SOAP 45th Annual Meeting

“SOAP 2013: Global Perspectives”

April 24-28, 2013

Caribe Hilton Hotel ♦ San Juan, Puerto Rico

Jointly Sponsored by:

American Society of
Anesthesiologists

Come to the 2013 Annual Meeting in San Juan, Puerto Rico

Dear Friends,

On behalf of the SOAP Board of Directors and the SOAP 2013 Annual Meeting Program Committee we are thrilled to welcome you to beautiful sunny Puerto Rico. We are confident that you will find this year's meeting truly outstanding. Our theme, "Global Perspectives," is meant to provide us all with a broader view of maternal health. We are happy to welcome a variety of specialists, each sharing his or her own concept of maternal well-being. Our Gertie Marx/FAER lecturer Ndola Prata comes to us from the School of Public Health at University of California Berkeley where she serves as the Scientific Director in the Bixby Center for Population, Health and Sustainability. She will be speaking on maternal mortality in resource-poor settings. The obstetrician's perspective will be presented by Michael Greene, who has spoken at SOAP before – to rave reviews – and the cardiologist's, by Dennis McNamara, leader of the Peripartum Cardiomyopathy Network, acclaimed for his work in that area. We are especially pleased to welcome José Cordero to our meeting. Dr. Cordero, a former Assistant Surgeon General of the United States, and founding member and director of the Center for Disease Control and Prevention's National Center on Birth Defects and Developmental Disabilities, is a world-renowned expert on teratogenicity and birth defects. Quite fortunately for us, he lives here in Puerto Rico where he is Dean of the School of Public Health at the University of Puerto Rico. We are fortunate to have his neonatologist's viewpoint regarding the challenges of preterm births.

We also hope you will enjoy many venues that have become regular features at SOAP: the Gertie Marx competition, the Best Paper session, several oral abstract and poster review sessions, a Pro-Con, and the Research Hour. This year we welcome back the Breakfast with the Experts, moderated by former SOAP president David Wlody, and look forward to the Ostheimer and the Hehre lectures, which are always highlights of the Annual Meeting. We will offer two Clinical Fora this year: "Evolving Practices" and "Obstetric Emergencies," which will include a presentation on the maternal airway by Allan Klock, former president of the Society for Airway Management, and one of the leaders in our field regarding airway management. In keeping with our "Global" theme, the International Outreach Committee will take the stage for a panel discussion that

will emphasize the scientific approach to international outreach and outreach-related research.

Come early and attend our pre-meeting events. Jose Carvalho will continue to lead the popular ultrasound workshop, and Brendan Carvalho and John Sullivan are introducing a new transthoracic echocardiography workshop. Phil Hess will return with a Seminar, this year on preeclampsia. This meeting represents a historic first: Our meeting host Vilma Ortiz has organized a multinational pre-meeting symposium that will be delivered in Spanish. It will serve the important role of educational outreach from us at SOAP to our colleagues in much of our hemisphere. We are grateful to Dr. Ortiz for her vision and proud to partake with her in this endeavor.

We hope you will join us in Puerto Rico for the most exciting and innovative SOAP Annual Meeting to date!

Sincerely,

Barbara M. Scavone, M.D.

SOAP is Going Paperless!

The 45th Annual SOAP Meeting will be paperless

Printed documents will not be available at the meeting. Documents will be available on the website should you wish to print them beforehand or to download them to an iPad or other tablet device before the meeting. The complete conference documents will also be available via a flash drive that will be distributed to you at the meeting.

Making a meeting paperless yields the benefit of considerably reducing the cost and the carbon footprint of the meeting. A paperless meeting also makes it easier for meeting participants to locate and store documents and allows for faster preparation and distribution of conference materials.

To facilitate the paperless meeting, meeting attendees are requested to follow these suggestions:

- Meeting participants should bring their own computing devices – extra computers are not available for use during the meeting. Questions concerning rental of any computer equipment may be directed to the Hotel Caribe Hilton AV department. The Caribe Hilton also has a business center for printing documents.
- Wireless internet is NOT available in the meeting rooms, but is available in guest rooms and in other hotel locations. Power sources (power strips) will NOT be available in the meeting rooms. Please be sure your portable devices are fully charged before coming to the meeting, or print your documents in advance of the meeting.
- Each meeting participant should include a current e-mail address when completing the meeting registration form in order to be able to receive correspondence about the meeting materials.

