Preliminary Program

The New York State Pain Society
Annual Meeting & Scientific Sessions

April 19-21, 2013 The Renaissance Westchester Hotel
West Harrison, New York

Jointly Sponsored by
The New York State Pain Society
& The Academy of Medicine of
Queens County

You're invited ...to the Scientific Sessions

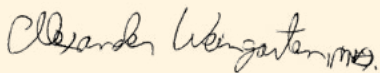

We want to welcome you to join us for this educational program that highlights advanced treatment options for pain and also provides a forum for the non-specialist to learn about pain management. You will be introduced to the rapidly expanding field of diagnosis, treatment, and cures. Our faculty consists of highly qualified pain management specialists selected for their excellent teaching skills, approachability and insight to help you build your core knowledge, performance and comprehensive practice in pain management.

By means of didactic sessions and distinguished guest lectures, you will be carefully guided through the complexities of this critically important medical discipline that affects many of our patients, families, neighbors, and friends.

The Annual Meeting and Scientific Sessions are carefully designed for both practicing physicians and healthcare professionals. We have joint sessions and parallel tracks designed to address specific issues facing the team of experts in your medical practice. We welcome physicians, physician assistants, therapists, pharmacists, nurses, and complementary medicine specialists to join us - come for the day or the weekend - whatever suits your professional goals!

....to West Harrison, Westchester County, New York

It is a pleasure to host the Annual Meeting and Scientific Sessions in West Harrison, New York, April 19-21, 2013. The Renaissance Westchester Hotel was chosen as our meeting venue not only for its proximity to New York City and accessibility from our colleagues in the northern cities in our great state, but also for its elegant yet affordable accommodations. We too are making history by founding The New York State Pain Society and are delighted to welcome you to the meeting!

PURPOSE

The purpose of this program is to educate physicians and healthcare practitioners in evolving advanced acute and chronic pain management and provide a forum for participants to gain valuable understanding in evidenced based techniques, treatments, and solutions for patients suffering from acute and/or chronic pain.

THE NEW YORK STATE PAIN SOCIETY – EDUCATIONAL OBJECTIVES

At the end of this program, Participants should be able to:

- Identify risk factors associated with the initiation or maintenance of chronic opioid therapy.
- Provide decision-making strategies that consider non-opioid pharmacologic and non-pharmacologic strategies for management of chronic pain.
- Apply evidence-based strategies to clinical practice for managing complex patients with chronic pain.
- Formulate patient opioid treatment agreements.
- Identify addiction-risk patients on opioid therapy and implement a termination of opioid therapy regimen where appropriate.
- Employ key diagnostic and treatment techniques for the management of pain.
- Address common clinical challenges in the management of acute and chronic pain.
- Promote appropriate and safe opioid usage in patients.
- Evaluate and debate new trends, techniques, therapies, and diagnostic procedures.
- Increase collaboration between pain specialists and primary care clinicians.
- Improve quality of life for patients suffering from acute or chronic pain.
- Assemble a valuable network of colleagues active in the field of pain medicine.
