals to meet the everyday emerging scientific requirements globally. Till now United Research Forum organized 70 webinars and 25 physical conferences across the world with eminent speakers and many students.

TESTIMONIALS

Radhwan Alzeebaree

Data Scientist, University of Cambridge, UK

Many thanks for the interesting online conference. Many Professors attained this conference from different places in the world. Many topics are submitted to the conference.

Sebastian Obeta

Data Scientist, University of Cambridge, UK

I had an awesome experience. The event was well planned, the reception I received from Mr Surendra was warm and pleasant. Always cheerful and willing to assist at every slight opportunity. Anna was spot on. I was looking forward to seeing her/him at the event. I don't know how Anna does it, all the question I asked received an answer in less than 1 minute even at odd times, when I am at a fixed. Well done team.

Sanja Seljan

Data Scientist, University of Cambridge, UK

It was really pleasure to participate on this conference! Great researches from various domains, wonderful intercultural communication and atmosphere... In Dubai - offering many opportunities for sightseeing, the center of research and innovation...

Shiema Adlan

Data Scientist, University of Cambridge, UK

It was a pleasure to get the opportunity in participating in this conference, it was a great professional experience for me.

Thanks to the organizing committee :

Mrs. Anna Mariya, for nominating me as a speaker and give me the chance to nominate other speakers from my connection. In addition to her support and prompt responses to our inquiries about the event.

Mrs. Sanja Seljan for organizing on the event efficiently in-person.

Mr. Surendra to organize and moderate the event efficiently and to ensure that the event environment is suitably prepared, so that the speakers can be successful in their presentations.

Vicky Ama

Data Scientist, University of Cambridge, UK

WE are very grateful for sharing our research. I am not dentist but clinical pathologist. It is a traversal science which Can help to understand the pathophysiology of diseases. So, it was a pleasure to contribute to the treatment if periodontitis and prevent cardiovascular évents in people with risk factors. Thank you very much and Big up to the organising team.

Osman Adiguzel

Retired Professor of Physics, Firat University, Elazig, Turkey

2nd International Conference on Chemistry Education and Catalysis was held online on August 30, 2021. I joined this important conference with a Keynote Speech, following a long communication journey. Conference program included 2 Keynote Speeches and 7 Speeches, but some of the speakers could not join due to internet problem. Over 35 participants followed the conference, Keynote Speeches delivered by the distinguished scholars and conference was ended successfully. I introduce my sincerely thanks to the Conference Committee and Conference Company, United Research Forum for their nice invitation. I hope COVID 19 will end shortly, and next conference can be held onsite, face to face. Also, thanks to the conference moderator.

Mohammad Ehtisham Khan

Data Scientist, University of Cambridge, UK

The conference was nicely arranged by the organizing committee members. Congratulations and best wishes for the upcoming events. 🌟

Otilia Manta

Data Scientist, University of Cambridge, UK

It was an honor and a real pleasure to be with the United Research Forum (URF) and the Mutah University team that organized the special event GCIH2022 in May 15-16, 2022 at Hotel Crowne Plaza DEAD SEA, JORDAN, which is why I thank Dr. Vanga's CEO, Prof. Elvessa Narvasa, the head of the committee. The HYBRID connection offered the possibility of a permanent interconnection bringing together experts both in person and online, creating opportunities in a single academic setting. "Nothing for us without us" and "Together we can be better for the good of all". Congratulations to the organizers of this special event and we wish you many future academic successes.

Hideyuki Kanematsu

Data Scientist, University of Cambridge, UK

I was invited to the conference and joined it without any background knowledges, but I was really much impressive about that the people involved were meticulous in their preparations and their care was well thought out. The chair and audience were also great! Thank you!!

waleed thanoon

Data Scientist, University of Cambridge, UK

I was very happy to participate in this conference, and it was my first experience to participate in such conferences with this good organization and wonderful direction. The conference carried new ideas and exchanged scientific information between researchers. I hope to participate in other conferences held and supervised by the organization

Windy Ayu

Data Scientist, University of Cambridge, UK

The great event for deliver your talks. Presenters come from different country that be additional value to build a worldwide connection. Also, the committee was nice, helpful, fast response.

Sajjad ahmad Tahir

Assistant Professor Zoology

Last week I had the opportunity to participate in the 2nd international conference on AI and data science organized by United Research Forum London, UK. The presenters and judging panel consisted of esteemed leaders and professionals from artificial intelligence.

Thanks to the scientific committee, Dr. Sanja Seljan and Dr. David Pastor Escuredo and the organizing committee, Anna Mariya, Diya Jessica and Mr. John Surendran.

I would like to express my special gratitude to Dr. Sanja Seljan for her insights and remarkable leadership throughout the conference.

A big thank you goes to Mr. John Surendran for the on-ground organization of the event. His services were fantastic. I was him running everywhere, like setting-up speaker presentations, event announcements, communication, arranging lunch and transportation. He developed a family-like relationship with the delegates, which was the great strength of the event.