Program Information

Mission Statement

The Society for Obstetric Anesthesia and Perinatology (SOAP) was founded in 1968 to provide a forum for discussion of problems unique to the peripartum period. SOAP is comprised of anesthesiologists, obstetricians, pediatricians, and basic scientists who share an interest in the care of the pregnant patient and the newborn.

The mission of this Society is to improve the pregnancy-related outcomes of women and neonates through the support of obstetric anesthesiology research, the provision of education to its members, other providers, and pregnant women, and the promotion of excellence in clinical anesthetic care.

A membership in SOAP is an opportunity to meet people who share your interests, and to stimulate improvements in health care for pregnant patients.

Accreditation and Designation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 30.25 *AMA PRA Category 1 Credit(s)*[™]. *Physicians should claim only the credit commensurate with the extent of their participation in the activity.

*This amount includes the optional Pre-Meeting Workshops and Breakfast with the Experts.

Target Audience

The SOAP 45th Annual Meeting is intended for anesthesiologists, obstetricians, neonatologists, obstetric medicine specialists, maternal-fetal medicine specialists, residents, fellows and medical students. The Society supports the attendance by associate members in the educational sessions of the annual meeting. The program is generated from member requests and an assessment of need by the Program Committee. Attendance at this meeting does not guarantee competency or proficiency in the performance of any procedures which may be discussed or taught during the course.

Mission of SOAP Program Committee

The mission of the Society's Program Committee is to provide anesthesiologists, obstetricians, and other physicians and members of related allied health specialties with the knowledge that will reinforce past learning as well as disseminate new concepts, practices, and skills involving anesthesia and analgesia for the pregnant woman.

Participation in the SOAP 45th Annual Meeting

Attendance shall be open to all health practitioners, provided that they have registered for the meeting. CME credit will only be offered to M.D.s, D.O.s or equivalent. A completed Physician Verification of Attendance form must be turned in to SOAP at the conclusion of the meeting. The form will be available on-site.

Educational Format

CME activities may include the following formats: plenary sessions, debates, lectures, poster discussions, oral abstracts, problem-based learning, and skill-set workshops.

Annual Meeting Objectives

At the completion of this conference the participants should be able to:

1. Formulate comprehensive care plans for parturients with suspected placenta accreta, peripartum cardiomyopathy, and severe preeclampsia and provide evidence-based care for patients undergoing external cephalic version;
2. Manage the maternal airway;
3. Respond to maternal cardiopulmonary arrest in accordance with national guidelines and expert opinion;
4. Formulate appropriate anesthetic care plans for management of complex, high-risk, and/or rare clinical cases;
5. Identify, discuss and critically evaluate current and recent peer-reviewed research related to obstetric anesthesia, obstetrics, perinatology, and allied medical disciplines;
6. Design and implement research investigations related to obstetric anesthesia, obstetrics, perinatology, and allied medical disciplines that are built upon the foundations of current and recent research investigations;
7. Compare recent findings related to obstetric anesthesia to the prevailing standard of care, and adjust patient care plans accordingly;
8. Recognize factors related to academic success in obstetric anesthesia and apply that to career development;
9. Explain barriers to maternal and neonatal health in resource-poor settings;
10. Provide international outreach in the field of obstetric anesthesia in resource-poor settings;
11. Perform scientific evaluation of international outreach efforts as they relate to obstetric anesthesia.

Special Needs Statement

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology are committed to making its activities accessible to all individuals and fully comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you are in need of an accommodation, please do not hesitate to call the SOAP office at (847) 825-6472 and/or submit a description of your needs in writing to soap@asahq.org.

Commercial Support Acknowledgement

This CME activity is supported by educational grants. A complete list of supporters will be published in the course syllabus.

Disclosure

The American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology adhere to ACCME Criteria, Standards, and Policies regarding industry support of continuing medical education. Disclosure of the Planning Committee and faculty's commercial relationships will be made known at the activity.

Resolution of Conflicts of Interest

In accordance with the ACCME Standards for Commercial Support of CME, the American Society of Anesthesiologists and the Society for Obstetric Anesthesia and Perinatology will implement mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

Session Descriptions

Oral and Poster Sessions:

Oral Session I

These are our first oral presentations, a sampling of peer-reviewed scientific research related to obstetric anesthesia, followed by a question and answer session.

Oral Session II

Oral presentations of peer-reviewed scientific research related to obstetric anesthesia continue in this second session. A short question and answer period follows.

Poster Session I

This is the first review of the posters. The moderator will highlight several poster presentations of peer-reviewed scientific research.

Poster Session II

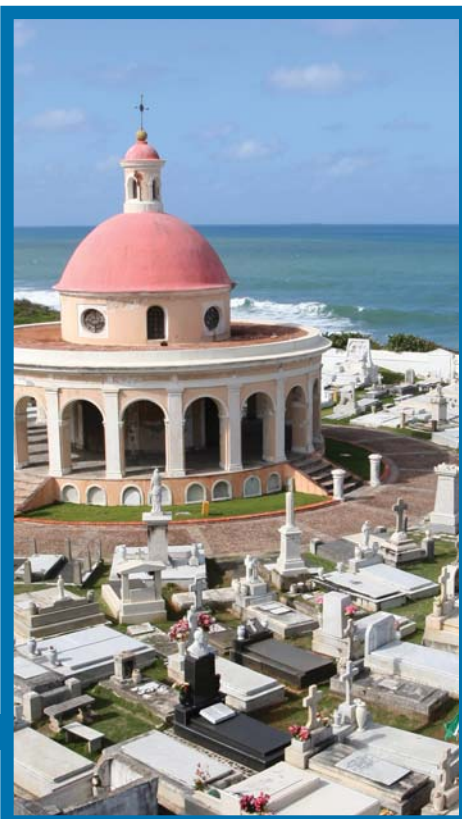

We continue our review of the posters, in which the moderator chooses those poster presentations for discussion that he finds most intriguing.

Poster Session III

Our final poster review. We wrap up discussion of the research poster presentations.

Poster Walk Arounds

During breaks between main sessions, senior SOAP faculty will moderate interactive discussions with the presenting authors of five select abstracts from each session at their posters.

General Session/Other:

Gertie Marx Competition

In memory of Gertie Marx, this session is a presentation obstetric anesthesia research judged by peers as the best quality research done by medical students, residents, and fellows, moderated by a leader in the field. This is a judged competition.

Gertie Marx/FAER

Don't miss the keynote lecture of SOAP 2013: Global Perspectives, Maternal Mortality in Resource-Poor Settings. Ndola Prata will give us the epidemiologist's perspective of maternal health. She comes to us from the School of Public Health at University of California Berkeley where she serves as the Scientific Director in the Bixby Center for Population, Health and Sustainability.

Clinical Forum I

The panel will discuss evolving practices in obstetric anesthesia, with a focus on areas where management is controversial. Joy Hawkins will begin with a thoughtful discussion of a more balanced view of general anesthesia for cesarean delivery. Carolyn Weiniger will bring us up to date on analgesia for external cephalic version and Ashley Tonindandel will tackle the pros and cons of internal iliac artery balloon occlusion for placenta accreta. The panelists will end by taking questions from the audience.

Best Paper Session

Presentation of obstetric anesthesia research judged by peers as the best quality research currently taking place, moderated by a leader in the field. A question and answer period will be included. This is a judged competition.

What's New in OB?

We welcome back Dr. Michael Greene, who offers the obstetrician's perspective as he brings us up to date on current issues and future directions in obstetrics.

What's New in OB Medicine?

We are lucky to have been able to coax Dr. Dennis McNamara to our meeting to present the cardiologist's perspective on peripartum cardiomyopathy. A leader in the field, he heads the national Peripartum Cardiomyopathy Network.

Case Report Review

You did what?! Join us for this presentation of the anesthetic management of complex, high risk, and/or rare clinical cases, moderated by the always-entertaining Bob Gaiser.

Special Lecture

We are thrilled to welcome Jose Cordero from the University of Puerto Rico, a world-renowned expert on teratogenicity and birth defects, former Assistant Surgeon General of the United States, and founding member and director of the Center for Disease Control and Prevention's National Center on Birth Defects and Developmental Disabilities to SOAP 2013: Global Perspectives. He will present the neonatologist's viewpoint regarding the challenges of preterm births.

Ostheimer/What's New in OB Anesthesia?

Always a highlight of the meeting, the Gerard Ostheimer lecture is a review of important, relevant, and/or practice-changing literature related to obstetric anesthesia, obstetrics, perinatology, and allied medical disciplines that was published in calendar year 2012. This presentation will bring you up to date on the latest evidence-based advances in the anesthetic management of pregnant women.

Hehre

This is an honorary lecture, in memory of Fred Hehre, and awarded to that person judged by his peers to have made significant contributions to the field of obstetric anesthesia. Richard Smiley brings passion to bear, as he provides us with an understanding of factors that contribute to success in an academic obstetric anesthesia career.

International Outreach Committee Panel

Continuing our global theme, the International Outreach Committee panel will emphasize the scientific approach to international outreach and outreach-related research.

Research Hour

Join us for this thoughtful discussion of epidural fever: what we know, what we don't know, and what we wish we knew.

Pro-Con

General anesthesia is the technique of choice for suspected placenta accreta. Or is it? Watch this lively debate and decide!

Clinical Forum II

An obstetric anesthesia meeting is not complete without a discussion of the emergencies we come across too often. We welcome Allan Klock from the University of Chicago, former president of the Society for Airway Management, who will enlighten us concerning the maternal airway. Sharon Einav follows with a presentation on maternal cardiopulmonary arrest.

Special Sessions

Pre-Meeting Workshops and Seminar

Ultrasound Workshop (limit 32 attendees per session)

additional fee: \$295

2 Session Offerings

- Wednesday, April 24, 2013, 8:00 a.m. – 12:00 p.m.
- Wednesday, April 24, 2013, 1:00 – 5:00 p.m.

Course Director: Jose C.A. Carvalho, M.D., Ph.D., FANZCA, FRCPC

Our popular ultrasound workshop is back! This session consists of four mini-lectures and hands-on experience with human volunteers to give the participant the necessary practical skills for the use of ultrasound for vascular access, transverse abdominis plane blocks and gastric assessment.

Transthoracic Echocardiography Workshop

(limit 24 attendees per session)

additional fee: \$295

2 Session Offerings

- Wednesday, April 24, 2013, 8:00 a.m. – 12:00 p.m.
- Wednesday, April 24, 2013, 1:00 – 5:00 p.m.

Course Directors: Brendan Carvalho, M.B.B.Ch., FRCA, M.D.C.H.; John T. Sullivan, M.D., M.B.A

New this year! Specifically tailored to the anesthesiologist with little or no prior experience, this workshop consists of a short didactic session followed by a hands-on workshop with volunteers to familiarize the participant with the use of bedside transthoracic echocardiography to assess volume status and cardiac function.

Seminar on Preeclampsia:

Nuts and Bolts to Cutting Edge (limit 100 attendees)

additional fee: \$120

- Wednesday, April 24, 2013, 1:00 – 5:00 p.m.

Course Director: Philip E. Hess, M.D.

A comprehensive review of preeclampsia, this seminar includes discussions of etiology, pathophysiology, consequences, and anesthetic implications of the disease. We will also present a discussion of past, current and future research so that the participant will be truly cutting-edge. The session ends with an interactive case panel that promises lively discussion.

Additional Session

Breakfast with the Experts (limit 100 attendees)

additional fee: \$95

- Saturday, April 27, 2013, 7:00 – 8:00 a.m.

Participants will be provided with the details of a parturient with pre-existing comorbidities, complications of pregnancy and delivery, and/or complications of their anesthetic procedure. They will be expected to review the pertinent literature and be prepared to discuss their proposed management plan. The discussion will be supervised by a recognized expert in obstetric anesthesiology, but the emphasis of this activity will be on the contributions provided by the registered participants.

Tour #1: Fortaleza Tour combined with Old San Juan Tour

Cost: \$55.00 per person

Age Limit: Under18 must be accompanied by an adult

Includes: Round trip transportation, guided tour inside Mansion and Gardens and Step Aboard guide
Attire: Shorts, t-shirt, hat, tennis shoes, and sunscreen.

Get a chance to visit one of the oldest "Little Castles" in the New World. It is considered Puerto Rico's White House, the official residence of the Governor and his family. It was built between 1533 and 1540 to defend the harbor of San Juan. The structure is also known as Palacio de Santa Catalina (Santa Catalina's Palace). At present, the complex consists of a few attached buildings with formal living quarters in the second floor, and private quarters in the third. It overlooks the high city walls that front the bay, and within the north perimeter of the house are sheltered gardens and a swimming pool.

We've designed this tour for culture and history enthusiasts who like to get up close to the sites and examine the past first-hand. Knowledgeable step-aboard guides will take your party to Old San Juan- the oldest city in the U.S. Stroll through Old Spanish cathedrals and forts such as San Cristobal, where you will see and learn how the Spanish built and defended their city.

Tour #2: El Yunque

Rainforest Walking Tour

Cost: \$65.00 per person

Must be able to walk for 1 hour approximately

Age Limit: under18 must be accompanied by an adult

Includes: Round trip transportation and step aboard guide
Attire: Comfortable clothing, walking shoes, and sunscreen.

Named after the good Indian spirit, Yuquiyú, and shelter to the Carib Indians for 200 years, El Yunque is the only tropical rainforest in the U.S. National Forest System. Spanning 28,000 acres and reaching an elevation of 3,624 feet, the area receives over 100 billion gallons of rainfall each year. In El Yunque you will see many unique sights and hear many unique sounds unsurpassed by any of the natural wonders. Breathtaking views of feathery ferns, thick ropelike vines, white tuberose, ginger, miniature orchids and some 240 different species of trees are in abundance throughout the area. Home to the Puerto Rican parrot, El Yunque is also a bird sanctuary and you can hear the wondrous strains of these birds harmonizing with the tiny, inch-long coqui's prevalent to Puerto Rico. Splashing falls and cool shaded pools complement the total enhancement of the forest. For groups who like to include a relaxing stroll along with their ride, we will provide knowledgeable step-aboard guides and staff, who will take your party on a scenic 30 to 45 minute walk along one of many trails, while pointing out the splendor of the surroundings for photo opportunities or just pure enjoyment. Please wear tennis shoes or hiking boots. Don't forget to bring along a towel and an extra T-shirt.

Excursion Details

Coffee Seminar and Tasting *(included in your guest registration fee)*

It may not be as famous as its Colombian cousin, but Puerto Rico has enjoyed a long association with coffee. The bean came to the island in the 1700s and quickly became its principal export.

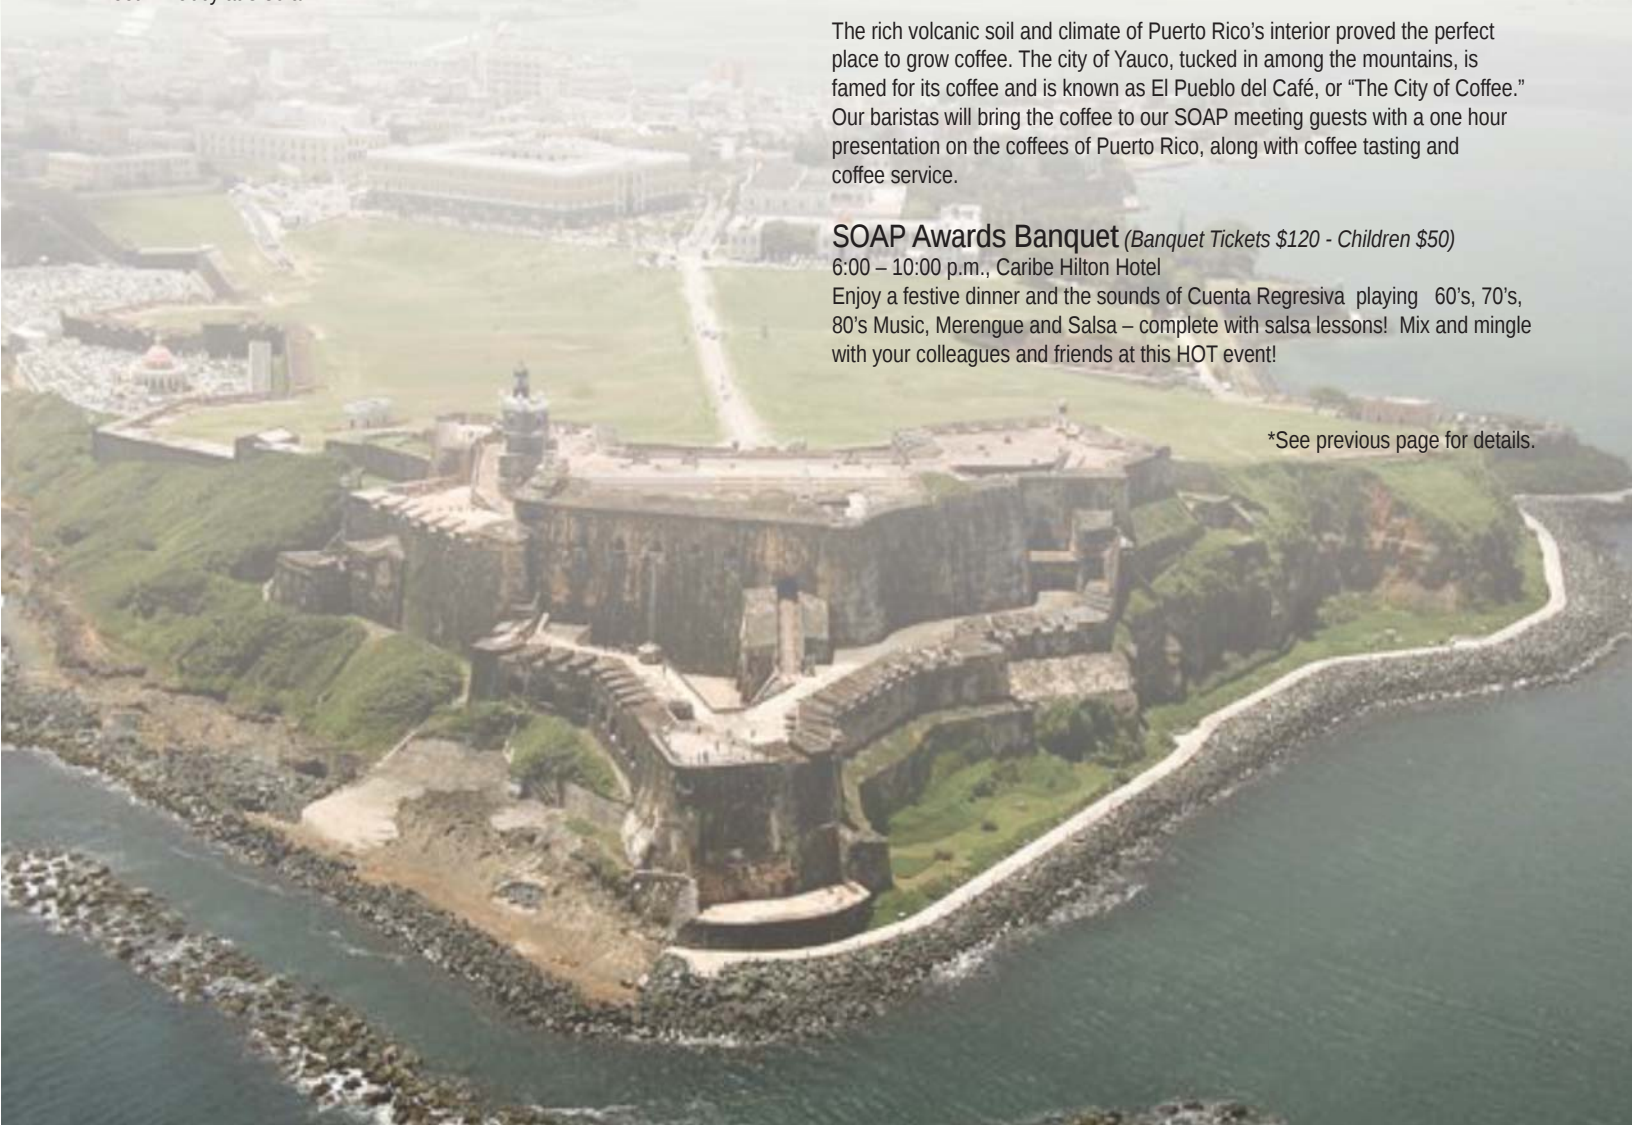

The rich volcanic soil and climate of Puerto Rico's interior proved the perfect place to grow coffee. The city of Yauco, tucked in among the mountains, is famed for its coffee and is known as El Pueblo del Café, or "The City of Coffee." Our baristas will bring the coffee to our SOAP meeting guests with a one hour presentation on the coffees of Puerto Rico, along with coffee tasting and coffee service.

SOAP Awards Banquet *(Banquet Tickets \$120 - Children \$50)*

6:00 – 10:00 p.m., Caribe Hilton Hotel
